ACKNOWLEDGEMENTS

Dear Network,

Below you may find the minutes of Autumn Agora Online 2024.

These minutes would not have been possible without the invaluable contribution of David Mediavilla Aller who dedicated immense effort and time into typing the pages you can see below. We are really grateful for the support, the precision and continuous motivation that David brought to this process.

Chair-fully,
Aleksander Zięba and Martyna Zapalska
Chairpersons of Autumn Agora Online 2024

Chair Team of Autumn Agora Online 2024

Chairperson: Martyna Zapalska
Vice-Chairperson: Aleksander Zięba

Job Shadowers: David Alfonso Mediavilla Aller, Geert Touw

OPENING PLENARY, 31ST OF OCTOBER 2024

Chair: *Martyna Zapalska, Aleksander Zięba*
Secretary: *David Mediavilla Aller*
Juridical Commission: *Zofia Wójcicka*

Plenary starts at 17:00 CET.

Words of welcome Chairperson

*Words of welcome by **Martyna Zapalska, Chair**.*

Words of welcome President of AEGEE-Europe

*Words of welcome by **Leon Vreling, Comité Directeur**.*

Statement of principles

The video with the statement of principles is played.

Presentation of the procedures of the Agora

*Presentation by **Martyna Zapalska, Chair**.*

No questions.

*Explanation of the roll call by **Martyna Zapalska, Chair**.*

Martyna Zapalska, Chair: I see a question in the chat. Yes, Jippe.

Jippe Heijnen, AEGEE-Utrecht: I would like to request a change to the Working Format. One of our delegates is unable to attend all the plenaries and prytania. We would like to substitute one of our delegates with someone else.
Martyna Zapalska, Chair: It is not the time for it. We are doing the roll call right now. We will ask for the delegates and envoys exceptions after presenting the agenda of the Agora.
Jippe Heijnen, AEGEE-Utrecht: Thank you.
Martyna Zapalska, Chair: As I mentioned, we will now have the roll call. Locals will be called one by one.

Roll Call

AEGEE-Aachen, AEGEE-Amsterdam, AEGEE-Ankara, AEGEE-Antalya, AEGEE-Bamberg, AEGEE-Barcelona, AEGEE-Bergamo, AEGEE-Berlin, AEGEE-Bilbao, AEGEE-Brno, AEGEE-Brussel-Bruxelles, AEGEE-Bucureşti, AEGEE-Budapest, AEGEE-Catania, AEGEE-Delft, AEGEE-Dresden, AEGEE-Eindhoven, AEGEE-Enschede, AEGEE-Erfurt, AEGEE-Eskişehir, AEGEE-Groningen, AEGEE-Heidelberg, AEGEE-İstanbul, AEGEE-İzmir, AEGEE-Kraków, AEGEE-Leiden, AEGEE-León, AEGEE-London, AEGEE-Mannheim, AEGEE-Moskva, AEGEE-München, AEGEE-Nijmegen, AEGEE-Niš, AEGEE-Novi Sad, AEGEE-Oviedo, AEGEE-Passau, AEGEE-Poznań, AEGEE-Praha, AEGEE-Salerno, AEGEE-Sofia, AEGEE-Stuttgart, AEGEE-Tartu, AEGEE-Torino, AEGEE-Treviso, AEGEE-Udine, AEGEE-Utrecht, AEGEE-Valladolid, AEGEE-Warszawa, Veszprém.

Opening of the Agora

***Martyna Zapalska**, **Chairperson of the Agora,** officially opens the Autumn Agora Online 2024.*

Martyna Zapalska, Chair: You can react. There's an objection in the chat. Yes, Timo?

Timo Haarman, AEGEE-Brno: I just have a question here mostly, but I put it as an objection because I would like to know if the quorum has been reached. And, I would like to ask that to the Juridical Commission.
Zofia Wójcicka, Juridical Commission: Yes, the quorum has been reached. Thank you.
Martyna Zapalska, Chair: Okay, I think that answers the question from Timo. Then we move on to the next item on the agenda which is the ratification of the Interim Vice-Chairperson.

Ratification of Interim Vice-Chairperson

Martyna Zapalska, Chair: As you may be aware, in the last Online Autumn Agora, I was the only elected Chairperson and therefore there was an open call for the position of Vice-Chairperson for this Agora. There was one application from Aleksander Zięba, who was appointed Interim Vice-Chairperson. Are there any objections to ratify Aleksander as the Vice-Chairperson of Autumn Agora Online 2024 by acclamation?

No objections.

Martyna Zapalska, Chair: Okay I see no objections to ratify by acclamation. Therefore delegates, please, ratify.

Agora ratifies Aleksander Zięba as Vice-Chairperson of the Agora by acclamation.

Martyna Zapalska, Chair: With that we move on to the next item on the Agenda which is the presentation of the agenda. And with that I give the word to Aleksander.

Presentation of the agenda

*Presentation by **Aleksander Zięba, Chair**.*

Aleksander Zięba, Chair: Are there any questions to the agenda that has just been presented? I can see one question.

Jippe Heijnen, AEGEE-Utrecht: As you already know because I tried a few minutes ago, we would like to request a change to the Working Format because one of our delegates is indisposed and we would like to substitute him with one of our Board members.
Aleksander Zięba, Chair: Okay, this is still not the right time to do so because we are still on the agenda. We will do it after the agenda so we will...
Jippe Heijnen, AEGEE-Utrecht: When should I ask for it then?
Aleksander Zięba, Chair: In two minutes. I will let you know when it is the time, okay?
Jippe Heijnen, AEGEE-Utrecht: Thank you very much.
Aleksander Zięba, Chair: Okay, if there are no questions, as far as I know there will be some requests to change the agenda. Are there any requests to the Working Format of the Agora to change the agenda, add an item or change? We have two. We will start with Leon.

Exceptions to the Working Format of the Agora - additions to the agenda

Leon Vreling, Comité Directeur:

> Adding a point to the schedule to present the Interim Action Agenda Fulfilment 2024-2025.
>
> <u>Motivation</u>
>
> As per our CIA, under "Strategic Plan and Action Agenda", article 3 point 3, "The Comité Directeur, supported by the Strategy Committee, presents an interim evaluation of the Action Agenda to every Agora following its approval, until it expires." Sadly, we were not on time to notice that we had not yet requested to this point.
>
> <u>Text of the motion</u>
>
> We call upon the Agora,
>
> To add a point to the schedule to present the Interim Action Agenda Fulfilment

2024-2025.

Aleksander Zięba, Chair: Okay Leon, thank you. This request will be put upon for the voting. Then we also have Jan. I will please ask to unmute Jan.

Jan Jankowski, Comité Directeur:

Adding a point to the schedule to discuss the organisational motion "Suspending events, projects, activities, and case study trips in Russia and Belarus".

Motivation

-

Text of the motion

We call upon the Agora,

To add a point to the schedule to discuss the organisational motion "Suspending events, projects, activities, and case study trips in Russia and Belarus".

Aleksander Zięba, Chair: Okay, those have been the two requests. I also see Teddy. I please ask to unmute Teddy as well.

Teddy van Amelsvoort, Human Resources Committee: I have a question for JC based on the presentation of Jan. Adding a motion, an organisational motion, doesn't that require like a different exception? Or am I mistaken?

Aleksander Zięba, Chair: Zofia, please.

Zofia Wójcicka, Juridical Commission: It needs an exception to add a topic to the agenda. This kind of exception has a different majority. Does it answer your question?

Teddy van Amelsvoort, Human Resources Committee: I think yes, but I'm also very curious to hear what Timo says. I think the confusion for me arrives due to not having a clear exception granted in the motivation. On which article is actually referring to.

Aleksander Zięba, Chair: There is also a direct from Timo. I please ask to unmute Timo.

Timo Haarman, AEGEE-Brno: I'm also a bit confused at the moment. So there was not an organisational motion submitted for suspending events, projects, activities and case study trips in Russia and Belarus? Can you first clarify that to me? Just to be sure.

Martyna Zapalska, Chair: Yes Timo, from Chair Team side an organisational motion was not submitted within the month before the Agora deadline.

Timo Haarman, AEGEE-Brno: Okay, so then my follow-up to that would actually be: then, if you would like to still discuss this as an organisational motion I believe that we should actually follow considering this as an organisational motion in general, but I'm also looking at JC for that to clarify. That is, I think, what causes the confusion, because indeed the procedural motion can be just added or like discussing a topic can be just added to the agenda, but in this case if you want to add an organisational motion, discuss that again at this Agora, then I think it requires some other procedures.

Aleksander Zięba, Chair: I will allow for quick, but quick, direct from Jan.
Jan Jankowski, Comité Directeur: My only point was to as well add that we did not manage to add the organisational motion in the one month deadline before the Agora and that's why after discussions internally with JC we went with this way, but we need to add the procedural motion and then add the organisational motion. So that's why we presented it this way.
Timo Haarman, AEGEE-Brno: Okay, clear, thank you.

Martyna Zapalska, Chair: I think we don't have any more questions to this point or are there any following questions to this point? Okay, I see no other questions. Then we will go back to Teddy's request for the changes in the agenda. One second, we will put that on the screen. We will follow with that.

Teddy van Amelsvoort, Human Resources Committee:

> Exception to the Working Format of the Agora to Article 9 of the WFA to open the candidate list for all Agora elected positions.
> By Teddy van Amelsvoort on behalf of the Human Resources Committee
> <u>Motivation</u>
> Dear Agora,
> A majority of the Agora-elected positions did not reach the number of candidates for the positions available.
> We do not consider it optimal that a lot of positions are unfulfilled. Therefore, we would like to ask for an exception to the Working Format of the Agora to reopen the candidate list for all positions.
> We urge those at the Agora to consider stepping up and filling one of the vacant positions. Try to seize the opportunity if you possess the motivation and willingness to learn and drive positive change within our association. Or perhaps you know someone who would excel in a position who you can reach out to. You can be the one taking them to this next step in their (AEGEE) career.

No questions.

Martyna Zapalska, Chair: Those were the additions to the agenda. Apologies from our side. We overlooked ratifying the proposed agenda so please if you agree with the proposed agenda, so the one that you saw in the file, without the additions that were just mentioned, please, then we will ratify it now. Are there any objections to ratify by acclamation? I see no objections. There is one objection from Jippe. Jippe, please, state your objection.

Jippe Heijnen, AEGEE-Utrecht: Once again, it's still unclear to me when I should request the change to the Working Format.
Martyna Zapalska, Chair: We will ask for exceptions regarding delegates and envoys. When you hear the words 'now we are asking for delegates and envoys exceptions', that's when you will speak up, and I don't believe that's an objection to ratifying the agenda by acclamation.
Jippe Heijnen, AEGEE-Utrecht: Yes, sorry.

Ratification of the proposed agenda

Martyna Zapalska, Chair: Okay, are there any objections to ratify the proposed agenda by acclamation?

No objections.

Martyna Zapalska, Chair: I see no objections. Then Agora, please ratify.

Agora ratifies the proposed agenda by acclamation.

Martyna Zapalska, Chair: The agenda has been ratified. Now we are asking for exceptions for delegates and envoys. If you have any exceptions regarding delegates or envoys please state in the chat right now. I see two, one from Iulia and one from Jippe. We will start with Iulia and then we will follow with Jippe.

Exceptions to the Working Format of the Agora - changes to the list of participants

Iulia-Ana-Maria Simion, Network Commission: I would like to request an exception for a delegate for Athina, Koralia Koniordou. For Thessaloníki, pardon me.
Martyna Zapalska, Chair: Okay, thank you. Please write the name and the Local in the chat so that JC will be able to have the correct name put in the system later on. And then I ask Jippe from AEGEE-Utrecht to state the exception.

Jippe Heijnen, AEGEE-Utrecht: Yes. So as you already know I would like to request an exception because one of our delegates, Sjoerd Noordhoek, is indisposed and we would like to substitute him for one of our board members.
Martyna Zapalska, Chair: Okay, same as with Iulia, please, write the name of the delegate that will be replaced and the one that will become the new delegate in the chat so that JC can put it in the system. And again, same goes for Iulia, thank you Iulia. That

concludes exceptions to the Working Format of the Agora and we will go to Zofia now that will present the results of the Pre-Agora voting.

Announcement of Pre-Agora voting results

*Presentation by **Zofia Wójcicka, Juridical Commission**.*
[Details of the Pre-Agora voting results can be found here]

Proposals:
Quorum required: 50% of AEGEE-Europe's Antennae
No quorum reached.

Pre-Agora Voting: Proposal to raise the maximum height of membership fees
Hypothetical result: accepted

Pre-Agora Voting: Specifying the membership list procedure deadline
Hypothetical result: rejected

Pre-Agora Voting: Enabling the hiring of a professional Secretary General
Hypothetical result: accepted

Pre-Agora Voting: Adding the communication criterion to the Antennae Criteria of Contact Antennae
Hypothetical result: accepted

Pre-Agora Voting: Making the Policy Office an Organ of AEGEE-Europe
Hypothetical result: rejected

Pre-Agora Voting: Fixing inconsistencies in the CIA regarding the Summer University
Hypothetical result: accepted

Amendments to the proposals submitted before the start of the Agora

Amendment 1: Enabling the hiring of a professional Secretary General article 3 of the Working Format of the Agora.
*Amendment by **Lina Mol, Edelweiss Juliea** and **Richard Petrasch, AEGEE-Eindhoven**:*

Proposal before amendment:
(...) 15The hosting Local selected by the Agora is obliged to present a progress report during the next Agora.~~ 16AEGEE-Europe gives a deficit guarantee as specified in article 30 of the Financial Rules.~~

(...)
(3) 1Exceptions to sub-article 2 are only possible after approval by the Comité Directeur taking under consideration the advice from the Secretary General on this matter. 2The organising AEGEE Local must show ~~the Financial Director that it will not rely on the deficit guarantee when balancing their budget in order to guarantee~~ the financial viability of the event, ~~but~~ and must prove adequate sources of external funding to cover all costs incurred in the budget.

Amendment (written in **bold**):
(...) 15The hosting Local selected by the Agora is obliged to present a progress report during the next Agora. **16AEGEE-Europe gives a deficit guarantee as specified in article 30 of the Financial Rules.**
(...)
(3) 1Exceptions to sub-article 2 are only possible after approval by the Comité Directeur taking under consideration the advice from the Secretary General on this matter. 2The organising AEGEE Local must show **the Financial Director that it will not rely on the deficit guarantee when balancing their budget in order to guarantee** the financial viability of the event, **but** ~~**and**~~ must prove adequate sources of external funding to cover all costs incurred in the budget.

Zofia Wójcicka, Juridical Commission: This is inadmissible because the important thing to know is that the reference to article 30 of the Financial Rules is no longer about deficit guarantee. It is about AEGEE Social Responsibility Fund. It was changed by the proposal but this proposal hasn't changed the referrals to this article. That's why we have some inconsistencies. Proposers want to change it and just cross it out. So when the amendment says that they want to leave empty referral, it means that they want to leave the inconsistency in the CIA, and one of the things why we can say that something is inadmissible is when it makes the CIA have some inconsistencies. So by not crossing out the reference, the amended text makes it inconsistent. That's why it is inadmissible.

Amendment 2: Enabling the hiring of a professional Secretary General article 6 of the Working format of the European Planning Meeting.
Amendment by ***Lina Mol, Edelweiss Juliea*** *and* ***Richard Petrasch, AEGEE-Eindhoven****:*

Proposal before amendment:
(2) The Secretary General ~~Comité Directeur~~ shall inform the Secretary of the EPM in advance about the agenda.
(...)
(4) The Secretary General ~~Comité Directeur~~ shall publish the minutes of the EPM for the Network latest 2 weeks before the Agora.

Amendment (written in **bold**):

(2) The Secretary General **or Comité Directeur** shall inform the Secretary of the EPM in advance about the agenda.
(...)
(4) The Secretary General **or Comité Directeur** shall publish the minutes of the EPM for the Network latest 2 weeks before the Agora.

Amendment 3: Enabling the hiring of a professional Secretary General article 1 of the Working Format of the Agora.
Amendment by ***Lina Mol, Edelweiss Juliea*** *and* ***Richard Petrasch, AEGEE-Eindhoven****:*

Proposal before amendment:
(1) The Agora approves the individual activity reports of each member of the Comité Directeur and the Secretary General.

Amendment (written in **bold**):
(1) The Agora approves the individual activity reports of each member of the Comité Directeur and the Secretary General**, and a combined Activity Report of the Secretariat**.

Martyna Zapalska, Chair: Thank you Zofia for the presentation of the Pre-Agora voting. I see that there is a direct.
Edelweiss Juliea, AEGEE-Eindhoven: Just before the Agora meeting I've sent the email back for the admission of the first proposal that was inadmissible to change the part to make it admissible. It was not included in this presentation now.
Zofia Wójcicka, Juridical Commission: Sorry, we didn't see that you sent the email.
Edelweiss Juliea, AEGEE-Eindhoven: Yes, just before this meeting. I'm speaking as a delegate of AEGEE-Eindhoven and I replied on the email that you guys have sent me for the inadmissible amendment for the first proposal to change it to make it admissible.
Zofia Wójcicka, Juridical Commission: Don't worry, you can always say this amendment during the prytanium, so if you make your amendment admissible you can say during the prytanium and I will say if it is inadmissible or admissible. So it is not a lost case.
Edelweiss Juliea, AEGEE-Eindhoven: Okay, thank you.

Martyna Zapalska, Chair: Okay are there any other questions to the presentation of the Pre-Agora voting results? I see no questions then we move on to the next item on the agenda which is the presentation of the voting system, so I call to the stage, or metaphorical stage as Leon said, to Zofia again.

Presentation of the voting system

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

No questions.

Martyna Zapalska, Chair: I see no questions. For the next point of the agenda, which will be the presentation of the candidates list, I will give word back to Zofia.

Presentation of the candidates list

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

Chairperson and Vice-Chairperson of the Agora:
2 positions | required majority: absolute
There are 2 candidates:
Martyna Zapalska
Aleksander Zięba

Secretary General of AEGEE-Europe until 31st of July:
1 position | required majority: absolute
No candidates.

Member of the Comité Directeur until 31st of July:
1 position | required majority: absolute
There is 1 candidate:
Jan Jankowski

Member of the Juridical Commission until 31st of July:
2 positions | required majority: absolute
No candidates.

Member of the Network Commission:
5 positions| required majority: absolute

1 position | required majority: absolute
No candidates.

Member of the Data Privacy Commission:
3 positions | required majority: absolute
No candidates.

Bridges of Dialogue Working Group Coordinator:
1 position | required majority: simple
No candidates.

No questions.

Ratification of minutes of Spring Agora Novi Sad 2024

Martyna Zapalska, Chair: I was the Chairperson of that Agora. Unfortunately, the Secretary of the Agora did not manage to finish the minutes in time. Therefore we will not be ratifying the minutes. We will move the ratification of the minutes to the next Agora, so we will finish them as Chair Team and we will ratify them in Spring Agora Bilbao 2025. Are there any questions to this? I see one question from Timo.

Timo Haarman, AEGEE-Brno: I just have a question. Do you maybe have any expectations when the minutes will be ready to be published? Will it be like one month from now or will it still take a few months? What is the status?
Martyna Zapalska, Chair: We will try to finish them as close to current Agora as possible. They are mostly done, they just have not been finalised, so I cannot give you a certain timeline but we will finish them and publish them most likely together with the

minutes from Autumn Agora, from this one that is happening right now. Does that answer your question?
Timo Haarman, AEGEE-Brno: Yes. Thank you very much.
Martyna Zapalska, Chair: With that we move on to the next item of the agenda which is the presentation of the IT and the platform. So I ask Aleksander for presenting the presentation.

Presentation of the IT/Platform

*Presentation by **Aleksander Zięba, Chair**.*

No questions.

Presentation of the Knowledge Management System

*Presentation by **Teddy van Amelsvoort, Human Resources Committee**.*

No questions.

Martyna Zapalska, Chair: I see no questions. Thank you again, Teddy. I will now give the word to Zofia who will announce the voting on the additions and changes to the agenda that were presented earlier in the plenary, as well as the delegates' exceptions.

Announcement of the voting on Working Format of the Agora exceptions

Zofia Wójcicka, Juridical Commission: We need to vote about everything, all of the exceptions. First delegates' exceptions, we vote on one delegate from Utrecht, one delegate from Thessaloníki. The majority is ⅔. Then we have other motions. There are exceptions to the Working Format of the Agora to article 9 to open the candidate list to Agora elected positions, majority ⅔. Here is not only adding a topic to the agenda but it's also exceptions to Working Format article 1 paragraph 13 and to article 10; and it's to add a motion and publish this motion. Motion "*Suspending events, projects, activities and case study trips to Russia and Belarus*", majority ⅔. Adding a topic to the agenda the Internal Fulfillment Action Agenda 2024-2025. Majority absolute. Voting timeline: voting opens at 18:38 CET and the voting closes 20 minutes after. So you have time to vote and contact me if you have any problems. And voting results will be shown in the Online Voting System but I will also show you on the presentation. That's all, thank you.
Martyna Zapalska, Chair: Do we have any questions to the announcement of the voting?

No questions.

Martyna Zapalska, Chair: Then, when it's time and the voting is open, delegates, you can go to aegee.org/vote and vote on those exceptions that were just presented. You have 20 minutes for that and in the meantime we will move on with the agenda and the rest of the presentations. I will ask to the stage Erento present the AEGEE Social Responsibility Fund.

Presentation of the AEGEE Social Responsibility Fund

*Presentation by **Eren Geçkin, Comité Directeur**.*

No questions

Presentation of the Foundation AEGEE Trust Fund

*Presentation by **Eren Geçkin, Comité Directeur**.*

No questions.

Presentation of Interest Groups

*Presentation by **Jan Jankowski, Comité Directeur**.*

No questions.

Martyna Zapalska, Chair: I see no questions. Everything was clear then. Since we still have the voting in progress, we will now suspend the plenary for five minutes, until the voting is finished so you have time to still vote, five more minutes until 18:58. Plenary is now suspended until 18:58 when we will come back with the voting results.

Plenary was suspended at 18:53 CET.
Plenary is back in session at 18:58 CET.

Martyna Zapalska, Chair: It's 18:58 which means we are going back to the plenary. The suspension has finished and also the voting has finished, so I will now ask Zofia from Juridical Commission to present the voting results.

Announcement of voting results and reopening of the candidatures

*Presentation of the voting results by **Zofia Wójcicka, Juridical Commission**.*
[Details of all voting results can be found on aegee.org/vote or here.]

Working format of the Agora Exceptions:

Exception to WFA Article 5:
*Adding Lucas Van der Neut as delegate for AEGEE-Utrecht is **accepted** by the Agora.*
*Adding Koralia Koniordou as delegate for AEGEE-Thessaloniki is **accepted** by the Agora.*

*Exception to Working Format of the Agora Article 9 to open the candidate list for all Agora elected positions is **accepted** by the Agora.*

*Exception to the Working Format of the Agora to Article 1 (13) and article 10 to publish and add organisational motion: Suspending events, projects, activities and case study trips in Russia and Belarus is **accepted** by the Agora.*

*Adding a topic to the agenda: The Interim Fulfilment Action Agenda 2024-2025 is **accepted** by the Agora.*

Zofia Wójcicka, Juridical Commission: You can see them in the system but I can tell you that Agora accepted every exception, so due to that the candidatures will be reopened from this evening at 21:00 until tomorrow 14:00. I will send an email to the Network so everybody is informed, and that's all. I wanted to make it green but one second is not enough to do it. Thank you.
Martyna Zapalska, Chair: Thank you Zofia. Apologies for the short timeline. Do we have any questions for what was just presented? So voting results and announcements of the reopening of the candidatures.

No questions.

Martyna Zapalska, Chair: Okay, I see no questions. Then we received one other item from the Comité Directeur. Therefore we will now ask CD to bring forward their request.

Vote of Confidence for Nikoloz Gvazava

Leon Vreling, Comité Directeur:

By Leon Vreling, Eren Geçkin, Eliise Haljas, Daria Rzepisko, and Jan Jankowski, on behalf of Comité Directeur 62

Dear Agora,

It is with regret that we as Comité Directeur 62 have to inform you that we are announcing a Vote of Confidence against one of our board members, Nikoloz Gvazav the current Fundraising Director. This VoC is a result of a lack of any form of communication from his side, over the past three months. Even before our term started, communication has been difficult, but since the final week of the Know Transfer period, all communication has completely stopped. We have tried to get into contact with Nikoloz on many occasions, using all possible communication channels we had available to us, but with no (positive) response.

We believe that this lack of communication for more than three months has created a very unworkable situation for our collaboration and teamwork, and therefore we call upon the Agora to supply a negative Vote of Confidence, as per Article 25 of the Statutes. Following this negative VoC, Nikoloz will be discharged from his function as member of the Comité Directeur, and this position will reopen during this Agora. We did not announce this decision before, as we wanted to give Nikoloz the opportunity to explain his lack of communication to us first, or hand in his own resignation to the Network. Given that this has not happened as of yet, we are formally requesting this Vote of Confidence.

Thank you for your attention.

On behalf of the members of CD62,

Leon Vreling, Eren Geçkin, Eliise Haljas, Daria Rzepisko, Jan Jankowski

Explanation of the Vote of Confidence procedure

*Presentation by **Martyna Zapalska, Chair**.*

Martyna Zapalska, Chair: Are there any questions about the procedure? Before that, I would like to ask JC: do you agree with the procedure and following this procedure? Is that enough of a clarification?

Zofia Wójcicka, Juridical Commission: Yes, but I can also show this on the presentation so it would be more visible for our delegates, if the Chair will allow me.

Martyna Zapalska, Chair: Yes, please, you can share your screen.

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

Martyna Zapalska, Chair: Thank you Zofia for the presentation. Do we have any questions about the procedure of the Vote of Confidence? We will not allow any questions to the Vote of Confidence itself. If something is still unclear regarding the procedure you can raise a question right now.

No questions.

Martyna Zapalska, Chair: Okay, I see no questions, then everything was clear I hope. With that we will now be closing the plenary. As a reminder, we will reach out to Nikoloz to reach him so that he has the possibility to respond to the Vote of Confidence. Before we close the plenary there were some agenda additions and changes. We are not having Morning Plenary tomorrow morning, therefore we will not be able to present the presentation of the day for you tomorrow and, as the changes were voted upon just now, we are not able to present the final set of tomorrow's agenda for you right now. But we will coordinate with the Juridical Commission and in the same email about the reopening of the candidatures, or just from massmailer, we will send you an email with the updated agenda that will be available on the KMS. So you will still receive the updated agenda for tomorrow today in the evening, after this plenary. With that it concludes our opening plenary. We are quite early, so we hope that you will have some rest before the Social Program today. As a reminder, we are having Spooky Area Meetings, coordinated by NetCom today. And as another reminder, at 21:00 CET today you will be able to submit your application for candidatures that will be open due to the Motion of Reopening Candidatures passing. So with that, I thank you all very much and I close this plenary. Thank you and have a good evening.

Plenary ends at 19:13 CET.

PRYTANIUM I-A: FINAL ACTIVITY REPORT OF CD61

Chair: *Martyna Zapalska*
Secretary: *David Mediavilla Aller*
Juridical Commission: *-*

Antennae: AEGEE-Aachen, AEGEE-Amsterdam, AEGEE-Ankara, AEGEE-Barcelona, AEGEE-Brussel-Bruxelles, AEGEE-Bucureşti, AEGEE-Budapest, AEGEE-Catania, AEGEE-Delft, AEGEE-Dresden, AEGEE-Eindhoven, AEGEE-Enschede, AEGEE-Eskişehir, AEGEE-Firenze, AEGEE-Groningen, AEGEE-Heidelberg, AEGEE-İstanbul, AEGEE-İzmir, AEGEE-Leiden, AEGEE-León, AEGEE-Maribor, AEGEE-Moskva, AEGEE-Muğla, AEGEE-München, AEGEE-Nijmegen, AEGEE-Passau, AEGEE-Poznań, AEGEE-Sofia, AEGEE-Stuttgart, AEGEE-Utrecht, AEGEE-Valencia, AEGEE-Warszawa
Contacts: –
European Bodies: Comité Directeur, Human Resources Committee, Liaison Officers

Prytanium starts at 16:01 CET.

*Introduction to the session by **Martyna Zapalska, Chair.***

Activity Report of Member of Comité Directeur - Kirsten Broekema

*Presentation by **Kirsten Broekema, Former Comité Directeur.***

No questions.

Activity Report of Member of Comité Directeur - Ariane Blok

*Presentation by **Ariane Blok, Former Comité Directeur.***

No questions.

Activity Report of Member of Comité Directeur - Aleksandra Rachwalska

*Presentation by **Aleksandra Rachwalska, Former Comité Directeur.***

No questions.

Activity Report of Member of Comité Directeur - Augustin Viot

*Presentation by **Augustin Viot, Former Comité Directeur.***

Martyna Zapalska, Chair: Thank you, Augustin, for the presentation. Do we have any questions? We have one question. Frederik, one second.

Frederik Hansen, AEGEE-Aachen: Thanks for the presentation, Augustin. I have one question. I just saw on the Activity Report that you joined events from the party Volt, which I really like the party in general, but I was just asking are there any more connections to other parties or how did it come up?
Augustin Viot, Former Comité Directeur: I am sorry. Which events are you referring to?

Frederik Hansen, AEGEE-Aachen: You were invited by Volt Europe as a speaker, for example.
Augustin Viot, Former Comité Directeur: Ah, at the general assembly of Volt? This is what you mean?
Frederik Hansen, AEGEE-Aachen: Yeah, right.
Augustin Viot, Former Comité Directeur: So what is your question about this event?
Frederik Hansen, AEGEE-Aachen: How did the connection come up, and are there connections to other parties as well? Or just to Volt from like CD?
Augustin Viot, Former Comité Directeur: AEGEE-Europe was invited to this general assembly to participate in a panel discussion. I was not there because of the political party. In the general assembly they had a panel discussion about the involvement in general in European political movements. And I was bringing the non-party perspective and youth perspective in the panel discussion. This was the reason why I went there.
Frederik Hansen, AEGEE-Aachen: Thank you so much.

Martyna Zapalska, Chair: Please use only the chat with the finger rules. The question line was closed. For that we can go back to it at the end. That concludes presentation and questions to Augustin and we move on to the presentation of Lena.

Activity Report of Member of Comité Directeur - Lena Sobczyńska

*Presentation by **Lena Sobczyńska, Former Comité Directeur.***

Martyna Zapalska, Chair: Thank you, Lena, for the presentation. Do we have any questions to the Activity Report? We have one question from Teddy.

Teddy van Amelsvoort, Human Resources Committee: You mentioned what work was done in the creation of the competence recognition system. However, none of this information was shared within the scope of HR strategy, with AEGEE-Academy and HRC. Seeing as we are now leading this HR strategy as HRC, of which this is one big part, could you share more about whether the work you mentioned was documented for future reference, or accessible in any format?
Lena Sobczyńska, Former Comité Directeur: I didn't hear part of your question but I think I understood. As I mentioned, I just did my own kind of research for inspiration, but there was not really any output that could be documented. I had knowledge transfer with Jan but we had a discussion about what could be done or how that could look like. There was no material created but because there was nothing really to put in that material. I hope that answers your question.

Martyna Zapalska, Chair: I see it does answer the question. Thank you very much Lena for your presentation and Teddy for the question and Lena for the answer. As I already mentioned at the beginning of the prytanium, Nikoloz was contacted to present the Activity Report. However, he did not reach out back so he is not part of this prytanium, and therefore there will be no questions to his Activity Report.

Activity Report of Member of Comité Directeur - Nikoloz Gvazava

No presentation.

Martyna Zapalska, Chair: And with that we are finishing the presentation part and we will move on to the roll call. If you have a question please use the finger rules, not ask the question in the chat. Lina, you have a question.

Lina Mol, AEGEE-Eindhoven: In the CD decisions, and in the KT report, and in the Activity Report, we heard that Nikoloz did not really perform since Agora, and we were wondering why this has not been brought to attention of the Agora when voting on him as a full member of CD? So yes, that is the question. I hope I can ask it now.
Martyna Zapalska, Chair: If someone from CD wants to answer, they can answer. Kirsten, you can go ahead.
Kirsten Broekema, Former Comité Directeur: I think you have already answered your own question. You said since the Agora, so it definitely wasn't the situation before the Agora. Therefore, it was not brought up at the Agora itself, and at the voting before the election.
Martyna Zapalska, Chair: Does it answer your question Lina? Yes, it does. Thank you Kirsten for the answer and as I already mentioned we will move on to the voting now.

*Explanation of the roll call voting by **Martyna Zapalska, Chair**.*

No questions.

Roll call results

Bodies present: 35
Bodies voted: 32

I. *Activity Report of Former President of AEGEE-Europe - Kirsten*

32 votes in favour, 0 votes against, 0 abstention.
The prytanium gives a positive recommendation to the Agora.

II. Activity Report of Former Financial Director of AEGEE-Europe - Ariane
32 votes in favour, 0 votes against, 0 abstention.
The prytanium gives a positive recommendation to the Agora.

III. Activity Report of Former Member of Comité Directeur - Aleksandra
31 votes in favour, 0 votes against, 1 abstention.
The prytanium gives a positive recommendation to the Agora.

IV. Activity Report of Former Member of Comité Directeur - Augustin
27 votes in favour, 1 votes against, 4 abstention.
The prytanium gives a positive recommendation to the Agora.

V. Activity Report of Former Member of Comité Directeur - Lena
31 votes in favour, 0 votes against, 1 abstention.
The prytanium gives a positive recommendation to the Agora.

VI. Activity Report of Former Member of Comité Directeur - Nikoloz
1 votes in favour, 29 votes against, 2 abstention.
The prytanium gives a negative recommendation to the Agora.

Prytanium ends at 17:16 CET.

PRYTANIUM I-B: I. FIXING INCONSISTENCIES IN THE CIA REGARDING SUMMER UNIVERSITIES, II. ADDING THE COMMUNICATION CRITERION TO THE ANTENNAE CRITERIA OF CONTACT ANTENNAE

Chair: *Aleksander Zięba*
Secretary: *David Mediavilla Aller*
Juridical Commission: *Zofia Wójcicka*

Antennae: AEGEE-Aachen, AEGEE-Amsterdam, AEGEE-Ankara, AEGEE-Bamberg, AEGEE-Bergamo, AEGEE-Berlin, AEGEE-Bilbao, AEGEE-Brussel-Bruxelles, AEGEE-Bucureşti, AEGEE-Budapest, AEGEE-Catania, AEGEE-Delft, AEGEE-Dresden, AEGEE-Enschede,

*Introduction to the session by **Aleksander Zięba, Chair.***

I. Fixing inconsistencies in the CIA regarding Summer Universities

*Presentation of the motivation by **Eliise Haljas, Comité Directeur.***

No questions.

*Presentation of the CIA changes by **Eliise Haljas, Comité Directeur** and **Marija Valentina Žuvić, Data Privacy Commission.***

Aleksander Zięba, Chair: Thank you both for your presentations. Now is the time for questions to the CIA changes by this proposal. I see no questions in the chat so the question line is now closed. Tony, you can send the finger rules that I will paste once again. You put these in the chat, and then you will be given the speaking rights. We will ask you to unmute and then ask your question. Is this clear? I hope that this is clear and I am giving one more second for the question line to be open again. I see one question from Tony so please speak up, I will unmute you now.

Tony Redondo, AEGEE-London: Hi. I just have a very easy question. I saw the proposal just was published on the JC module and it was, I believe, a one-month of notice to the Antenna for the person visiting the Summer University. Has been this down from one month to three weeks?
Eliise Haljas, Comité Directeur: Yes, this has been changed to three weeks.
Tony Redondo, AEGEE-London: Cool, thank you.
Aleksander Zięba, Chair: I see no more questions. We will move on to the second proposal. I believe Eliise will present again.

II. Adding the communication criterion to the Antennae criteria of Contact antennae

*Presentation of the motivation by **Eliise Haljas, Comité Directeur.***

No questions.

*Presentation of the CIA changes by **Eliise Haljas, Comité Directeur.***

Aleksander Zięba, Chair: Thank you for the presentation. Do we have any questions? We have one question from Tony.
Tony Redondo, AEGEE-London: Hi. You have now written down, in the obligations for the Contact Antenna, to respond within one month. Do you think that that obligation should be mutual? That both entities should reply each other within one month?
Eliise Haljas, Comité Directeur: I believe it is already expected from Network Commissioners and CD to respond within a month. Of course, we cannot always do that, but we try our best. I believe Network Commission as well. I don't see it being added to this part of the CIA, but if you have any suggestions on how to change that in the CIA in any other part, then you can feel free to send an email to me, for example, network@aegee.eu, and we can discuss that. If you see that necessity.
Aleksander Zięba, Chair: I see it answers the question. This is the last time to ask any questions. There are no more. We will now move on to the roll call with voting.

*Explanation of the roll call voting by **Aleksander Zięba, Chair**.*

No questions.

Roll call results

Bodies present: 37
Bodies voted: 37

I. *Fixing inconsistencies in the CIA regarding Summer Universities*

36 votes in favour, 0 votes against, 1 abstention.
The prytanium gives a positive recommendation to the Agora.

II. *Adding the communication criterion to the Antennae criteria of Contact antennae*

35 votes in favour, 1 votes against, 1 abstention.
The prytanium gives a positive recommendation to the Agora.

Prytanium ends at 16:43 CET.

EVENING PLENARY, 1ST OF NOVEMBER 2024

Chair: *Martyna Zapalska*
Secretary: *Aleksander Zięba*
Juridical Commission: *Zofia Wójcicka*

Plenary starts at 18:00 CET.

Presentation of candidates

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

Chairperson and Vice-Chairperson of the Agora:
2 positions | required majority: absolute
There are 2 candidates:
Martyna Zapalska
Aleksander Zięba

Secretary General of AEGEE-Europe until 31st of July:
1 position | required majority: absolute
No candidates.

Member of the Comité Directeur until 31st of July:
1 position | required majority: absolute
There is 1 candidate:
Jan Jankowski

Member of the Juridical Commission until the 31st of July:
2 positions | required majority: absolute
No candidates.

Member of the Network Commission:
5 positions| required majority: absolute
There are 3 candidates:
Bilal Ceyhan
Flóra Dobrovics
Amro Alahdab

Member of the Audit Commission:

3 positions | required majority: absolute

No questions.

Questions and restatement of questions to the candidates for member of the Mediation Commission until 30th of November

No candidates.

Questions and restatement of questions to the candidates for member of the Mediation Commission

Martyna Zapalska, Chair: We will start with the answers to the online questions from Kris, then you will have the chance to restate the question if you think that your question was not answered sufficiently and then we will have the possibility for Agora to ask up to three questions on the spot. Then we will do the same procedure for Kamilla. You can start with your questions now, Kris.

*Answers to questions from online question lines by **Kris Brands, AEGEE-Amsterdam**:*

Evangelia Touska, AEGEE-Academy: Why didn't you apply for the member of the Mediation Commission until 30th of November 2024 position as well?
Kris Brands, AEGEE-Amsterdam: This is a personal preference, we were asked to think of a program but I would like to discuss this further with Kamilla in case we get elected and make sure we are fully prepared in case we get elected, to start the term with a program that is fully developed and also to balance my personal life and get ready for the 1st of December.

Evangelia Touska, AEGEE-Academy: In your program, you mention that MedCom can have workshops and implement nonviolent communication training. Have you considered collaboration with AEGEE-Academy for these activities?
Kris Brands, AEGEE-Amsterdam: As mentioned before, we would like to specify our program way more so we did think about it. We have no specific plans yet but that is something we do want to look into, also because it's very good for the visibility of the

Mediation Commission if we would work together with other European Bodies. So that is something we want to look into and we want to make that work.

Eliise Haljas, Comité Directeur: Thank you for applying! You mentioned being a local Safe Person. Are you planning to become a trained Safe Person in the future?
Kris Brands, AEGEE-Amsterdam: As soon as I get the opportunity, the opportunity is there of course, but as soon as I am able to attend one of those trainings I would love to do that. For now, I do have a safe person training outside of AEGEE and I hope that will support me and contribute to this position, but as soon as I am able to I will.

Daria Rzepisko, Comité Directeur: Thank you for applying! What steps would you take if a European Body approaches you and asks for guidance to resolve an internal issue?
Kris Brands, AEGEE-Amsterdam: This might change after the knowledge transfer of course, but first of all I would listen to all the parties involved and then I would try to identify the conflict points and where the need of resolution would be. Then see what is necessary for this specific case but also what is necessary for the Local. Are there more conflict points, some structural changes that are needed? That is something I would like to look into and then implement some changes to prevent conflict from arising in the future. Then after this process is done I would ask for feedback as well, if the Mediation Commission has provided the Local with enough support and if there's something we can do better in the future. And then, after, I would check as well after a few months how things are going and if the conflict is still resolved or if there's any tension. Then make sure something doesn't arise again. I think that's a short answer to all the four questions. If something is unclear please let me know but this is my answer.

No restatement of questions.
No new questions.

*Answers to questions from online question lines by **Kamilla Kocsis, AEGEE-Budapest**:*

Evangelia Touska, AEGEE-Academy: Why didn't you apply for the member of the Mediation Commission until 30th of November 2024 position as well?
Kamilla Kocsis, AEGEE-Budapest: The reason was personal reasons. I want to really accommodate the time, the sufficient time, from December 1st, that I can make happen in my life ongoingly and I really want to prepare for the position and we can do that sufficiently from the 1st of December with Kris.

Evangelia Touska, AEGEE-Academy: In your program, you mention that you'd like to initiate trainings and workshops on the topics of assertiveness and conflict

management. Have you considered collaboration with AEGEE-Academy for these activities?
Kamilla Kocsis, AEGEE-Budapest: Yes, as we discussed with Kris as well, we would really like to consider this opportunity and work on this. In fact, I already reached out informally to one of the AEGEE-Academy members who I know from AEGEE-Budapest and we started a discussion about it, but later on we would like to continue it in a formal way as well.

Teddy van Amelsvoort, Human Resources Committee: Dear Kamilla, the goal of increasing the visibility of MedCom has been a hot topic for quite some years. This also in part because they are an internal body. Could you share more about the plans you have for increasing the visibility of the Commission?
Kamilla Kocsis, AEGEE-Budapest: One of the parts I think to be more visible would be a social presence, now that we have the AEGEE-life Instagram account we can just, you know, put out Instagram stories, tagging it so people can see. Of course much of the work that MedComs are doing is confidential but if we are having a meeting we can just post about that. It's very simple, without revealing any information, and of course I think attendance at live events like AEGEE events would be super crucial and necessary to make people see that MedComs are there and are working and are approachable. This would be, besides promoting the trainings and workshops, that we would be planning.

Daria Rzepisko, Comité Directeur: Thank you for applying! What steps would you take if a European Body approaches you and asks for guidance to resolve an internal issue?
Kamilla Kocsis, AEGEE-Budapest: First I would like to align with my fellow MedComs on approaching the situation, who would take it, whose responsibility it would be. I would lead the discussion, then I would listen to all of the involved parties and would make a suggestion, would make a decision with the goal of letting the European Body run smoothly ongoingly and I would, if in any doubt of course, I would bring it to the commission to discuss. Of course after knowledge transfer this can change but this is my initial idea about it. Thank you.

No restatement of questions.
No new questions.

Questions and restatement of questions to the candidates for Chairperson & Vice-Chairperson of the Agora

Martyna Zapalska, Chair: Now, I will give word to David Mediavilla, Job Shadower of Chair Team to chair this part of the plenary.

David Mediavilla, Chair: We will now proceed with the candidates for Chairperson and Vice-Chairperson of the Agora, we received two applications and they will have three minutes for answering the questions they received online on MyAEGEE. Afterwards, questions can be restated if people who ask the question think the answer was not clear enough or if they want to restate their question. Then, I will also allow the Agora to make up two or three more questions on the spot. So, the first application is from Martyna Zapalska, you can now proceed.

*Answers to questions from online question lines by **Martyna Zapalska, Chair**:*

Edelweiss Juliea, AEGEE-Eindhoven: The structure of your candidatures is quite similar, was this intentional?

Martyna Zapalska, Chair: I will start with saying, thank you for all the questions. We did not coordinate our application structure with each other; however, as we have known and worked together in different forms for three and a half years already, we probably have similar work ethics and ideas. Additionally, I would like to add that the structure of all candidates for positions is quite similar to each other as we are all following the same application format through MyAEGEE.

Jan Jankowski, Comité Directeur: Thank you for applying! Would you rather want to be the Chairperson or Vice-Chairperson? Why?

Martyna Zapalska, Chair: I do not have a preference. I have worked in multiple Chair Teams and in each of them Chairperson and Vice-Chairperson are a unit that works together, regardless of the position. I believe that if both me and Aleksander were to be elected, we will work in the same format, no matter which one of us is Chairperson or Vice-Chairperson.

Daria Rzepisko, Comité Directeur: Thank you for applying! How are you planning to increase the visibility of Chair Team to ensure more people will apply for it in the future or that the Job Shadowers will take over the position?

Martyna Zapalska, Chair: I know that there are people interested in Chair Team currently who want to learn more about how it works and what it entails before applying for the Agora-elected position. I understand their situation, as I was the same,

so I plan to stay in contact with them, transfer my knowledge and share my experiences to hopefully ensure that they feel comfortable and ready to apply in the future.

No restatement of questions.
No new questions.

*Answers to questions from online question lines by **Aleksander Zięba, Chair**:*

Teddy van Amelsvoort, Human Resources Committee: Dear Alek, you mentioned in your application that you wish to expand the team and that you want to make sure that next year you have an IT Responsible and Secretary. Could you share some of your plans on how you want to make that a reality?
Aleksander Zięba, Chair: So, first of all, thank you Teddy for giving me a moment to address this publicly. Many teams are lacking members, but overall it is a complicated issue. I can not make sure that we have those positions filled, as it depends on the people themselves also on you all present here and not me personally. Positions in Chair Team require a specific mindset and a few characteristics, so I think that the best plan I can come up with for now is, apart from coordinating with HRC on the monthly open calls and Communications Committee on sharing some information about the team and positions on the Instagram of AEGEE life, is to try to network in some way. So, I hope to encourage some people to consider applying during the EPM in Istanbul or some other upcoming events. Of course those positions will be open also to our two very promising Job Shadowers but ultimately it's their decision what responsibilities they would like to take on next. So I can not promise anything at this point but this is my plan.

Edelweiss Juliea, AEGEE-Eindhoven: You mention that you wish to expand the team and that you want to make sure that next year you have an IT responsible and Secretary. How will you ensure that?
Aleksander Zięba, Chair: I believe I already answered this question just now, so I will skip directly to the third one.

Jan Jankowski, Comité Directeur: Thank you for applying! Would you rather want to be the Chairperson or Vice-Chairperson? Why?
Aleksander Zięba, Chair: So I am not sure how this question brings any value to my candidature because it doesn't really matter, or at least for me it doesn't. We have been working with Martyna side by side for the past months and we are simply a team, because you know it's Chair Team. So I count on the other person, on her, as much as she can count on me. So I do not have any expectations or preferences. It simply does

not matter and I hope that this is a sufficient answer for you. Those were all questions that I received, thank you very much.

No restatement of questions.
No new questions.

David Mediavilla, Chair: That is all from my side, thank you and I will give the floor back to Martyna.

Questions and restatement of questions to the candidates for Bridges of Dialogue Working Group Coordinator

Martyna Zapalska, Chair: You have three minutes to present your candidature and then we will have the time for questions to your candidature.

Presentation by **Özgün Kaplama, Bridges of Dialogue Working Group**.

There was a connection issue from Özgün's side and the questions and answers happened at the end of the plenary. For consistency reasons, they are put together with the candidature.

Martyna Zapalska, Chair: If you have a question to Özgün, please use the finger rules in the chat now. We have two questions.

Edelweiss Juliea, AEGEE-Eindhoven: What did you manage to do in the past few months as the interim coordinator, also considering there is no team and activity plan?
Özgün Kaplama, Bridges of Dialogue Working Group: Actually one of the tasks that create a strong team, as I mentioned in my presentation, and in this interim coordination term we try to create it but because of lack of applications we couldn't. Right now, after this Agora, we will try to create a new team, new members and also I will talk with the previous members to create a new team.
Edelweiss Juliea, AEGEE-Eindhoven: I got the comments that you never applied to take part in the recruitment process, except for last month. Do you have any comments or thoughts?
Özgün Kaplama, Bridges of Dialogue Working Group: We published an open call that you mentioned. I was part of the Working Group. So I want to continue. I became Interim Coordinator and right now I am applying to be full time coordinator of this Working Group. There was no recruitment process for the new term, actually it's not directly related with me, but right now we will create a new process. That's why I'm

applying, so you may see that only me and see the appointed member at the Working Group that's because that is the process.

Eliise Haljas, Comité Directeur: You have been the Interim Coordinator of the Working Group for the past three months but the Working Group has been inactive. No new members were recruited and you also didn't submit an Activity Report. So what are your plans to improve all of this if you get elected?
Özgün Kaplama, Bridges of Dialogue Working Group: This is really important part of our Working Group and personally I will try so hard to improve that point because, as I mentioned in my presentation, dialogue is, I think, why AEGEE stunned in the NGO sector and youth sector. So, actually I don't have a magic stick but I will try to do so hard, so I can do whatever I can. Also the important part, in this interim coordination term I try to see what we can do to improve our team building. So I think we can use that experience in the future but right now for your question I will work so hard but I never say that I have magic stick or I have some different abilities.

Vote of Confidence for Nikoloz Gvazava

Martyna Zapalska, Chair: We will now move on to the Vote of Confidence. For those of you who were not present at the plenary yesterday, the vote of confidence was raised by the Comité Directeur. For clarity, we will bring up the entire procedure once again, so we will now ask Leon to present the vote of confidence again.

Leon Vreling, Comité Directeur:

> By Leon Vreling, Eren Geçkin, Eliise Haljas, Daria Rzepisko, and Jan Jankowski, on behalf of Comité Directeur 62
> Dear Agora,
> It is with regret that we as Comité Directeur 62 have to inform you that we are announcing a Vote of Confidence against one of our board members, Nikoloz Gvazav the current Fundraising Director. This VoC is a result of a lack of any form of communication from his side, over the past three months. Even before our term started, communication has been difficult, but since the final week of the Know Transfer period, all communication has completely stopped. We have tried to get into contact with Nikoloz on many occasions, using all possible communication channels we had available to us, but with no (positive) response.
> We believe that this lack of communication for more than three months has created a very unworkable situation for our collaboration and teamwork, and therefore we call upon the Agora to supply a negative Vote of Confidence, as per Article 25 of the Statutes. Following this negative VoC, Nikoloz will be discharged from his function as member of the Comité Directeur, and this position will reopen during this Agora. We did not announce this decision before, as we

wanted to give Nikoloz the opportunity to explain his lack of communication to us first, or hand in his own resignation to the Network. Given that this has not happened as of yet, we are formally requesting this Vote of Confidence.
Thank you for your attention.
On behalf of the members of CD62,
Leon Vreling, Eren Geçkin, Eliise Haljas, Daria Rzepisko, Jan Jankowski

Martyna Zapalska, Chair: Thank you. As you were informed yesterday, we tried to get in contact with Nikoloz, as he is not a participant of the Agora. We sent an email to multiple of his email addresses, as well as contacted him privately on Telegram. We received no answer, he also had a possibility to join this meeting, however, he is not here at the moment. Therefore, for what happens now I will ask for the next presentation.

Explanation of the Vote of Confidence procedure

*Presentation by **Martyna Zapalska, Chair**.*

Martyna Zapalska, Chair: Nikoloz had the opportunity to come to this plenary and respond. If he was to respond we would have a break so that you can communicate with your delegates about what you have just learned. However, since he has not come to this plenary and there is no new information presented compared to what was presented yesterday, we will move on to the questions to the proposers. So, if you have any questions regarding the vote of confidence, so what was presented by Leon you can now use the finger rules in the chat. There is one question, Piotr.

Piotr van Dijk, AEGEE-Delft: I wanted to ask how you guys tried to reach out to Nikoloz? Did you also try to reach out via other people or did you only contact him directly?
Leon Vreling, Comité Directeur: We mostly tried to reach out to him personally, on WhatsApp, Telegram, email, Instagram and replying to his Instagram stories because he seemed to be active there. We also tried, I think once or twice, to send messages to other people from AEGEE-Tbilisi, for instance Lizi that was before in NetCom, but also no answer.

Presentation of the Vote of Confidence voting procedure

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

No questions.

Martyna Zapalska, Chair: We will now suspend the plenary for the voting. Zofia, please put on the screen the voting times. One second, there is a technical from Job.
Job Velthuis, AEGEE-Enschede: I was trying to log in to the system, but it gave a DND server error and also for other delegates of AEGEE-Enschede. So, I am not sure if the website is currently working.
Martyna Zapalska, Chair: Okay, thank you for this note, Zofia do you have any information on that?
Zofia Wójcicka, Juridical Commission: From my side, it is working but I will look right now into what is happening. It is weird, from my side everything seems to be working. I don't know if any other delegates have this type of problem?
Martyna Zapalska, Chair: Okay, delegates please go to aegee.org/vote website and see if you have the same problem as AEGEE-Enschede and AEGEE-Enschede please also refresh to see if it's working. Please react in the chat with pluses if the website is working for you and minuses if it is not working for you. I see a division, since I see quite a few minuses we will then do the voting via roll call. Give us one second to figure things out and for us to prepare the roll call voting, as explained yesterday in the opening plenary, you have to state the number of votes that your Local has. Please check the number of the votes that your Local has. Zofia, is there a way that delegates can check their number of votes without accessing the aegee.org/vote?
Zofia Wójcicka, Juridical Commission: Can you give me one minute? I need to check something. As I see it right now, the only place where delegates can get this information is the website that is not working at the moment.
Martyna Zapalska, Chair: Okay. As we figure this out, I will remind you that during a roll call, we take into account the number of votes your Local has, you will be voting in favour, against or abstention and as explained by Zofia, the question that you are voting on is - do you still trust this person? If you vote against, it means that you do not trust this person. If you vote yes, you do trust this person. There is a question from Jippe.
Jippe Heijnen, AEGEE-Utrecht: I was objecting because I think it's quite uneasy to be publicly voting for a vote of confidence about someone. I would suggest that it can take place a little bit more privately, it is quite a loaded topic as well. I am not familiar with the procedures but I think it's weird to vote publicly on someone. Maybe we should think more if we should do this publicly.
Martyna Zapalska, Chair: Zofia, do you have any comments on the way of voting?
Zofia Wójcicka, Juridical Commission: Yes, I am so sorry for not saying this before but the delegate is correct. I was just checking if the system is working. Elections and vote of confidence are carried out through secret votes, we can not do it via roll call. We need to wait for the system to work. Thank you for bringing it up.

Martyna Zapalska, Chair: Thank you for the clarification Zofia and thanks to Jippe for the objection then. We will then move on with the plenary, we will not suspend it now. We will wait for the system to work, please check regularly and let us know if it is working. First, there is a direct from Csongor.
Csongor Magyari, AEGEE-Budapest: For me it is working again, it didn't work before. I just refreshed the page and it went back to normal. Maybe it is also like this for other people.
Martyna Zapalska, Chair: Can other delegates refresh and see if it is working? Job? Okay, I can see that it still does not work. So, as we wait for the system, we move to the prytania results presentation.

Presentation of prytania results

Prytanium I-A:
*Presentation of Prytanium II-A by **Martyna Zapalska, Chair**.*

No questions.

Prytanium I-A:
*Presentation of Prytanium II-A by **Aleksander Zięba, Chair**.*

No questions.

Martyna Zapalska, Chair: That concludes the presentation of prytania results. So I will now ask the delegates again to see if the voting website is working.
Zofia Wójcicka, Juridical Commission: I contacted the website administrator and he thinks it might be too much traffic. I have a question to Job, you were the one who said it first, please could you send me the screenshot of the information that you got? So I can send it to the administrator, so he can fix the problem.

Martyna Zapalska, Chair: We will then have some additions to this plenary and I will ask Leon from Comité Directeur to present the secretariat strategy update. First, there is a technical from Jippe.
Matthias Heindl, AEGEE-Enschede: I would like to…
Martyna Zapalska, Chair: No. You are Jippe Heijnen, AEGEE-Utrecht.
Matthias Heindl, AEGEE-Enschede: I am using Jippe's computer.
Martyna Zapalska, Chair: Then log in with your credentials and with your own name please. There is a new technical from Jippe.
Jippe Heijnen, AEGEE-Utrecht: Sorry for before but the page is working now, however, we can not see the voting open yet. It is lagging but it works.

Martyna Zapalska, Chair: I believe you can not see the voting as open because it was not opened yet, I will ask Zofia to clarify.
Zofia Wójcicka, Juridical Commission: Yes, I open the voting only when I say that the voting opens. So you will not be able to see it there yet.
Martyna Zapalska, Chair: As we have the presentation on the screen already and Leon is ready, we will move on with this and come back to the voting in a moment. Leon, please start your presentation.

Presentation of Secretariat strategy update

*Presentation by **Leon Vreling, Comité Directeur**.*

Teddy van Amelsvoort, Human Resources Committee: I was wondering if you could clarify a bit more why you intend to have assistance for projects and events, rather than for example having project teams that can also help build internal competencies of the Network and potentially even be future CD members.
Leon Vreling, Comité Directeur: I believe I did not say that we want to replace project teams by having assistance because that is not planned and in general CD assistants are members of the Network, so this is a position for people to further build their competences also. The assistance that we would like to have is mostly with the implementation, so the halfway part where the concrete events are going to happen. So it's not in the preparation phase, not in the reporting phase, which is fully done by the project teams. They can assist more with the concrete implementation that is often like a week of training for instance.
Teddy van Amelsvoort, Human Resources Committee: I didn't say that you would replace, I just didn't understand what role these assistants would take but it's good to hear that they would not replace project teams but I'm still a bit confused on what they would do. You're talking about the events, like specific event implementation and about training, but that seems a bit the role of the pool of trainers or did I just really misunderstand what you were trying to explain?
Leon Vreling, Comité Directeur: I think it might be a bit of a misunderstanding. The idea was that these people would mostly assist CD in their tasks that they are doing, with assisting the project, so then it would be a CD assistant that is assisting the project team and then still reporting to the CD member to just relieve some pressure from the CD member.

Martyna Zapalska, Chair: We are still trying to figure out the system, Zofia is still waiting for the answer from the website administrator. So, we will move on to the next item of the agenda and that would be the candidatures for Juridical Commission until 31st of July.

Questions and restatement of questions to the candidates for member of the Juridical Commission until 31st of July

No candidates.

Martyna Zapalska, Chair: As we are still waiting for the answer about the voting system, we will now suspend the plenary for ten minutes. The plenary is suspended until 19:29 CET.

Plenary was suspended at 19:19 CET.
Plenary is back in session at 19:29 CET.

Martyna Zapalska, Chair: We checked the agenda, due to the VoC and what happens now, we will adjust it a little bit. Yesterday evening you had the announcement of the vote of confidence and the explanation of the procedure. Today we had the VoC and the procedure, we will have the voting after but I will give Zofia time to explain it further in a moment. We will not suspend the plenary anymore for the voting, you will have the whole night to vote. If no confidence is declared tomorrow, we will reopen the candidatures for Comité Directeur, you will have the day to apply and then on Saturday evening, as it is already in the agenda, there will be elections for the members of Comité Directeur with the additional candidatures in case no confidence is declared and someone applies for this position. Are there any questions to these changes in the agenda, besides the questions to voting?

No questions.

Martyna Zapalska, Chair: I give the word to Zofia then to explain the votings.

JC announcement of voting

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

No questions.

Martyna Zapalska, Chair: As a reminder, the voting will open at 21:00 CET, after the plenary and you will have a time until 8:00 CET tomorrow morning for all the votes. Remember to refresh the page in case it's not working and tomorrow morning we will have the announcement of the results. Based on the results we will have a reopening of the candidature or not. We will also send a massmailer tonight, updating you about the

voting again and explaining the situation. So, in case you did not follow right now, you will be informed again about the voting. With that we will close and finish this plenary as that were all of the items that we had planned for tonight. There is a technical from Matthias.

Matthias Heindl, AEGEE-Enschede: You just stated that the votes open at 21:00 but in my aegee.org/vote I was already able to vote on the VoC. Is that supposed to happen? Is there any more information about why that is?

Zofia Wójcicka, Juridical Commission: It must be a problem with the website. I will cancel this voting and open the new one at 21:00 CET.

Martyna Zapalska, Chair: With that we are finishing this plenary, tonight there is a social programme Human Rights Pub Quiz by Social Equity Interest Group, it starts at 21:00 CET, you can join it via link that you have the access to. We will see each other tomorrow, thank you and have a good evening.

Plenary ends at 19:38 CET.

MORNING PLENARY, 2ND OF NOVEMBER 2024

Chair: *Aleksander Zięba*
Secretary: *David Mediavilla Aller*
Juridical Commission: *Zofia Wójcicka*

Plenary starts at 9:00 CET.

Presentation of the agenda of the day

*Presentation by **Aleksander Zięba, Chair**.*

Aleksander Zięba, Chair: Before we move on to the next item, are there any questions to the agenda that I have just presented? I can already see one. I please ask Leon to unmute.

Leon Kogel, AEGEE-Aachen: I am here on behalf of the Help Ukraine Taskforce. I am a bit confused about where my presentation is supposed to be on the agenda. I was told it would be in the morning plenary but I guess it will be in the prytania for the non-elected bodies. Please confirm.

Aleksander Zięba, Chair: No, you can always access the agenda on the KMS. You can see that your presentation is on Sunday, 3rd of November, in the morning plenary. There is a presentation of the Help Ukraine Taskforce report. Does this answer your question?

Leon Kogel, AEGEE-Aachen: So it is on Sunday, yes? Okay. Thank you.

Aleksander Zięba, Chair: Eren, would you like to comment?
Eren Geçkin, Comité Directeur: Yes. Yesterday I received an email from Chair Team by saying the presentation is to be presented during the Saturday morning plenary. That is why I think we are kind of confused. Because I told Leon his presentation was going to be presented during this plenary because the mail said so.
Aleksander Zięba, Chair: Okay if there was a confusion then we are sorry for this. You can always check the agenda that should always have the most recent information. I hope this is clear now. You will have your presentation tomorrow morning. With that I hope the agenda is clear now and we move on to the second item. So, Zofia please, you can come with the announcement of voting.

Presentation of voting results

*Presentation by **Zofia Wójcicka, Juridical Commission**.*
[Details of all voting results can be found on aegee.org/vote or here.]

Vote of confidence:
Zofia Wójcicka, Juridical Commission: Due to another system problem this voting is invalid. And we are aware that Nikoloz sent his resignation but it was not sent to the whole Network. We are now analysing this situation and we will tell you what is happening right now, but we need some time to fully analyse it because this is quite an important thing.

Proposals:
*Fixing inconsistencies in the CIA regarding the Summer University is **accepted** by the Agora.*
*Proposal to raise the maximum height of membership fees is **accepted** by the Agora.*
*Adding the communication criterion to the Antennae Criteria of Contact Antennae is **accepted** by the Agora.*

Elections:

Member of the Mediation Commission:
*Kris Brands and Kamilla Kocsis are **elected** members of the Mediation Commission.*

Chairperson and Vice-Chairperson of the Agora:
*Martyna Zapalska and Aleksander Zięba are **elected** Chairperson and Vice-Chairperson of the Agora respectively.*

Bridges of Dialogue Working Group Coordinator:
*Özgün Kaplama is **elected** Bridges of Dialogue Working Group Coordinator.*

Other votings - Activity Reports:
*Final Activity Report of President of AEGEE-Europe - Kirsten Broekema is **accepted** by the Agora.*

*Final Activity Report of Financial Director of AEGEE-Europe - Ariane Blok is **accepted** by the Agora.*
*Final Activity Report of member of Comité Directeur - Augustin Viot is **accepted** by the Agora.*
*Final Activity Report of member of Comité Directeur - Aleksandra Rachwalska is **accepted** by the Agora.*
*Final Activity Report of member of Comité Directeur Sobczyńska- Lena Sobczyńska is **accepted** by the Agora.*
*Final Activity Report of member of Comité Directeur - Nikoloz Gvazava is **rejected** by the Agora.*

Aleksander Zięba, Chair: Thank you Zofia. Since we will be coming back to the topic of the VoC in the plenary later, I will only ask now for questions to the voting results of all the other items.

No questions.

Presentation of the Liaison Officers

*Presentation by **Daria Rzepisko, Comité Directeur**.*

No questions.

Presentation of the Asia-Europe Foundation

*Presentation by **Asia-Europe Foundation**.*

No questions.

Presentation of Generation Climate Europe

*Presentation by **Augustin Viot, Former Comité Directeur**.*

No questions.

JC announcement about the Vote of Confidence.

Zofia Wójcicka, Juridical Commission: Firstly, I want to say that after analysing the situation I can say that even though Nikoloz gave his resignation, it was not to the whole Network. So, according to JC we can still have the possibility to make VoC and we are doing it. I'm going to show you how we are going to do it. Because of the change I think it should work right now. The most important thing to remember for you is that in favour of the Vote of Confidence means confidence - person stays on, and no confidence - person is removed. I think everybody remembers this and understands

this. How to vote? Go to our lovely website, go to section elections, I know it is weird, but here you will find "Voting for the Vote of Confidence for Member of CD61 Nikoloz Gvazava" and there will be two options: in favour, confidence is gained, person stays; against, no confidence, person is removed. You can also not tick anything, this is how it works. The majority is still simple. The vote opens at 9:46 CET and voting will close at 10:01 CET. That is all from me. Thank you.

Aleksander Zięba, Chair: Thank you Zofia. Quickly, are there any questions to what was just presented? Yes, there is one question from Teddy. Can we please unmute Teddy?

Teddy van Amelsvoort, Human Resources Committee: We just heard that Nikoloz resigned but presumably not by the right procedure, is that correct Zofia? Because I think that is also good for the delegates to be aware that this was presented.

Zofia Wójcicka, Juridical Commission: Yes, because it was sent only to the Boards and, for example, some delegates could not know that there was a resignation. The whole Network doesn't know so we can continue with the Vote of Confidence. Does it answer your question?

Aleksander Zięba, Chair: Okay, it answers Teddy's question. Thank you and we will now proceed with the voting. And for this I am suspending the plenary until the end of the voting which is 10:01 CET.

Plenary was suspended at 9:48 CET.
Plenary is back in session at 10:01 CET.

Aleksander Zięba, Chair: Okay, it is 10:01. Welcome back everyone. I hope you are all already here. We will be going to the presentation of JC. Zofia, when you are ready please, come to the stage and share your presentation.

Presentation of voting results and reopening of position for the Member of Comité Directeur

*Presentation by **Zofia Wójcicka, Juridical Commission**.*
[Details of all voting results can be found on aegee.org/vote or here.]

> Vote of confidence:
> *Agora votes **against (no confidence)** for the Member of Comité Directeur Nikoloz Gvazava.*

Zofia Wójcicka, Juridical Commission: This means automatically reopening of the position for CD. You can apply from 11:00 AM today to 5:00 PM today.

No questions.

Candidatures and questions to Member of the Audit Commission

*Answers to questions from online question lines by **Job Velthuis, AEGEE-Enschede**:*

Leon Vreling, Comité Directeur: Thank you for applying! How do you plan to support the Financial Director throughout the year?
Job Velthuis, AEGEE-Enschede: I will continue with the structure that we have set up in the last two years where the Audit Commission is present at a monthly meeting. Besides that I would prefer to have a bi-monthly audit that can be done online because of the new system that we have implemented in the last two years. With these meetings and the others I hope to remain up to date on the status of the budget and the excel of the financial transactions but also on the projects side. By having this very structured and timely management of meetings I think we can keep up to date in which way we can help our Financial Director as much as possible but also help the Network the best way.

Eren Geçkin, Comité Directeur: Thank you for applying! Since finances is a topic that is often difficult for the Network to understand, how would you ensure clear communication when explaining financial matters?
Job Velthuis, AEGEE-Enschede: For this, I want to continue with the audit letters that have been sent in for each agora. In these letters we can very clearly explain what is the current status of the finances and what is maybe a problem in this point of time and what are the future plans that we are going to do to improve the financial status of AEGEE-Europe. Besides that I also hope to interact with some of the Local's Treasurers to see if we can do something in the financial capacity building that we have mentioned in our plans for the future.

No restatement of questions.
No new questions.

*Answers to questions from online question lines by **Rick Donkers, Audit Commission**:*

Leon Vreling, Comité Directeur: Thank you for applying! How do you plan to support the Financial Director throughout the year?
Rick Donkers, Audit Commission: Like I have done in the last year, I have supported with the audit checks. I am planning to do that more than last year, as I have been busy back then but now I am back studying, so I have more time to do the audit weekends. Which is very important to make sure that all the finances are up to date and if he has enough support from us so that we can check that everything is okay, and support the FD when needed. Next to that I have been in contact with Eren quite a lot in the past few weeks and it seems like our contact is good. If he has some questions I am happy to support whenever needed.

Eren Geçkin, Comité Directeur: Thank you for applying! How are you planning to increase the visibility of Audit Commission to ensure more people will apply for it in the future?
Rick Donkers, Audit Commission: That is a challenge of the Audit. It is not always the most sexy activity to do, it is not the most easy commission to get people to apply for. What I would like to do is like Job said, increase visibility, make sure people know what we are doing and doing it well. And next to that, during next Agora I want to talk to more people and tell them what we do, how important it is and why it is actually very interesting what we do in Audit Commission because is not only numbers but it is also about the financial thinking and making sure everything is looking as it should. It is more like a puzzle where you can find issues and try to solve them to make sure everything is written correctly. And that's the answer to my questions.

No restatement of questions.
No new questions.

Candidatures and questions to Member of the Network Commission

Answers to questions from online question lines by ***Bilal Ceyhan, Network Commission:***

Edelweiss Juliea, AEGEE-Eindhoven: How would you engage Locals to react in your messages if they are at the threshold of inactivity? And how are you going to manage the spam level of the messages?
Bilal Ceyhan, Network Commission: I started working in the NetCom as the Contact Responsible so I only work with Contacts and dealing with Contacts is a little bit different than dealing with Locals, as they are usually new to the Network thing and sometimes a little more motivated to receive messages. Of course there are also Contacts that don't get in touch so often, or not at all, but you can't force people and the Antennae Criteria is also very clear about it. Also a Contact is deleted because of little communication is not that bad compared to deleting a Local or downgrading a Local, and I will focus more on the Contacts to motivate them to be part of the Network. For this you need to send a few more messages which shouldn't be so bad for the motivated ones but what you perceive as spam is also very subjective and I don't want to bother anyone with a lot of messages, but I think you have to work it out to the individual Contacts. Some might want to receive more and other less messages and the best way to find the middle ground is to simply talk with them about it.

Eliise Haljas, Comité Directeur: Thank you for applying! Which new cities are you planning to create Contacts in?

Bilal Ceyhan, Network Commission: There are some cities where we have some people who are motivated to create a Contact, for example Riga or Mingachevir. I also have some cities in mind but I don't want to make any false promises so I am hesitating to share my thoughts with you.

Aleksander Zięba, Chair: The people who asked questions, if you would like to restate your question this is the time to do so. I can see no requests, so I will allow for up to three questions to Bilal on the spot as well. The question line is open now, please type in the chat. There is one question from Vincent.

Vincent Tebbens, AEGEE-Groningen: In position with experience you have mentioned that you have been SubCommie for a few months. Could you give us a summary or small reflection of this, of your functions as SubCommie?
Bilal Ceyhan, Network Commission: I was a SubCommie of Iulia, and there I helped some Locals and answered questions from them about deadlines, had meetings with them and that is it.

*Answers to questions from online question lines by **Flóra Dobrovics, Network Commission***:

Evangelia Touska, AEGEE-Academy: In your program, you mention workshops, webinars and AEGEE sessions. Have you considered collaboration with AEGEE-Academy for these activities? If so, how do you imagine this collaboration?
Flóra Dobrovics, Network Commission: Thank you for your question. First of all I would definitely consider collaboration with AEGEE-Academy but it will actually depend on the topic and how relevant that topic is to AEGEE, and of course the current trainer body of the AEGEE-Academy. Regarding the process, I think it could happen organically such as when a topic comes up with one or two Locals during a meeting or during a project. It can happen also more structured, for example involving a direct survey which is targeting the areas the Locals feel they need to improve. Once the topic is identified I will look into the options we have, and I think AEGEE-Academy will certainly be one of them.

Eliise Haljas, Comité Directeur: Thank you for applying! What has the biggest challenge been so far during your term? What did you learn from this?
Flóra Dobrovics, Network Commission: I was an Interim NetCom for almost six months now and in the beginning it was difficult to prioritise between the projects that came up in my work and those that came up with NetCom. What I learnt from this is that it makes it easier to work in a team, that is why I am trying to make my work as transparently as possible as well as improving collaboration with my SubCommies, and I am working on it.

No restatement of questions.
No new questions.

Aleksander Zięba, Chair: Flóra, thank you very much for your presentation. We will move on to the third candidate which is Amro, who applied in the extended time. Do you have anything to present or do we move to questions already?
Amro Alahdab, Network Commission: Hello. Let's move to the questions, please.
Aleksander Zięba, Chair: Okay, then I will allow for the questions to Amro's candidature right now, please type in the chat and the question line is open now. The question line is closed, we have received three questions and the first one is from Augustin.

Augustin Viot, Former Comité Directeur: What is your biggest achievement so far as a member of NetCom?
Amro Alahdab, Network Commission: Thank you Augustin for your question. With my team I am very proud to say we have achievements every day, we are working so hard. But personally I have an achievement that I didn't share yet which is that we might see Stockholm soon back and alive because we are just a few steps away from setting the new Board. I am working on this with my SubCommies. This would be considered as one the biggest achievements if it happens soon.

Petra Gombár, Network Commission: What would be your main focus in your term as Network Commissioner?
Amro Alahdab, Network Commission: Thank you Petra. Of course you need to have a plan and to have a certain focus, especially because each one of us in NetCom have different Locals. For my Locals I have three main geographic areas just as Russia, and like caucasian Areas, and the Turkish Locals. I am trying to build some kind of a cultural bridge, and use that. Because it is very essential and important to Locals to get involved in the same interests. I mean, if you see the Turkish Locals and the Azerbaijani Locals they are very close to each other because of culture. So why don't we use this kind of interest or mutual interest to build some kind of fun events or exchange ones. This one on the things I really focus on. The culture as a bridge.

Eliise Haljas, Comité Directeur: Would you like to continue being in the Speaker Team of NetCom as you have been in the past months?
Amro Alahdab, Network Commission: Thank you Eliise. Yes, I am interested because I have some unfinished goals and plans. I need to finish them at least before I retire or something like that.

Candidatures and questions to Member of the Data Privacy Commission until 30th of November.

No candidates.

Candidatures and questions to Member of the Data Privacy Commission.

*Presentation by **Michiel Barten, Data Privacy Commission**.*

Aleksander Zięba, Chair: Thank you Michiel for the presentation. Now we will have questions for Michiel as a candidate, you can type them in the chat using the finger rules and the question line is open now. The question line is closed now, we received two questions, we will start with Leon for the first question.

Leon Vreling, Comité Directeur: Thank you Michiel for applying. You mentioned in your very short presentation that you have encouraged people to also apply to be a part of DPC. Do you have concrete plans to get more people involved within the Commission?
Michiel Barten, Data Privacy Commission: Very concrete plans at the moment, not really I would say. I think the past couple years we did try to create some more visibility for DPC. There were a bunch of people that showed interest but never applied. There were a couple applications which we rejected so far. I don't know, I think just having an open call is probably it.

Marija Valentina Žuvić, Data Privacy Commission: I have a question for Michiel. Do you believe that with the current workload consisting of both innovating and administrative work is it manageable considering if elected you will be the sole member of the Commission? And do you think that you can manage with the potential rejections if there will be for the future applicants?
Michiel Barten, Data Privacy Commission: I didn't completely get that last part but I would say this is the reason why I only mentioned one new task that I want to do for the next year. And this might be a little much. Obviously there are a lot of general tasks that just need general upkeep. It would be more manageable to do more tasks with new members.

Aleksander Zięba, Chair: Okay, I can see in the chat that it answers Valentina's question. If there are any more questions, I will allow for two questions now, the question line is open. Okay, and there are no more questions. Thank you Michiel for your presentation and then we can move on to the next item on the agenda and since there is none and we are almost done with the plenary, we will ask Eliise to present the Advisory Board now.

Presentation and ratification of the Advisory Board

*Presentation by **Eliise Haljas, Comité Directeur**.*

No questions.

Aleksander Zięba, Chair: Okay I see that there are no questions. As this is an item that has to be ratified, I will ask you if there are any objections to ratifying the Advisory Board by acclamation?

No objections.

Aleksander Zięba, Chair: Then Agora please, ratify.

Agora ratifies the Advisory Board by acclamation.

Aleksander Zięba, Chair: This should conclude the Morning Plenary. We have finished a little bit earlier than expected, so there is a longer break for you. Please be on time for the Parallel Slot II, which will start at 11:30 CET. There are three prytania, so please make sure all your delegates are in the right prytania and this is the end of the plenary. Thank you and see you later.

Plenary ends at 10:36 CET.

PRYTANIUM II-A: ENABLING THE HIRING OF A PROFESSIONAL SECRETARY GENERAL

Chair: *Martyna Zapalska*
Secretary: *David Mediavilla Aller*
Juridical Commission: *Zofia Wójcicka*

Antennae: AEGEE-Aachen, AEGEE-Ankara, AEGEE-Antalya, AEGEE-Bamberg, AEGEE-Berlin, AEGEE-Bilbao, AEGEE-Brno, AEGEE-Brussel-Bruxelles, AEGEE-Bucureşti, AEGEE-Catania, AEGEE-Dresden, AEGEE-Enschede, AEGEE-Eskişehir, AEGEE-Groningen, AEGEE-Heidelberg, AEGEE-Kraków, AEGEE-Leiden, AEGEE-León, AEGEE-Muğla, AEGEE-Nijmegen, AEGEE-Oviedo, AEGEE-Passau, AEGEE-Poznań, AEGEE-Stuttgart, AEGEE-Tartu, AEGEE-Torino, AEGEE-Valladolid, AEGEE-Warszawa
Contacts: -
European Bodies: Comité Directeur, Juridical Commission

Prytanium starts at 11:30 CET.

Introduction to the session by ***Martyna Zapalska, Chair.***

Enabling the hiring of a professional Secretary General

*Presentation of the motivation by **Kirsten Broekema, Former Comité Directeur.***

Martyna Zapalska, Chair: Do we have any questions to what was just presented? So, the motivation of the proposal? We have two questions: first from Yuri and then from Edelweiss.

Yuri van Ingen, AEGEE-Leiden: This is gonna be a long one so I'll try to keep it as concise and clear as possible. I'm wondering, in the first slide it was stated that the hiring process can't be enabled yet, and this is only to enable the hiring in the future, when the necessary financial materials are available. But, it was also stated that the Secretary General will no longer be a position possible for election. And, I was wondering if it is relevant to have a functioning Secretary General, but it's also not possible yet to hire one, then why is it not possible anymore for someone to be elected as a Secretary General, for example, for next year?

Kirsten Broekema, Former Comité Directeur: The fact that the position of the Secretary General will be removed, will not remove the tasks and powers attached to the position. Later on, on the proposal, you can see that if there is no professional Secretary General hired, then this will be taken up by the Comité Directeur. This also means that the extra position that is created now in the Comité Directeur, is to make sure that there is still the possibility for someone to actually take this up, without making the CD smaller. Is this a necessary change? It definitely is, because if we don't make it possible to hire someone, in its current way it is not possible. Because, if you have an elected position you cannot hire someone for that same position, and then expect that both have the same powers as if it was an elected volunteer position from within the organization. Having this in the Statutes is crippling us in actually having this growth in the organisation itself.

Martyna Zapalska, Chair: Okay, I see it answers the question. The second question is from Edelweiss. You can ask your question now.

Edelweiss Juliea, AEGEE-Eindhoven: I have three questions, if I can ask them.

Martyna Zapalska, Chair: Sorry, if you have different questions you should have submitted separate 'i's in the chat. For now I will allow one question and then we will see how we are doing with the time.

Edelweiss Juliea, AEGEE-Eindhoven: Okay, then the question I think is mostly connected with what Yuri was asking. Because we want to know the contingency plan in

case AEGEE-Europe does not receive the necessary grants to hire the Secretary General. Especially when you cannot fire this person immediately.

Kirsten Broekema, Former Comité Directeur: The contingency plan, if I understand your question correctly, it kind of assumes that right after this Agora it would be possible to hire, or to start the process to hire this person. So, the thing is that if we don't have the funds, then we don't hire this person. The funding for the professional Secretary General should be coming from operating structure grants, as well as hopefully mostly project-based grants, that go over a few years. So at least for some time you have the assurance that there would be enough funding to have someone on board. What was the second part of the question? I forgot it.

Edelweiss Juliea, AEGEE-Eindhoven: The second part was that you cannot just fire someone if you hire a Secretary General. So we were asking if you get the grants after this election, that'd be really great and you said that of course you can have it for different years, but what if the grant stops? What would be happening then?

Kirsten Broekema, Former Comité Directeur: Indeed you cannot just fire someone. You also don't hire someone right away on an indefinite period contract. So, the contracts of the Secretary General would be based on a limited term contract. So you would know in the moment that you first start hiring someone what grant you have at the moment, what funding you have, and what the risk would be of hiring someone. Would it be a high risk? Would it be a low risk? Generally, you don't go for a high risk. Of course, there is a low risk. You know that there's project funding that will be supporting the role of this person in the upcoming years. In addition, what's also good to keep in mind, indeed, you cannot just fire someone but generally speaking of a healthy organization, you also should not just all of a sudden don't have the money from one day to the other to be able to fund the Secretary General. So, it should be standing over at least a period if by any mishappens in the future tragic events, AEGEE-Europe indeed would not have funding to continue and give a new contract to the next Secretary General or start a new term, then indeed there would not be someone hired. That would need to be changed in the Statutes then again to ensure that there's actually no need to change it in the Statutes because right now, this proposal doesn't require that someone is hired. So, there's no need to consider this.

Martyna Zapalska, Chair: Does it answer your question? Yes. Okay, I can allow for one more question for the motivation. But for the future, please type your questions in the chat.

Edelweiss Juliea, AEGEE-Eindhoven: It was mentioned in the motivation that this proposal will provide the SecGen the needed continuity. However, in the proposal you limit their total duration for four years. Would it not be desirable to have no limit to their re-election?

Kirsten Broekema, Former Comité Directeur: So, there are a few reasons why this decision very specifically has been made, also in discussion with the Advisory Boards. So, part of this is related to Belgian labour law, that you cannot have terms for unlimited contracts. If you have one person, and you try to give them terms for an indefinite period of time or a definite period of time, because it's related to the term that they are elected in, and you give it to the person for 20 years, then it's hard to argue that this person is there for only a definite period of time. Because basically, retroactively what happens is that this person is hired for an indefinite period and you cannot just fire them. And also, if they wouldn't be the professional Secretary General anymore but they would fulfil a role in the office, you cannot just suddenly lower their salary. Secondly, something that also needs to be taken into account is the age of the Secretary General. We are a youth organisation. Therefore, you want to have people who have a few years of experience, but you also don't want to have people that are not related to youth, or that are much much older than the people that are actually working with, thinking about or providing input for future activities, events, policies, etc. It will also benefit that we don't have a 65 years old Secretary General at some point, who decides what young people, 18 years olds, suddenly need. It's good to have some fresh blood. If you always have the same person in quite a prominent position in the organisation, then the organisation can get stuck in a certain way of functioning. And, we also want the organisation to be dynamic, and to crawl with what is needed, what is wanted and what different CDs also supply to the table, as well as the opinions from the Agora over the years.

Martyna Zapalska, Chair: Does it answer your question?

Edelweiss Juliea, AEGEE-Eindhoven: I kind of agree, but also it doesn't really mention why continuity is in that case the biggest motivation.

Martyna Zapalska, Chair: Kirsten, do you want to answer?

Kirsten Broekema, Former Comité Directeur: I'm a little bit confused with you saying that you kind of agree, because some of these aspects are legal, as well as the second part, I don't see how this is not more continuity than we currently have, as well. Continuity doesn't mean that one person needs to be in the same position forever. Having one person who actually spends a longer period of time than the one year mandate of Comité Directeur already supplies a lot of continuity to the work of the Comité Directeur and AEGEE-Europe.

Martyna Zapalska, Chair: Okay, I think that's the answer. Thank you for the questions. We will then move on to the next part of the prytanium, which is the presentation of the CIA changes. So I will ask Kirsten and Leon again to present.

Presentation of the CIA changes (Statutes, changes to Articles 13, 17, 20, 32, 36 and addition of the new Articles 22, 23, 24) by ***Kirsten Broekema, Former Comité Directeur.***

Martyna Zapalska, Chair: That was the first part of the CIA changes. Those were the changes to the Statutes. Do we have questions to what was just presented? This is not the whole CIA changes that the proposal makes. For a clear discussion, we will divide it between the parts that are in the CIA. Do we have any questions about the changes that were just presented? We have two questions and we have a clarification. We will start with the clarification from Jacob.

Jacob van der Meulen, AEGEE-Groningen: I just have a clarification from one of the articles, Article 24, sentence 2. About 'None of the aforementioned persons must justify their powers vis-à-vis third parties', what does that mean?
Kirsten Broekema, Former Comité Directeur: What this means is that when they are acting in the powers that are associated with this article itself, they don't need to tell the party how they are able to do that. So, they don't need to explain, okay, according to the Statutes, this is a joint representation, etc. I can also say this paragraph has been edited because it is also based on what has been included in the Statutes of other organisations that have a Secretary General in a similar structure. So, therefore, we also included it here. It's definitely not a bad thing to have it included there, but the meaning is very basic.
Martyna Zapalska, Chair: Does that clarify, Jacob? Okay, it does. Then, we move on to the questions. First, a question from Edelweiss.

Edelweiss Juliea, AEGEE-Eindhoven: AEGEE-Eindhoven has sent amendments, like, proposed amendments. I was wondering if that was processed already in this, or is something I should come up with later?
Martyna Zapalska, Chair: As far as I am aware, AEGEE-Eindhoven's amendments were not to the Statutes, they were to the later part of the CIA changes. We are now doing the Statutes part, we will move on later to the part of the proposal, after the questions to the Statutes. Now we have the last question from Timo.

Timo Haarman, AEGEE-Brno: I have a question to your proposed changes in Article 35, 1. Here you say 'The Working Format of the Secretariat is drawn up in accordance with the Comité Directeur'. I was wondering how you would like to interpret this, because based on the current text I think this is a bit ambiguous, and usually 'in accordance' is a term that is used for items like laws or other regulations. Are you interpreting this as it should be done in collaboration with? Or is it done requiring approval from the Comité Directeur? Based on your motivation, I think it is the second but, can you confirm that?
Kirsten Broekema, Former Comité Directeur: It is indeed the second. And, I do think indeed that we used the wrong wording here.
Timo Haarman, AEGEE-Brno: Then, I have a potential amendment as this wording is coming back a lot in this proposal. But, maybe we can already discuss it here, and then

if you agree you can process it for all the other occurrences. But I would propose to change 'in accordance with' to 'pending approval of'.

*Amendment by **Timo Haarman, AEGEE-Brno** (written in **bold**):*

Proposal before amendment:
Statutes: VII - Working Formats
Article ~~32~~35: Working Formats
(1) 1Every organ draws up its own working format. 2The Working Format of the European Planning Meeting is drawn up by the Agora. 3The Working Format of the secretariat is drawn up in accordance with the Comité Directeur.

Amendment:
Statutes: VII - Working Formats
Article ~~32~~35: Working Formats
(1) 1Every organ draws up its own working format. 2The Working Format of the European Planning Meeting is drawn up by the Agora. 3The Working Format of the secretariat is drawn up ~~**in accordance with**~~ **pending approval of** the Comité Directeur.

Martyna Zapalska, Chair: Please, write the amendment so it is clear. Zofia, is the amendment admissible?
Zofia Wójcicka, Juridical Commission: Yes, this amendment is admissible.
Martyna Zapalska, Chair: Okay, thank you. Proposers, do you accept the amendment?
Leon Vreling, Comité Directeur: Yes, we accept the amendment.
Martyna Zapalska, Chair: Okay. Timo, please send the amendment in a written form to the Chair Team email. It can be after the prytanium, but please do so as soon as possible before the evening plenary.
Timo Haarman, AEGEE-Brno: Alright.
Martyna Zapalska, Chair: Okay, thank you. Then you can move on to the next part of the CIA changes.

*Presentation of the CIA changes (Working Format of the Agora, Changes to Articles 1, 2, 3, 4, 5, 9, 13, 15; Working Format of the European Planning Meeting, Changes to Articles 3, 5, 6; Commission Rules, Changes to Articles 2, 3; Strategic Plan and Action Agenda, Changes to Article 2) by **Kirsten Broekema, Former Comité Directeur.***

Martyna Zapalska, Chair: Thank you Kirsten, as you saw in the opening plenary, we had three amendments submitted. Two of them were deemed admissible by JC, one was deemed inadmissible. Therefore, I ask Edelweiss to come to the stage and present the amendments. We will start with the admissible ones, the ones for the Working Format of the Agora.

Edelweiss Juliea, AEGEE-Eindhoven: Thank you for the proposal. I will start with the amendments.

*Amendment by **Edelweiss Juliea, AEGEE-Eindhoven** (written in **bold**):*

Proposal before amendment:

European Planning Meeting

Article 6: Working Format of the European Planning Meeting

(2) The Secretary General ~~Comité Directeur~~ shall inform the Secretary of the EPM in advance about the agenda.

(...)

(4) The Secretary General ~~Comité Directeur~~ shall publish the minutes of the EPM for the Network latest 2 weeks before the Agora.

Amendment (written in **bold**):

European Planning Meeting

Article 6: Working Format of the European Planning Meeting

(2) The Secretary General **or** **Comité Directeur** shall inform the Secretary of the EPM in advance about the agenda.

(...)

(4) The Secretary General **or** **Comité Directeur** shall publish the minutes of the EPM for the Network latest 2 weeks before the Agora.

Martyna Zapalska, Chair: This is what was proposed to JC. JC deemed this as admissible as was presented in the opening plenary. Proposers, do you accept this amendment?

Leon Vreling, Comité Directeur: We do not accept the amendment.

Martyna Zapalska, Chair: Edelweiss, do you want to still proceed with the amendment? Do you want to have an indicative vote from the prytanium? One second, Kirsten has comments on it.

Kirsten Broekema, Former Comité Directeur: Maybe also explain why we do not accept this amendment. It is already regulated in the changes of the Statutes that the CD, if there is no professional SecGen hired, then the CD takes up the tasks from the Secretary General. So all these tasks go automatically to the Comité Directeur and would still be fulfilled. It's not like they will not be appointed to anyone. And, in addition, with your amendment, it will mean that the responsibility is within two different parties, which only can cause problems in the future, because there is not just one body that is responsible for it, but there are two separate entities that would need to discuss who would actually do this. So it is always better to have one specific body or person, and in this case, the Secretary General makes more sense because of the reasons that we have explained beforehand.

Martyna Zapalska, Chair: Edelweiss, do you want to then keep the amendment? Do you want to hear the opinion of the room?
Edelweiss Juliea, AEGEE-Eindhoven: I think it was clear what they said.
Martyna Zapalska, Chair: Do you want to keep the amendment or do you want to drop it?
Edelweiss Juliea, AEGEE-Eindhoven: I think we can drop it.
Martyna Zapalska, Chair: Okay, thank you. Then this amendment was dropped. We will now move on to the second amendment that was deemed admissible.

*Amendment by **Edelweiss Juliea, AEGEE-Eindhoven** (written in **bold**):*

> Proposal before amendment:
> Working Format of the Agora
> Article 1: Tasks
> (1) The Agora approves the individual activity reports of each member of the Comité Directeur and the Secretary General.
>
> Amendment (written in **bold**):
> Working Format of the Agora
> Article 1: Tasks
> (1) The Agora approves the individual activity reports of each member of the Comité Directeur, ~~and~~ the Secretary General**, and a combined Activity Report of the Secretariat**.

Martyna Zapalska, Chair: Proposers, do you accept the amendment? If you want to comment, you can also do it.
Leon Vreling, Comité Directeur: We don't accept the amendment because it would be, in our opinion, weird, to have an activity report of the Secretariat up for approval by the Agora because these people do not decide on the tasks they are working on. And that is what the activity report is showing. You will be basically judging if they got assigned the correct tasks. And the approval in any case is weird because they do not answer to the Agora, because they are not elected. They answer to the Secretary General. And we do agree that it is a good practice to have an activity report and to show it, but we do not agree that it should be approved.
Martyna Zapalska, Chair: So, you do not accept the amendment. Edelweiss, do you want to keep the amendment? Do you want to hear the opinion of the room?
Edelweiss Juliea, AEGEE-Eindhoven: I think it's good to hear the opinion of the room.
Martyna Zapalska, Chair: For that, we will use the feedback option. If you click on that button of your panel you should be able to have a green tick and a red cross.

The prytanium is majorly against the amendment.

Martyna Zapalska, Chair: Edelweiss, do you want to still keep the amendment?
Edelweiss Juliea, AEGEE-Eindhoven: I still want to keep it.
Martyna Zapalska, Chair: Then we will be voting on the amendment before we vote on the proposal. It will be voted also during the prytanium results in the plenary so we will come back to it at the plenary. Those were the two amendments that were admissible. Thank you, Edelweiss. Now, do we have any other questions or amendments to the CIA changes besides Statutes? I ask Edelweiss again for the question.

Edelweiss Juliea, AEGEE-Eindhoven: We had also proposed an amendment that was inadmissible, but we changed it to make it admissible. I would like to present that one.
Martyna Zapalska, Chair: Can you also have it on the screen? You should be able to share your screen now, and present the amendment.

*Amendment by **Edelweiss Juliea, AEGEE-Eindhoven** (written in **bold**):*

Proposal before amendment:
Working Format of the Agora
Article 3: Practical Organisation
(...) 15The hosting Local selected by the Agora is obliged to present a progress report during the next Agora. ~~16AEGEE-Europe gives a deficit guarantee as specified in article 30 of the Financial Rules~~**.**
(...)
(3) 1Exceptions to sub-article 2 are only possible after approval by the Comité Directeur taking under consideration the advice from the Secretary General on this matter. 2The organising AEGEE Local must show ~~the Financial Director that it will not rely on the deficit guarantee when balancing their budget in order to guarantee~~ the financial viability of the event, ~~but~~ and must prove adequate sources of external funding to cover all costs incurred in the budget.

Amendment (written in **bold**):
(...) 15The hosting Local selected by the Agora is obliged to present a progress report during the next Agora. **16AEGEE-Europe gives a deficit guarantee** ~~as specified in article 30 of the Financial Rules~~**.**
(...)
(3) 1Exceptions to sub-article 2 are only possible after approval by the Comité Directeur taking under consideration the advice from the Secretary General on this matter. 2The organising AEGEE Local must show **the Financial Director that it will not rely on the deficit guarantee when balancing their budget in order to guarantee** the financial viability of the event, **but** ~~**and**~~ must prove adequate sources of external funding to cover all costs incurred in the budget.

Martyna Zapalska, Chair: JC is this amendment admissible in the current format?
Zofia Wójcicka, Juridical Commission: Yes, in the current format the amendment is admissible.

Martyna Zapalska, Chair: Thank you. There is a clarification from Leon.
Leon Vreling, Comité Directeur: Maybe it is a clarification to JC. How is this exactly admissible? Because now, with this amendment, it'd say that there is a deficit guarantee, when before it was removed from the Statutes. So I'd say this is a different proposal.
Zofia Wójcicka, Juridical Commission: It is admissible because you wanted to cross out this part of the sentence because it was giving inconsistencies in the CIA. If you leave this, and you only cross out 'as specified in article…', but you leave the deficit guarantee, is no longer giving inconsistencies in the CIA, because this deficit guarantee would just be an undefined term that can be defined by the Board, so that's why it is admissible.
Martyna Zapalska, Chair: Does that clarify, Leon? He's nodding his head, so I presume yes. Proposers, do you accept the amendment?
Leon Vreling, Comité Directeur: We do not accept the amendment.
Martyna Zapalska, Chair: Then, we will proceed with the indicative voting if Edelweiss wants it. Do you still want to keep the amendment?
Edelweiss Juliea, AEGEE-Eindhoven: I want to keep the amendment.
Martyna Zapalska, Chair: Do you want an indicative vote or are you set on keeping the amendment?
Edelweiss Juliea, AEGEE-Eindhoven: I'm set on keeping the amendment.

Martyna Zapalska, Chair: Okay, then we will go back to this amendment also in the plenary. Edelweiss, can you please send this amendment to Chair Team? So that we can present it in the plenary. Do we have any other questions for amendments of this proposal? I see no further questions. We have the last thank you slide from Leon and Kirsten. Then, that concludes the presentation and the questions. We will now move on to the roll call.

*Explanation of the roll call voting by **Martyna Zapalska, Chair**.*

No questions.

Roll call results

Bodies present: 35
Bodies voted: 33

I. *Enabling the hiring of a professional Secretary General*

28 votes in favour, 1 votes against, 4 abstention.
The prytanium gives a positive recommendation to the Agora.

Prytanium ends at 12:51 CET.

PRYTANIUM II-B: I. PROPOSAL TO RAISE THE MAXIMUM HEIGHT OF MEMBERSHIP FEES, II. SPECIFYING THE MEMBERSHIP LIST PROCEDURE DEADLINE

Chair: *Aleksander Zięba*
Secretary: *David Mediavilla Aller*
Juridical Commission: *–*

Antennae: AEGEE-Aachen, AEGEE-Amsterdam, AEGEE-Antalya, AEGEE-Bergamo, AEGEE-Brussel-Bruxelles, AEGEE-Budapest, AEGEE-Catania, AEGEE-Delft, AEGEE-Dresden, AEGEE-Eindhoven, AEGEE-Enschede, AEGEE-Groningen, AEGEE-Heidelberg, AEGEE-İstanbul, AEGEE-İzmir, AEGEE-Kraków, AEGEE-Leiden, AEGEE-Mannheim, AEGEE-Moskva, AEGEE-Muğla, AEGEE-München, AEGEE-Nijmegen, AEGEE-Novi Sad, AEGEE-Passau, AEGEE-Praha, AEGEE-Salerno, AEGEE-Thessaloníki, AEGEE-Treviso, AEGEE-Udine, AEGEE-Utrecht, AEGEE-Valencia

Prytanium starts at 11:30 CET.

Introduction to the session by ***Aleksander Zięba, Chair.***

I. Proposal to raise the maximum height of membership fees

Presentation of the motivation by ***Job Velthuis, AEGEE-Enschede.***

Aleksander Zięba, Chair: There is a clarification from Akshit. You should be able to unmute yourself now.
Akshit Gupta, AEGEE-Aachen: The motivation is that some Locals are currently near that ceiling or already at it. Do we know how many Locals have their fees around 60 euros or more?
Job Velthuis, AEGEE-Enschede: I know of at least a Local that is around 60 euros and there is one at 70. AEGEE-Enschede is currently at 80. Or at least the proposed fee is 80.

Akshit Gupta, AEGEE-Aachen: There are like 3 Locals of 60 euros or more that you are aware of?
Job Velthuis, AEGEE-Enschede: Yes, but of course we are future-proofing the CIA too. If we are not changing it now, we might need to change it next year. Because 4 or 10 Locals might be nearing the limit. So it is future-proofing as well.
Aleksander Zięba, Chair: Okay. I see no more questions so we can move on to the CIA changes. Please, Job.

*Presentation of the CIA changes by **Job Velthuis, AEGEE-Enschede.***

No questions.

II. Specifying the membership list procedure deadline

*Presentation of the motivation and the CIA changes by **Job Velthuis, AEGEE-Enschede.***

Activity Report of the Communications Committee

Presentation by ***Lukas Vugts, Communications Committee.***

Geert Touw, Chair: Thank you Lukas. Does anyone have questions for Lukas? I see one question from Michiel. Please Michiel, you can unmute yourself and ask your question.

Michiel Barten, Data Privacy Commission: This all looks like a lot of ideas and work, especially those 25 metres of brainstorming. You have a lot of ideas but, how are you going to manage to do all of that?
Lukas Vugts, Communications Committee: We are currently trying to prioritize things so we first need a solid foundation. But, I think it is always good to look ahead and be creative. What can actually be implemented I think is that we can keep the Network updated about it because, as you said, it is a lot of work so we need a lot of help.
Geert Touw, Chair: Does that answer your question, Michiel?

Michiel Barten, Data Privacy Commission: Yes, thank you.

Geert Touw, Chair: That was all. Thank you, Lucas, for your presentation. Then we can move on to the next body that is the Events Quality Assurance Committee. I wasn't informed in advance who will present for them so if anyone from the Committee is present, please say it in the chat.

Activity Report of the Human Resources Committee

*Presentation by **Teddy van Amelsvoort, Human Resources Committee.***

Geert Touw, Chair: Thank you, Teddy. Just in time. Are there any questions about this presentation? I see one question from Matthias, from AEGEE-Enschede.

Matthias Heindl, AEGEE-Enschede: Hi Teddy, thank you for your presentation. My question is about the Knowledge Management System specifically, because you just described it like it is your baby. It is honestly really impressive and fantastic that we have it. My question is more: how does it relate with HRC? Because, if I look at the KMS in total, it doesn't really jump out at me as HR specific, but if I look at the list of Committees, there is not immediately a better Committee or a better body other than CD to handle it. So how do you see the relation between HRC and all the information in KMS?

Teddy van Amelsvoort, Human Resources Committee: I will try to explain it and give also the historical background. This project was kind of started before I joined CD, and then it transferred to CD. So it always jumped a bit with me. The reason why it stayed in HRC after I left CD, is because it really relates to knowledge transfer and internal education. Because internal education is not just on actually learning about the job, it is not always on having a session. It is also about having material available. We are the ones making the material available so members can learn and they can train. So we are not the ones that make all the content, because indeed that would be impossible. We

don't have the yard expertise. So what we do in that case, we actually take what was already there in the past or we say 'hey Communications Committee, we see or we have noticed that members really have an interest in having more materials about communications. Could you please help us provide; so that way we actually build the system, make it available and respond to this internal education need.

Geert Touw, Chair: Does this answer to your question? I see a + in the chat which is a yes so thanks for the presentation, it was very clear. Now we can move to the next body that is the IT Committee. I wasn't informed in advance who from IT Committee would be presenting so if anyone is present from IT Committee please say it in the chat. Okay I see Rik Smale. Do you also have a presentation ready? Okay, then I will make you co-host and now you should be able to present and share your screen.

Activity Report of the Strategy Committee

*Presentation by **Maria Magdalena Szczerbowska, Network Commission.***

Geert Touw, Chair: Thank you Maria. If you have any question you can say it in the chat. There is one question from Teddy. You can still unmute yourself, so go ahead.

Teddy van Amelsvoort, Human Resources Committee: Thank you, Maria, for your presentation. I was wondering because for at least three Agorae, the strategic documents that StC works on have not been published on time, even though that is a contradiction to the Working Format of the Agora. Right now we are expecting delegates to vote on them, but they can't discuss it with their Locals or see them. Could you maybe clarify why this publishing hasn't been done on time? And, how do you think this can be prevented for future Agorae?
Maria Magdalena Szczerbowska, Network Commission: I think it happens because first of all we need to get the input on time, and then we need to put it in some files and spreadsheets, etc. And sometimes, we also struggle with internal collaboration or ensuring that the processes are smooth. So, I can definitely pass the information to those of us who work on those files because I am not this lucky person. But yeah, we will try to fix it. And thanks for pointing this out.

*Explanation of the roll call by **Geert Touw, Chair**.*

*Introduction to the session by **Martyna Zapalska, Chair.***

Making the Policy Office an Organ of AEGEE-Europe

*Presentation of the motivation by **Florina-Marieta Neagu, Y Vote.***

Martyna Zapalska, Chair: Thank you Florina. Are there any questions about what was just presented? Only to the motivation of the proposal. We have four questions: Teddy, Mathias and two other questions from Teddy.

Teddy van Amelsvoort, Human Resources Committee: I am personally of the belief that your motivation and intention with the proposal are misaligned, you mentioned you want the right to make proposals and have a working format, but now you are proposing changes regarding the collaboration with other bodies such as the Comité Directeur and Working Groups as well. Why not have that separate? So first establish the structure of the Policy Office, define organs that you mention are undefined, and gain more knowledge on the reasons for certain things and discuss with relevant actors before proposing changes in your collaboration with others and our overall HR structure.
Florina-Marieta Neagu, Y Vote: Basically, no, it's not misaligned. I'm not going to contradict you on this, but actually all the changes that we made, also the ones related to the way we are going to work with Working Groups and the CD that everyone is going to see a bit later, they are also related to our internal functioning and the way we work and the way we do things. So they are not misaligned. They are not on the same topic because it's not about the organ. So, we also want to make some changes under the Policy Office articles, but they all have the same motivation behind it, that we want to edit a few things that are not used or things that we realized that in our work was not really the way that was supposed to work. And, this is also related to making proposals,

and it's also related to the way that we work with the working format. Because, you're going to see, the changes are related to the way that the Policy Officers are named or they work. So, it's something that for us felt like it was right to do it at the same time. And, the reason why we didn't want to also do two separate ones, first of all, it's really complicated. As you can see, it's complicated even for us that we are not allowed to make such proposals, and it's a lot of work on the CD to do it, and then we thought that it's easier to just do it under one proposal. I'm not sure if I answered or not, but I will read the question again.

Martyna Zapalska, Chair: You can have a direct.

Teddy van Amelsvoort, Human Resources Committee: I think one part of the question was unanswered. So why not first actually define organs, and help have a clear HR structure rather than making changes which might make it more difficult to revert, if necessary?

Florina-Marieta Neagu, Y Vote: First of all, I don't think this is actually a question just for us, because we are not in the position to actually define what organs do. Actually, organs are defined, you know, one way or another. So, you can see a few things that organs do. The only definition that doesn't exist is about European Bodies, and this is not something that the Policy Office can do. We had this conversation with JC actually and they said they will propose, or at least I don't know who was supposed to propose a definition of what European Bodies do. So, I feel like this is not our responsibility as the Policy Office to make this change in the CIA, to define what organs and European Bodies do. What we wanted to do is that we want to also be on that list based on the things that are already in the CIA regarding making the proposals, having working formats, and so on. So, I think restructuring the HR strategy is not something that we can do through any proposal.

Martyna Zapalska, Chair: Does that answer the question, Teddy? A clarification.

Teddy van Amelsvoort, Human Resources Committee: I only asked about the definition of organs because that was actually in the response that Michiel gave me on my original comment that it was undefined. But I don't need a further response on it. It was more to clarify why not first this, before actually making changes when there's still a lack of understanding in general. I don't need a response, just clarification.

Martyna Zapalska, Chair: Florina, if you want to comment, you can still comment.

Florina-Marieta Neagu, Y Vote: Yeah, once again, it's not our responsibility. And even if we would love to do that, we cannot make proposals because we are not an organ. So maybe this is something for HRC or maybe for JC to do in the future, or the CD.

Martyna Zapalska, Chair: Then that concludes the first question. And, we move on to the second question. That is a question from Matthias.

Matthias Heindl, AEGEE-Enschede: Just because you do say that European Bodies are not defined: are there any other European Bodies that are not organs at present?

Because the only one that comes to my mind is Interest Groups. Do I understand correctly? To my knowledge, people have been present at Agorae in the past few years as envoys of the Policy Office. Is that correct? Like, it's unclear to me what examples there are of European Bodies, but not organs?

Florina-Marieta Neagu, Y Vote: So, first of all, yes. The bodies that are not organs of AEGEE-Europe, you can see the ones that are not in this list. In this list, CD is missing. CD is also an organ. So basically, Interest Groups, projects, Liaison Officers who have a very similar structure that we used to have before we became a European Body with the team. So basically, also SUCT, and I know there were conversations in the past. This is what JC also told us last year. There were conversations to maybe make SUCT an organ, but other than that, it's just Interest Groups, Liaison Officers, projects... Basically, there are these bodies that don't really have a similar structure like we have, and they don't do what we do. And secondly, we can have envoys. So, this is a separate article in the CIA, where it's written that Policy Office and also Liaison Officers can have envoys to the Agora, and that's why, yes, we were present at all the last Agora in the last three years.

Martyna Zapalska, Chair: Matthias, does it answer your question? Okay, the question was then answered. Then we move on to the second question from Teddy.

Teddy van Amelsvoort, Human Resources Committee: So, you mentioned in the motivation, like, one of the main reasons to become an organ is to improve the internal functioning. But personally, I'm still failing to understand how just having the CIA rules and just making your own set of internal working rules without having, being forced to have a working format will not resolve that issue. Could you clarify?

Florina-Marieta Neagu, Y Vote: The way we put it, because this was a discussion that started exactly from our internal restructuring, was that we have, or we should have, the internal structure of any other Committee, Commission even, well, not Working Groups because they also don't have a speaker team, but we should have more or less the same rules and the same internal structure that they have. We even wrote the working format that is very similar to the standard working format. But then, when JC was like, you can do whatever you want, we realised that that's not okay. Because we function as an organ, but we don't have to. Which is not necessarily, yes, this means that if we are, like, in good faith, we can function as an organ forever. But this made us realise that these two things don't add up. And, it's not just about when we are talking about internal functioning, it's not just about that we don't believe that we're going to have a working format in the future. We still do it because we function as an organ and we function as a European Body. The problem is also, for example, our role. Because so far, since 2020 we have tried to change our role as a Policy Office. We try to be more structured. We try to work more on internal policy and advocacy, education and development, not just externally as an extension of the CD. And we feel like once we become an organ, this will be more clear also to the Network, not just to us internally.

So it's not just a matter of HR because if it would have been just a matter of HR, we would have asked HRC. But it's also a matter of, okay, right now we do these things because we are nice and we want to, but then next weekend if we decide we don't want to do them anymore, we don't because no one is there to tell us. Even, for example, how to choose our speaker team, like JC told us very clearly, like you need to have a speaker team because it's in the CIA, but the way you choose it, the way you function with it, it's your choice. Which is very arbitrary if you think about it.

Martyna Zapalska, Chair: Does it answer your question Teddy? Direct clarification.

Teddy van Amelsvoort, Human Resources Committee: I just want people to be aware of the fact that even if there is an internal working format or a working format that is proposed to the Juridical Commission, a body is still technically allowed to ignore it because it's not binding. So there's not much changes that are happening.

Martyna Zapalska, Chair: Florina, you can answer if you want.

Florina-Marieta Neagu, Y Vote: That is completely true, but being an organ doesn't mean only to have a working format. So that's not just the only thing. We still have one, we use it sometimes if we want to, but also it's not made public to the Network. They don't know how the Policy Office functions because we don't have to make it public and even JC doesn't ask us for it because we're not an organ of AEGEE-Europe. And, also think about the way that other organs work. Sometimes we don't do things that are very different from them. So, I think we should still have the right to make proposals and also make these changes as any of them.

Martyna Zapalska, Chair: I think that concludes this question. Then, we move on to the last question from Teddy.

Teddy van Amelsvoort, Human Resources Committee: I'm not fully sure if the question is more suited to the motivation or the CIA changes, so Martyna, feel free to move it to later. It's more of a comment rather than a question and I will put it in the chat again, because I still believe that the CD and Policy Office couples should remain, because the argument was made, as a response to my initial feedback, that it was too much of a workload to attend meetings, but that's never been the intention of the CD and Policy Office couples. It's actually intended to smooth the process, as CD approves in the end the statements that are made, and they can help a specific Policy Office member with their expertise. So, in my CD year, I was assigned to social equity and digitalization, where I gave expertise, and I was in direct contact with the Policy Officers to improve their work, give recommendations of events or include them in any conversations. I am a bit fearful that with this proposal this will actually be taken away, and more work will be given to one CD member, in this case Eliise, rather than the CD being an expert or understanding of the topics on which we're advocating.

Florina-Marieta Neagu, Y Vote: Can I comment?

Martyna Zapalska, Chair: Yes, it's kind of more concerning the CIA change, but Florina you can have the comment already now.

Florina-Marieta Neagu, Y Vote: Yes, I just wanted to comment that I'm going to explain it later, while explaining the CIA changes. So maybe it will give more context for the others who are here, and maybe don't really know what I'm talking about right now.

*Presentation of the CIA changes by **Florina-Marieta Neagu, Y Vote.***

Martyna Zapalska, Chair: Thank you Florina, for the presentation. Before I will ask for further questions, I will go back to Teddy's question, since Florina was mentioning it in the presentation - Teddy, does this clarify your question? Do you have a follow-up?
Teddy van Amelsvoort, Human Resources Committee: I partially understand your reasoning but I still disagree from also the point of view that you want expertise to be built in the Comité Directeur to actually understand how to advocate externally for what we're doing and also make use of that in, for example, projects, etc. I fear that is actually much more workload for the CD member to actually be aware of every single thing that is happening with the Policy Officers. I don't need a response, it was just a comment.
Martyna Zapalska, Chair: Florina, you are still allowed to respond or comment back if you want to, as you are the one presenting.
Florina-Marieta Neagu, Y Vote: Yes, yes, I can respond because first of all, as I mentioned, it would be amazing, like we are more than happy to do this but the CD doesn't have time. Eliise is here, maybe she can confirm this. Also, it would be doubling the work because this is Eliise's role. She joins our meeting not just because they are fun. She joins our meeting also to know what is happening. And then, if there is something that can be a synergy with other CD members, I'm pretty sure this is her role to actually share it back. The way we've worked in the past is that usually the CD members, just because they don't have time, but also because they know we have more expertise, they don't just start doing the research on their own on a topic. No, they send emails and they ask us, hey, can you go to this event or can you help with writing this project proposal? And if we say no, we don't have time, which never happened. If they say I want to do it, I want to do research, then we support them. But these are very isolated cases. It happened to me two times in the last three years. So, I don't think any CD member went to an event doing extended research. And I also don't think they want to have one meeting per month to discuss the things that we are doing personally, because most of the time we are doing things like position papers, we choose the topics. I don't think this is going to help them to gain more expertise on a specific topic. I mean, our materials are free for everyone to read, including those present here. So I feel like this will add additional burden for them and for us as well. Honestly, we discussed it, we don't really have time to keep in touch with one more CD member, when we are already keeping in touch with one, and some of us with Working Groups as well as other bodies. So it would just bring additional burden for, I think, both sides and this hasn't happened in practice. I'm sorry to tell you, it's true.

Martyna Zapalska, Chair: Okay, I'll allow for the short direct from Teddy.
Teddy van Amelsvoort, Human Resources Committee: I actually am of the belief that CD should make time for this, because policy and advocacy is one of our main means as an organisation. So it makes a lot of sense that CD is actively involved, all of them, with policy and advocacy.
Martyna Zapalska, Chair: Florina, you can respond, you don't have to.
Florina-Marieta Neagu, Y Vote: I think it's very easy to say, yes, they should make time for a lot of things, but they are also humans, working eight hours per day. And we are not the only body or the only topic that they are working on. So this is maybe a thing for the CD to discuss.
Martyna Zapalska, Chair: Okay, then that concludes this. Then, now I will open the question line to all of the CIA changes. So what Florina presented, all of the changes, if you have a question or if you want to make an amendment, the question line is open now. And the question line is closed. We have one question or comment from Teddy, you can go ahead.

Teddy van Amelsvoort, Human Resources Committee: For me, I believe it's essential for the fulfillment of the Action Agenda and Strategic Plan that there is a strong collaboration from the Working Group and assigned Policy Officer. And it was already explained that there are some issues but if there's no Policy Officer, I do not see why the Working Group would not be allowed to give input on the application. If the issue with the Working Group Coordinators having a say on their assigned Policy Officer was the date of appointment and election, why not make changes there instead of taking out the consultation process with the Working Group?
Florina-Marieta Neagu, Y Vote: So, first of all, it's not just about the date and election. As I explained, it's not just the date that we are chosen at Spring Agora. It's also the fact that we, some of us and most of us, and this is something that we aim as Policy Officers, to keep Policy Officers for longer times. So, it doesn't really make sense to have Working Group Coordinators change every year. And every year for us to have to, I don't know, resign or kick out the Policy Officers and that they have to reapply. So that only then they can be chosen in consultation with the Working Group coordinator. It doesn't really make sense in practice. It's very hard. Also, what should we do when we don't have Working Group coordinators? It happened and we are not saying that just because we don't, the Policy Officers are not chosen in consultation with the coordinators. We are not saying that this does affect our collaboration because, first of all, if there are issues and there have been some in the past. If there are issues that coordinators of Working Groups say that they don't like to work with the Policy Officers because, I don't know, they don't reply to their messages. This is something that we take to our Speaker Team and to Eliise and we discuss internally. So, changes can be made if the collaboration doesn't work but so far it worked because we have the same interests and we are

together. Also, we had some problems because Working Groups weren't that active, so we picked up on some things. So, I don't think this is going to affect and it hasn't affected our consultation process. It just doesn't make sense for them to be consulted and for us to make other changes, like the way we choose the Policy Officers or for how long, or even to make other changes in the CIA just because we need the consultation of one person who sometimes is not even elected. So, yeah, I think this is the easiest one because we already had this consultation. The process works. It just wouldn't work for us to just change our Policy Officers every year because, yeah, it's super hard to find them. We are still looking for many. We're still looking for one for a Focus Area. So, yeah, we're just telling you how it works right now.

Martyna Zapalska, Chair: Okay, there is a clarification from Teddy.

Teddy van Amelsvoort, Human Resources Committee: Yes, that's why I focus specifically on the question if there was no Policy Officer yet, because it would not be my intention at all, to have a Policy Officer that is dedicated, to resign in order for the Working Group Coordinator to again mention something about them. But it was about the new ones, but I think you partially already answered.

Martyna Zapalska, Chair: Teddy, do you have a question or do you believe that it was answered? Do you want Florina to clarify more? Okay, Florina, you can have a comment on that if you want to say something else.

Florina-Marieta Neagu, Y Vote: So, yes, I understand. So, what you're saying is that why not use this consultation process if we choose Policy Officers, let's say, after this open call. This is a very isolated case. And also, what we've done in the past, we are chosen and appointed based on, because we have a Speaker Team we're discussing with the Speaker Team in the team, and the CD has the final say. So, I'm pretty sure this can be done, like, for the CD to consult a Working Group coordinator, which by the way, just starts their term. So, it's not like they have that much experience with the thematic area yet. Nothing stops the CD to actually collaborate with the Working Group and let them know about this, but we don't think that this needs to be in the CIA, because if it is in the CIA, we have to use it for every single situation, not just for isolated ones. And it's also what we usually do, when we have new Working Group Coordinators or new Working Groups as well, we have a meeting with the Policy Officer. This is the first thing that we do. We even had common meetings with all the Policy Officers and the Coordinators. So, all of us, we are working for the same purpose and I think there were no cases where we were fighting between each other or this consultation process didn't work. So, I would say it doesn't really need to be here. Again, it can be there, but we are not using it in practice. I don't know if anyone will come to make us use it. So, better just take out useless things from the CIA.

Martyna Zapalska, Chair: Thank you, Florina. Since we still have time, I will ask if there are any other questions to the proposal? Okay, I see no questions. Thank you very much Florina, for the presentation.

*Introduction to the session by **Aleksander Zięba, Chair.***

András Máté Perl, Strategic Committee: Hello everybody. Very big welcome that you are here in this prytania. We are really happy that you are here. We will have 3 reports as Alek said. The order is not how we said. I hope it will be fine. We can speak after it. But we are gonna have Action Agenda fulfilment 2023 - 2024, Action Agenda 2024 - 2025 and then Strategic Plan 2023-2026.
Aleksander Zięba, Chair: Máté just one thing. Please, stick to the order that is in the agenda of the prytania. So please start with the Strategic Plan fulfilment 2023 - 2026.
András Máté Perl, Strategic Committee: Okay I have in my presentation so then I will skip there.
Aleksander Zięba, Chair: Thank you.

I. Strategic Plan 2023 - 2026 fulfilment

*Presentation by **András Máté Perl** and **Nienke Klaassen, Strategic Committee.***

Aleksander Zięba, Chair: Thank you. This was the presentation of Strategic Plan 2023 - 2026 fulfilment. Now is the time for questions to it. Are there any questions? We have received one question from Burak.

Burak Ziya, AEGEE-İzmir: I would like to ask a question to Máté. This means that if we would have reported any kind of event we organised it would have counted, right?
András Máté Perl, Strategic Committee: Thank you Burak for your question. I did not know that you would ask this question now but later. Yes, as we will present later, if you guys report to us what you have been done locally for the Focus Areas, then these numbers can significantly go higher. Thank you for your question.

II. Action Agenda 2023 - 2024 fulfilment

*Presentation by **András Máté Perl** and **Nienke Klaassen, Strategic Committee.***

*Presentation by **Zofia Wójcicka, Juridical Commission.***

No questions.

Activity Report of the Audit Commission

*Presentation by **Daniël Blom, Audit Commission.***

Piotr van Dijk, AEGEE-Delft: I wanted to ask you, Daniël, in the future plans you only mention knowledge transfer but what do you think would be a good future plan for the next Audit Commission? What could they do to function better? Or to make AEGEE-Europe function better financially?
Daniël Blom, Audit Commission: That's a good question, thank you. Best thing to do is to have consistent live audits in Brussels if it's possible, and if it's not possible, online audits, do them consistently. And, also make sure to keep an eye on not just a big picture but also the small picture of individual projects that are going on within AEGEE. We found around halfway through our term that we might lose track of individual projects if we are not very careful to look at them individually because it just becomes one big pile of bookkeeping, which is very hard to keep track of. So, I would say that. Does that answer the question?
Piotr van Dijk, AEGEE-Delft: Yes, thank you.

David Mediavilla Aller, Chair: Okay. If that answers the question, that was it for the Activity Report of Audit Commission, thank you very much and the next Activity Report is Data Privacy Commission. Valentina, you can now share your screen and start the presentation of your report.

Activity Report of the Data Privacy Commission

*Presentation by **Marija Valentina Žuvić, Data Privacy Commission.***

No questions.

Activity Report of the Network Commission

*Presentation by **Iulia-Ana-Maria Simion, Network Commission.***

Iulia-Ana-Maria Simion, Network Commission: Lizi Gogiashvili wasn't very communicative and she was not doing her job very well or helping Locals. We considered it as a resignation based on the CIA and the Working Format.

No questions.

*Explanation of the roll call by **David Mediavilla Aller, Chair**.*

No questions.

Diversification of Income

*Presentation by **Eren Geçkin, Comité Directeur.***

Job Velthuis, AEGEE-Enschede: First of all thank you for the presentation. My first question is that with now Nikoloz not being present anymore, do you think that you as at least the sole responsible on behalf of the Comité Directeur have enough time besides your normal duties to direct and help the Fundraising Committee and apparently now the Liaison Officers also included in fundraising? Do you have enough time, besides your normal tasks, for this?
Eren Geçkin, Comité Directeur: Thank you for the question. Even though Nikoloz resigned today, we knew it from months ago, so I can say that I made my plans according to that. First one was to try to create a well functioning Fundraising Committee which I can say that it went well. Fundraising Committee is helping with my fundraising currently. This is an action that we took from the first weeks of our mandate because we knew that we will not have a Fundraising Director. That action was taken. Now I would say that I have time to manage the process because it was created knowing that.

Job Velthuis, AEGEE-Enschede: My second question is with, of course, combining your budget with Activity Plan as all Financial Directors should approach the Activity Plan, is three partnerships enough for monetary gain for AEGEE? Very clearly to the Network: we have a lot of partnerships, but those offer reductions in prices, for example FlixBus,

we don't really get money in exchange for it. My question to you, Eren, is do you think with renegotiating the current partnerships and at least three partnerships, do you think it is reasonable to expect what you also plan to fundraise in your budget?
Eren Geçkin, Comité Directeur: We can also rephrase this question as well. Because I tried to highlight at least three new partnerships. I put there three as a more realistic target, but of course the aim is to exceed that three new partnerships. When it comes to budget, my budget of fundraising income is planned as ten thousand, which is from three partnerships that value is possible, theoretically, but of course as I said in the beginning the aim is to exceed three partnerships. It is not the maximum amount we are aiming for but it is the minimum amount that I can foresee, let's say. But the goal is to go for more partnerships but not three.
Aleksander Zięba, Chair: Okay Job, does that answer your question? I see not, so you can have a direct comment but please quickly.
Job Velthuis, AEGEE-Enschede: Would you then agree that you might need to reconsider phrasing this goal to make sure that also aligns with what you expect, with what the Fundraising Committee expects and also the budget is expecting? To make sure that also includes the goal of having monetary gain and not solely partnerships.
Eren Geçkin, Comité Directeur: Yes, it can be rephrased as partnerships that can get monetary...sorry fundraising in cash, not in kind. So if it creates confusion, what I refer here is not partnerships in kind but partnerships in cash.

Marin Ivanov, AEGEE-Sofia: What youth organizations do you plan to investigate when it comes to fundraising strategies?
Eren Geçkin, Comité Directeur: I am sorry. Can I ask for a clarification of the question?
Marin Ivanov, AEGEE-Sofia: You have listed in your objectives that you want to investigate international youth organisations in terms of their fundraising strategies. Can you give us examples of those youth organisations that you plan to investigate?
Eren Geçkin, Comité Directeur: My first goal would be to have something in common with JEE, Junior Enterprises Europe. I already started it, I will finish it.

Events and Projects

*Presentation by **Eliise Haljas, Comité Directeur.***

No questions.

External Relations and Advocacy

*Presentation by **Eliise Haljas and Daria Rzepisko, Comité Directeur.***

Edelweiss Juliea, AEGEE-Eindhoven: What are you doing about organising collaborative events since AEGEE-Eindhoven is already organising one that will lead to the fulfilment of this objective?
Daria Rzepisko, Comité Directeur: Thank you so much for this question and thank you AEGEE-Eindhoven for organising the event with BEST. Indeed that event will already fulfil this objective but as it is stated "at least one collaborative event", soon another one is happening in Warszawa, with the collaboration with the NYCU, so European School on how to run a youth NGO, we have also submitted the grant application with BEST to have a MINT 2.0. We are waiting still for the results but maybe that will be another one. We are talking with different organisations to have some events in the future.
Aleksander Zięba, Chair: Thank you Daria. I see it answers your question and I see that Teddy also dropped her question so we can move on to the next section.

Financial Management

*Presentation by **Eren Geçkin, Comité Directeur.***

Marija Valentina Žuvić, Data Privacy Commission: Why are you only focusing on the reimbursement of travelling for the AEGEE members? Why not for the reimbursement of the other parts of their involvement in the organisation?
Eren Geçkin, Comité Directeur: Our part here is to make the system faster, but the existing system. Focusing on enabling other European Bodies or other people to get reimbursements I think is a different topic which mostly goes with the diversification of income, because the plan is to make them get reimbursed from our budget. So, this part is mostly about technicalities and making the existing system faster.

Job Velthuis, AEGEE-Enschede: Thank you for your presentation again. My question is about the sustainable travel tracking component. As indeed we have stated in the CIA that for sustainable travel we were granting more reimbursement possibilities if they chose a sustainable travel option. However my question is, how do you plan to track the sustainability of each travel? Because there are a myriad of different factors that are limiting, for example, the time that people might have if they only are flying, because they have exams for example, while strains of FlixBuses might take too much time. How do you plan to take all personal details which are very relevant for sustainability options for each travel reimbursement into account to make sure you have a single very effective key performance indicator to make sure that you measure a valid and usable sustainable travel option?
Eren Geçkin, Comité Directeur: Thank you for the question. First, sustainable travel tracking future is already developed. I am not the one who's going to develop it. This is a form created by Sustainability Committee. So we already have that. As technical answer

what I will do is add this form to the chain of requesting reimbursements. And how to be sure that it applies with the same rules as well, also focusing on best option possible. It just lets us not check all the reimbursement and how sustainable they are but they will be checked in the form before we see the full reimbursement request. It's another section in the whole reimbursement process. And the goal is not to make it slower by adding this extra step in the process.

Aleksander Zięba, Chair: I see it does not answer your question. You can clarify but not ask another question.

Job Velthuis, AEGEE-Enschede: I then fail to see what the added benefit is except just more data which is not very usable and giving an option to the Comité Directeur, but also the Sustainability Committee to steer the direction of AEGEE-Europe. I fail to see the effectiveness of this.

Eren Geçkin, Comité Directeur: We believe that the system will be an incentive. So our goal is to give this incentive to the Network to choose the sustainable option. This is the first benefit, that we plan. The second benefit is that we have such data in our database, how sustainable are the travels in general. By having this kind of feature in our system, we will also help to relevant grants and other relationships with other youth organisations as well. So if we need sustainability data in the future we will have that because of this new feature in our system. This is the benefit that we thought.

Aleksander Zięba, Chair: Thank you Eren, thank you Job. Does it answer your question? You can have a very quick clarification but please be precise and to the point, very quickly.

Job Velthuis, AEGEE-Enschede: So if I understand you correctly, is this for the moment just pure data collection for promotional purposes?

Eren Geçkin, Comité Directeur: No, it is something that we should have. This is one of the goals but it is not the main point. Main point is giving an incentive to our Network to choose the more sustainable option if they have a chance. Because now it is a case, but I think majority of our Network doesn't know because it is not visible. Because of this feature it would be visible. So they can see every reimbursement that they have. This will probably lead them to use the sustainable option. We can also track our activities every year, internally, not promotion.

HR & Internal Education

*Presentation by **Jan Jankowski and Leon Vreling Comité Directeur**.*

Aleksander Zięba, Chair: Thank you, we will now move quickly to the questions of this section. If you have some, indicate it in the chat as usual. The question line is already open. There are a lot of questions. The question line is closed. We will start with the first question and we will see how we are doing with the time and then we will try to have them all. Without losing time I will unmute Vale, as she is the first one to submit.

Marija Valentina Žuvić, Data Privacy Commission: I have a question to Jan because I am very, very confused about what is going to be the difference between the Alumni and the Les Anciens then?
Jan Jankowski, Comité Directeur: The general name is Alumnae Platform. We believe that people in the Network think of Les Anciens as… they don't particularly want to join Les Anciens. And so the general point of Alumnae Platform is to refresh the idea of it. To see if there is a possible collaboration throughout, next year is going to be 40 years, and there are so many people who work in the European Commission as there is much more place to growth of our members. So the general point is to inform the Network about those possibilities. For sure I am not losing the naming of Les Anciens. I want to keep that in, because people think okay this is the Alumnae structure of AEGEE. But I strongly believe that it needs to be upgraded. These are the voices that we hear from Les Anciens themselves. That they want to be more relevant and they want more people working on it. So we are actively working on that.
Aleksander Zięba, Chair: Thank you Jan. Please remember that be concise is our motto for these questions and answers. Does that answer your question Vale? Yes, and I will already unmute Job. Also, please, to the point.

Job Velthuis, AEGEE-Enschede: If you could move one slide further to Knowledge Management. I very much agree with your plan to retrieve the data that is stored on the drive that no longer exists, however, have you also got a strategy and an approach for the drives of individual, at least, CD members and also other members who have stored vital information or vital minutes of European Bodies or anything else that have done for AGEEE in their own personal drives and that have not been moved to European Bodies' drives. Take a previous SecGen for example who has a lot of data on their own PC.
Leon Vreling, Comité Directeur: Thank you for the question, Job. I did not think about this when I already had like three inputs for the data. I think it would be good to start a discussion with both DPC and ITC about how this can be done.

Teddy van Amelsvoort, Human Resources Committee: First question is to Jan. Also specifically on this slide so it is amazing that it is on there. Could you clarify what you mean with task specific guidelines to assist the members of CD? What do you mean and where appropriate could this be done by relevant European Bodies? For example HR guidelines by HRC, External Relations by Liaisons Officers, etc, etc.
Jan Jankowski, Comité Directeur: I will provide an example. When Statutory Events has set a deadline, that has to be met. Something has to be signed one month, sometime needs to be sent two months ahead, you have to plant things ahead. This document is not prepared for the CD responsible and that leads to some confusion.

This is one of the examples of the guidelines that we want to prepare. I believe that some of the topics are of the work of CD, but then when something is relevant with European Bodies, they as well will be noted about that and the dialogue and the communication will be there.

Teddy van Amelsvoort, Human Resources Committee: I was typing that I already have some of the documents of the statutory events so you can use them. The second question is more for Leon. Regarding also this slide, in the EB feedback period I suggested including KMS editors in the first part of the Knowledge Management Objectives as strong collaboration but this was not included. I was wondering if you could please clarify why it was not included? I am asking as a lot of work has been put up by me to actually sort more than six thousand files from old computers. And right now it really reads to me that CD will do most, if not all, of the work.
Leon Vreling, Comité Directeur: Teddy, thank you for the request for clarification, and of course, thank you for all the work already done. I believe, and I am also looking at the rest of CD here, we were talking about this during drafting and KMS editors were indeed not included because it is not an official body of AEGEE. But it is, as we saw it, more a subset of people from HRC. So that is why HRC is there.

Edelweiss Juliea, AEGEE-Eindhoven: I have a question for Jan. As HR Director your task was focussing on the HR management of Members/AEGEE, however there are no points on your Activity Plan related to this. What are your plans regarding overall HR management in AEGEE and why is it only focussing on Alumnae instead of more parts of the HR cycle?
Jan Jankowski, Comité Directeur: Thank you for your question. Activity Plan is the document of something that we do a bit more, but that we want to focus more in that kind of extra, of what we are already doing and working throughout the year. And I believe that the baseline is what you said the HR director is focusing on HR processes that are happening in the organisation. I'm already in touch with multiple European Bodies. I am talking with them. I am trying to cooperate with them, create space for dialogue and possible interactions as well as Interest Groups, as we presented a presentation on the first day, and as well Working Groups – I am actively working on this part. As well I believe that the members of the Network are able to connect to the Alumni or previous members of our Network, I think that is opening another way of helping our members and as well the training, the sustainable training, is pretty relevant because if we want to be organisation and non-formal education is quite important. I hope it answers your question. Thank you.
Aleksander Zięba, Chair: Okay Edelweis, does it answer your question? + or - and you can move on to your second question. However, there will be only one of your two remaining questions allowed. You can unmute yourself now.

Edelweiss Juliea, AEGEE-Eindhoven: Okay. Enhancing the Network and Locals support system. In this point you have some objectives that are the same as last year. What still is left and fulfilled regarding points one and two?
Jan Jankowski, Comité Directeur: Augustin Viot was the Network Director and the previous HR Internal Education Director was Lena Sobczyńska. I am not sure about where are the similarities between mine and Augustin's Activity Plans.
Aleksander Zięba, Chair: Leon, you can clarify first.
Leon Vreling, Comité Directeur: Edelweiss, I think this is a question to the next topic.
Aleksander Zięba, Chair: If it answers, or if it doesn't answer we will just move on to the next section to ensure we will have time to discuss all sections, so please move on to the Network and Locals.

Network & Locals

*Presentation by **Eliise Haljas, Comité Directeur.***

Teddy van Amelsvoort, Human Resources Committee: I was wondering what role you envision for the Human Resources Committee in this part of the Activity Plan?
Eliise Haljas, Comité Directeur: I'm reading the objectives again so I can remember this.
Aleksander Zięba, Chair: Okay Eliise, if you need time to find an answer to this question and if you don't mind we will come back to this question after the next section is presented. So that we save a little bit of time. And we can move on to the next section of the Activity Plan.

Secretariat Management

*Presentation by **Leon Vreling, Comité Directeur.***

Job Velthuis, AEGEE-Enschede: Thank you for the presentation. I very much agree with the Secretariat Strategy. However, I see that you mention funded volunteering. Does this mean that we have a volunteer? Or do we have an intern? Which of course per our own statements should be at least given some reimbursement for their efforts. Do you mean volunteer in this case or do we have an internship? Because of the funding.
Leon Vreling, Comité Directeur: Thank you Job for the question. This is the wording that we used because we looked at some programs like European Solidarity Corps, and they used the wording funded volunteering scheme. So that is the wording that we copied. But as an example, Solidarity Corp or there is this specific for french speaking people, the *Service Civique*, so those kinds of things. So, funded volunteering schemes.

Strategy

*Presentation by **Leon Vreling, Comité Directeur.***

Teddy van Amelsvoort, Human Resources Committee: I was wondering why Jan is not mentioned as the Secretary Responsible as he has overview of Working Groups in his portfolio? So I thought maybe that will be very relevant, specially for point 3, to have him work together with you?
Leon Vreling, Comité Directeur: The fact that I am main responsible, does not mean that I am not collaborating with the rest of CD in this topic, since this is our Activity Plan and this specific session does not necessarily belong to me. But I think of course there will be a lot of collaboration with Jan. Certainly with this topic, but also with the rest of the topics.

Aleksander Zięba, Chair: I hope this answers Teddy's question. This concludes the questions to the Strategy. Now is the time to ask questions to the whole Activity Plan, including the question from Teddy that was moved from before. So if you can please state in the chat if you want to ask a question, then the question line is open now. And the question line is closed. We have two questions, the first one is from Vale.

Marija Valentina Žuvić, Data Privacy Commission: I have a very important question I wanted to ask you: are you going to credit the people who were working with you in any of these objectives, even if they are not mentioned currently in your Activity Plan? I am asking this as sooner was mentioned that KMS editors are not added in the plan as they are not officially a European Body.
Leon Vreling, Comité Directeur: Yes, of course. Mostly in the Activity Report is when we are gonna say what specifically has been done.
Aleksander Zięba, Chair: Okay. It answers Vale's question so we can go back to Teddy. Is that a new question or is that the same one?
Teddy van Amelsvoort, Human Resources Committee: It is a new one.
Aleksander Zięba, Chair: Okay. So first let's proceed with the new one and then we will come back to the previous one.
Teddy van Amelsvoort, Human Resources Committee: I don't have a previous one.
Aleksander Zięba, Chair: The one that was not answered before.
Teddy van Amelsvoort, Human Resources Committee: I don't think I had one. Maybe the one from Edelweiss you mean?
Aleksander Zięba, Chair: Okay, I am sorry then. Let's proceed with your new question.

Teddy van Amelsvoort, Human Resources Committee: I was hoping for a bit of a clarification from Jan and Eliise. Jan is responsible for training events and there was this discussion about general training events, which Jan was not that, but all the communication so far on training events has been Eliise. It has been mentioned many

times that trainings should go to Eliise, so I am sometimes a bit confused on what exactly the division is. I was hoping if there is any clarification you can maybe give on who is responsible for what?

Eliise Haljas, Comité Directeur: Since I am responsible for events in general, then I am also... It is a bit tricky. Also for us it is a bit confusing how to divide it, since Jan is responsible for HR in general, which includes capacity building trainings. But since I am responsible for events, then for us it makes sense that I am also responsible for training events. I hope that clarifies.

Aleksander Zięba, Chair: Okay Teddy I hope this answers your question. Yes, please, quickly a follow-up from Teddy.

Teddy van Amelsvoort, Human Resources Committee: I would like to ask - it doesn't have to be now - to have a clear email or announcement of when we should reach out to you, Eliise, and when to Jan regarding training events. Because for me the division, from my personal point of view, would be content/Academy Jan, logistics/MyAEGEE you Eliise, but I don't know how you envisioned it.

Eliise Haljas, Comité Directeur: That is basically how we envisioned it. But yes, we will send out the clarification.

Aleksander Zięba, Chair: Thank you Eliise. I hope this answers Teddy's question. I will please ask the one person who asked the question in the Network and Local section that was not answered. We said it will be answered later, because Eliise needed some time.

Teddy van Amelsvoort states in the chat that the question was hers.

Aleksander Zięba, Chair: Yes, I think it was you so if you could please quickly recap the question, then Eliise can answer.

Network & Locals - Restatement of questions

Teddy van Amelsvoort, Human Resources Committee: Sorry for the confusion. I forgot my own question. I was wondering what do you envision the role to be of HRC in the Enhancing the Network and Locals support system. I don't remember exactly... Yes, this one.

Eliise Haljas, Comité Directeur: It is regarding the last point which is organising online information sessions for Locals. The idea is to have European Bodies give different sessions. So in collaboration with HRC we want to make a plan for this, for the whole year. To coordinate with all the European Bodies, that is the idea.

*Presentation by **Tomke Eiting, Digital Culture Working Group.***

No questions.

Activity Report of the Eco-Responsible Society Working Group 2023 - 2024

*Presentation by **Ankit Mazumdar.***

Lina Mol, AEGEE-Eindhoven: I really love what you did, there are a lot of great things that I think you organised and I'm wondering how did you promote it? Bbecause I didn't hear much of it, but that's probably partly my fault. Bbut I'm wondering, how did you promote it and is there a possibility to improve it?
Ankit Mazumdar: For the promotion, we did most of the promotions on Instagram. We tried our best to do everything through ANNOUNCE-L and EVENT-L and spam the hell out of people, but you can do it to the extent that people are not frustrated enough., Mmaybe we didn't reach that threshold for you, but we will try it this year, okay? We did create campaigns very easily, possibly because we, in our Working Group, I as a Coordinator, updated my chat bot in a way which was centered completely around the Working Group. So, I created a whole chatbot before, ion the first month of the Working Group, which created all our campaigns and ran all our promotions for us. So, we did not waste a lot of time in planning and that will run for this year probably as well.

David Mediavilla Aller, Chair: Okay, does that answer to your question? Yes, okay, thank you very much for your question and also thank you, Ankit, for your presentation. That was it for the Activity Reports of the Working Groups. We will now proceed with the next group of items in the agenda that are the Activity Plans of the Working Groups 2024 - 2025.

Activity Plan of the Bridges of Dialogue Working Group 2024 - 2025

*Presentation by **Özgün Kaplama, Bridges of Dialogue Working Group.***

Pauline Fiore, AEGEE-Dresden: I just have a quick question because I'm pretty interested in debates. Do you already know what kind of topics it will be about or you still have to figure this out? Thank you.
Özgün Kaplama, Bridges of Dialogue Working Group: Thank you for the question. The topic of debate will be decided by the organisational team but in general the topics will be about what we face nowadays, racism or xenophobia or how we can live together or what is the future of Europe or where does Europe end, and this type of topics. It's general topics but I think we must talk about this type of topics. But, in general, I cannot say we will talk about that topic in general, we will decide by the organisational team.

David Mediavilla Aller, Chair: Thank you very much. I think that answers Pauline's question so we will now go with the next Activity Plan.

Presentation of Board of European Students of Technology

*Presentation by **Andrej Sterjev**.*

No questions.

Presentation of Junior Enterprise Europe

*Presentation by **Lucia Raffaele**.*

No questions.

Presentation of European Students of Industrial Engineering and Management

*Presentation by **Doğa Guneri** and **Teddy van Amelsvoort, Human Resources Committee**.*

Martyna Zapalska, Chair: Do we have any question to what was just presented? I see no questions, so you were clear. We were informed also that Teddy will have and addition to the presentation, right? I am asking Teddy to unmute now. Sorry, there is one question so before Teddy.

Marija Valentina Žuvić, Data Privacy Commission: I wanted to ask Doğa if there are some upcoming plans between AEGEE and ESTIEM maybe?
Doğa Guneri: We are talking with Teddy, Teddy is the responsible towards ESTIEM. Right now we are planning something. I think Teddy, if you want. I think you wanted to talk about it. If I am not mistaken.
Teddy van Amelsvoort, Human Resources Committee: I don't have a presentation but I can answer the question. We are discussing many plans because a lot of people are maybe not aware but ESTIEM has only been a partner for us since Spring Agora Novi Sad so it is quite recent and I've been working a lot on making sure to have this relationship because I think ESTIEM has a lot of cool things that we can learn from. But also things that we can use. So we are trying to see if we can help each other with expanding the platform of Safe Persons in both organisations, exploring the potential of maybe collaborative training for the ambassadors from different international NGOs but also seeing okay maybe we can do a collaboration for the Y Vote project, they will hear more about. Or Europe On Track so it might even have cross-collaborative stops. And there's like a million more ideas. We are even thinking of maybe having a very cool map that shows also with BEST where we are, where ESTIEM is so that you actually can see which Local is near you and how you can collaborate, because fun fact, Doğa is from Ankara METU. But there are two Ankara in ESTIEM meaning for at least Ankara, there's double the fun to collaborate. But this is also the case for other Locals.
Doğa Guneri: Thank you.

Martyna Zapalska, Chair: Thank you. So with that we will move on to Teddy's part, correct?
Teddy van Amelsvoort, Human Resources Committee: No, I didn't request a presentation for myself.
Martyna Zapalska, Chair: As far as we are aware, there were two minutes for you. But that's okay. Thank you for that. We then move on to the next point in the agenda. And that is the presentation of the European Youth Forum. So I will ask YFJ representative to come to the stage and present. You will be able to do so in a second. You should be able to share your screen now, and you can start your presentation when you are ready.

Presentation of European Youth Forum

*Presentation by **Caillum Hedderman**.*

Martyna Zapalska, Chair: Thank you for the presentation. Do we have any questions? And the question line is closed. We have two questions, first from Teddy, and then from Matthias.

Teddy van Amelsvoort, Human Resources Committee: First of all, thank you a lot for your presentation. I was very enthusiastic about the Strategic Plan, specifically about the part on recognition for non-formal education, youth work and volunteering. Because this is something that we want to explore a bit more, because we are working on an HR strategy. So I was wondering, where I could maybe find more information about the work that you, the European Youth Forum, has done regarding this topic.
Caillum Hedderman: I am happy to take that one. And then drop in to the next one if that works. Teddy thanks for the brilliant question. Yes, similarly for me too, it is a really important area. I joined my local Scouts' group when I was seven, so I have come up all the way through non-formal education and youth working, and all of my key development was through learning mobility opportunities. It is a really important area personally and policy wise. For more information I recommend the policy library as a start. What you will find is that we have got a lot of research, especially from 4 years ago. That is our most recent research in non-formal education and youth work. We are developing some more now actually, because it is kind of a key political moment. Next year with the fourth European Youth Work Convention, which will be held in Malta, through the Council of Europe. So we will have more work, more recent work in the next couple of months. But for the moment I recommend the policy library, but also if you want to take up my details and reach out, I will be able to send a couple of things too. But thanks for the great question. And best of luck with the work.

Matthias Heindl, AEGEE-Enschede: Hi. Thanks for this really interesting presentation. I hope this question is appropriate, if not of course please do say so. I am wondering

what are the biggest challenges, if you can answer that somehow briefly, what are the biggest challenges that YFJ faces in representing youth interests in Europe. Is there anything that the member organisation can do to contribute to overcoming those challenges? Are there any goals or ambitions you want to impress on AEGEE-Europe, in our role as a member of YFJ?

Caillum Hedderman: Another super question. Thanks, Matthias. Yes, I am racking my brain to see what would maybe be the key ones that I share. But I definitely think that the most important piece of the member organisations is engaging in the statutory meetings. I know that every six months there is an opportunity to engage in topical motions that you can put in as a member organisation and often they can be developed through general assemblies like this. Then you inform the work of the European Youth Forum. Some of the key challenges the Euro Youth faces are really in the policy. Like we saw in certain contexts across Europe a raising of the anti-democratic forces. That is also a challenge not only in the European level but also in the national one. It's really important that we are there not only to support our members' organisations on the ground but also in the European routine to ensure that those that are put in power positions in the European level are there to hold close the value of democracy and also the value of young people being at the table meaningfully. I think the biggest challenge is meaningful youth participation and that is why we invest so much in y-labour and institutions relations. One of the biggest challenges in my own work within the Youth Forum is funding for youth organisations. I know it is a really core issue for the local level. So what I would recommend is to check some of our work on the Erasmus+ and the European Solidarity Corps, where there are opportunities not only for European youth organisations but also for local and national organisations. One of the big key pieces that we are doing at the moment is that we are trying to push against the proposed cuts by the Council of the European Union on the Erasmus+. Seems that the European Parliament has kind of listened to our advocacy and is working on it. But it is really important that we work on restoring the budgets and also in increasing the budget. What we are doing is that we have not only our advocacy on the European level to support some organisations like AEGEE, but also on a local and national level is that we've written a letter regarding the Erasmus+ to send to your finances minister and maybe this can even be sent to your local council or whatever institution it'd be more useful. So that applies to nearly all the advocacy and campaigns that we do. I'd say, sign up for the newsletter and get regular updates, and see when there is some work more relevant to the things that you are doing. And also feel free to reach out. One big piece of my work is not only the external side but also ensuring that the work of our member organisations have a platform at the European level too. So feel free to reach out if you have a cool event or a challenge and we will see where we can support you.

Martyna Zapalska, Chair: Thank you for the questions and thank you for the answer. With that we move on to the next presentation, which is Les Anciens.

Presentation of Les Anciens

*Presentation by **Peter Daemen**.*

Martyna Zapalska, Chair: Thank you for the presentation. Are there any questions to the representative of Les Anciens? I see no questions. Then we can move on to the next item in the agenda which is the presentation and ratification of the list of data communication tools. Wait, I see one question from Florina.

Florina-Marieta Neagu, Y Vote: If we don't have time we can skip it, is okay.
Martyna Zapalska, Chair: If it is quick, I can allow it.
Florina-Marieta Neagu, Y Vote: I was wondering do you have a strategy to also create alumni groups at the local level? I hope Peter's still here?
Martyna Zapalska, Chair: I think he's gone. Maybe you can send an email. Direct from Jan.
Jan Jankowski, Comité Directeur: Florina, text me or email me. I'll help you to get back to Peter.

Martyna Zapalska, Chair: Thank you for the question Florina. I'm sorry we couldn't give you an answer. With that we will move on to the presentation from Vale.

Ratification of the list of data communication tools and data storage tools

*Presentation by **Marija Valentina Žuvić, Data Privacy Commission**.*

No questions.

Martyna Zapalska, Chair: Do we have any objections to ratify by acclamation?

No objections.

Martyna Zapalska, Chair: Then Agora please, ratify the list.

Agora ratifies the data communication tools and data storage tools by acclamation.

Presentation of prytania results

<u>Prytanium II-A:</u>
*Presentation of Prytanium II-A by **Martyna Zapalska, Chair**.*

No questions.

Prytanium II-B:
*Presentation of Prytanium II-B by **Aleksander Zięba, Chair**.*

No questions.

Prytanium II-C:
*Presentation of Prytanium II-C by **Geert Touw, Chair**.*

No questions.

Prytanium III-A:
*Presentation of Prytanium III-A by **Martyna Zapalska, Chair**.*

No questions.

Prytanium III-B:
*Presentation of Prytanium III-B by **Aleksander Zięba, Chair**.*

No questions.

Prytanium III-C:
*Presentation of Prytanium III-C by **David Mediavilla Aller, Chair**.*

No questions.

Prytanium IV-A:
*Presentation of Prytanium III-A by **Aleksander Zięba, Chair**.*

Martyna Zapalska, Chair: Before we ask for questions, I see one clarification from Eren.

Eren Geçkin, Comité Directeur: Is about my answer in the diversification of income part. It's stated as YEF but I meant JEE, Junior Enterprises Europe.
Martyna Zapalska, Chair: Okay, before we publish the presentation on KMS, we will change it to JEE.
Eren Geçkin, Comité Directeur: I have one clarification more.

Martyna Zapalska, Chair: I will first allow for Leon and Daria and then you can put it in the chat if you have more.

Leon Vreling, Comité Directeur: My point was on the slide where we talk about strategy. I used the word secretary issues might be confusing with the point that I mentioned before about the Secretariat. I believe it should be secondary responsible, instead of secretary responsible. To not make a confusion with Secretariat point.
Martyna Zapalska, Chair: Okay we will update this one too, then Daria.

Daria Rzepisko, Comité Directeur: I think my answer was missing from the external part of our Activity Plan. Ah, okay, nevermind.
Martyna Zapalska, Chair: Okay, it was here and it was presented. Clarification from Eren.

Eren Geçkin, Comité Directeur: Can we go to strengthen the reimbursement system? The question from Vale. I think I misunderstood the question during the presentation, sorry Vale. My answer is no, we are not only focussing on travels but reimbursements in general.

Martyna Zapalska, Chair: Okay, then are there any questions from the bodies that were not able to be there? I see no questions. Then we move on to the results of Prytanium IV-B.

Prytanium IV-B:
*Presentation of Prytanium III-B by **David Mediavilla Aller, Chair**.*

No questions.

JC announcement of voting

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

No questions.

Candidatures for Secretary General of AEGEE-Europe

No candidates.

Candidatures for Member of the Comité Directeur

*Answers to questions from online question lines by **Jan Jankowski, Comité Directeur**:*

Edelweiss Juliea, AEGEE-Eindhoven: As HR director, you are tasked with focusing on the overall management of our members' lifecycle in AEGEE. However, there are no points in your Activity Plan related to this. What do you plan to do regarding overall HR management in AEGEE?
Jan Jankowski, Comité Directeur: I think there was a similar question during our Activity Plan presentation. Activity Plan are some things we would really like to focus on throughout our term. But next to this of course I will everyday talk with European Bodies and I try to always attend the meetings to understand what are the needs and where can I help. As well, where I would really like to invest a lot of time during my term is to be able to understand how the European Bodies can help each other. So that there's more cooperation inside our organisation. And through that, our members can learn more about the importance of the different European Bodies. That's why you could see in the first plenary that I presented Interests Groups. That is something I try to work on. In my Activity Plan I mentioned working on the alumni platform and sustainable training structure, as well as knowledge transfer for CD. Those tasks I believe are something that connects to the members' lifecycle in AEGEE. The alumni because we have AEGEE Day, and the sustainable training structure because this is a continued task that the previous HR Director, Lena, gave me.

Leon Vreling, Comité Directeur: Thank you for applying Janek!!! Since you have been interim member for some months already, could you share what your biggest challenge was, and your biggest highlight since starting the term?
Jan Jankowski, Comité Directeur: I think the biggest challenge for me was understanding the scope of my responsibilities. What should I do? What is expected from me? So the general understanding of my position. Because I think that it is a very delicate and relevant topic. I'm learning, I'm not saying that I'm a master in it. I just started, I've only been four months as an interim. But it was definitely a challenge. And it still is sometimes. My biggest highlight is for sure the team that we are. We are working together. You know, before coming I was a bit scared of how it was gonna be as a CD member to work with people and live with them. But throughout these months I can say that it's going very very well. I'm everyday waking up being motivated. Even though I know how many tasks are waiting for me, how many hours I need to be in front of my computer. That's the biggest highlight.

No restatement of questions.
No new questions.

Presentation of HR Strategy

*Presentation by **Teddy van Amelsvoort, Human Resources Committee**.*

Martyna Zapalska, Chair: Jippe, you have a technical?
Jippe Heijnen, AEGEE-Utrecht: I'm very sorry but I'm having issues with both: thinking about the past agenda point and following the current ones. Because previous agenda points were kind of controversial in my opinion. I really need some more time to think over the votings. I would like to ask the Agora to suspend the plenary or extend the voting time. That's my question.
Martyna Zapalska, Chair: As far as I'm aware we can suspend the plenary for the five minutes that the voting is remaining. I'm sorry Teddy. We will go back to your presentation, but we will suspend the plenary now for five minutes until the voting is closed. Then we will proceed with Teddy's presentation and we will go with the voting results.

Plenary was suspended at 20:31 CET.
Plenary is back in session at 20:35 CET.

Martyna Zapalska, Chair: Okay it's 20:35. We are going back into the plenary. I hope you were able to cast your votes in this 5 minutes. And that you could do so in peace without things happening in the background. As I mentioned before the suspension we will now go back to finish Teddy's presentation. So whenever you are ready you can continue your presentation. Apologies for the disturbance.

*Continuation of the presentation by **Teddy van Amelsvoort, Human Resources Committee**.*

No questions.

Presentation of the Training Events in 2024 and the Launch of the Non-Formal Education Campaign

*Presentation by **Evangelia Touska, AEGEE-Academy**.*

Martyna Zapalska, Chair: Do we have any questions to this presentation? We have one question from Vuk.

Vuk Vitković, AEGEE-Novi Sad: In the presentation you mentioned a Mini-School about grant writing, but you haven't posted it in the chat. I cannot find it either on MyAEGEE.
Evangelia Touska, AEGEE-Academy: We haven't published it yet. We are planning to publish it next week.

Martyna Zapalska, Chair: Okay it answers the question. Thank you for the presentation and thank you for the questions. That concludes the presentations of this plenary. Now I will ask Zofia from JC to present the voting results and announce the voting for tonight.

Presentation of the voting results.

*Presentation by **Zofia Wójcicka, Juridical Commission**.*
[Details of all voting results can be found on aegee.org/vote or here.]

> Amendments:
> *Amendment nr. 1 (Article 3 subarticle 2.16 and subarticle 3.2 of the Working Format of the Agora) to Proposal Enabling the hiring of a professional Secretary General is **accepted** by the Agora.*
> *Amendment nr. 3 (Article 1 subarticle 1 of the Working Format of the Agora) to Proposal Enabling the hiring of a professional Secretary General is **accepted** by the Agora.*

No questions.

Announcement of voting.

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

No questions.

Plenary ends at 20:55 CET.

MORNING PLENARY, 3RD OF NOVEMBER 2024

***Chair:** Aleksander Zięba*
***Secretary:** David Mediavilla Aller*
***Juridical Commission:** Zofia Wójcicka*

Plenary starts at 9:00 CET.

Presentation of the agenda of the day

*Presentation by **Aleksander Zięba, Chair**.*

No questions.

Aleksander Zięba, Chair: I see no questions to the agenda so we will now move on and I will ask Zofia from the Juridical Commission to present the voting results. Zofia might not be present with us just yet. Then we will ask Enri to present the statement that was submitted today to the Chair Team. Okay, Enri is also not here. We will move on to the presentation of the Human Rights Day Project. I see Florina is already with us so we will share the presentation now.

Presentation of the Human Rights Day Project

*Presentation by **Florina-Marieta Neagu, Y Vote**.*

No questions.

Presentation of Europe On Track 10 Project results

*Presentation by **Brenda Boros, Europe on Track Project**.*

Aleksander Zięba, Chair: Thank you Brenda, now is the time to ask questions about this presentation. I see one question. I will ask Ann Kristin now to ask her question.

Ann Kristin Gildhoff, Liaison Officer: Thank you, Brenda, for your presentation. I have one question because I remember that in Spring Agora Novi Sad there was a huge fundraiser campaign for Europe on Track, and people donated money and also there was a back and forth with the restart and the relaunch of the fundraiser and I was wondering how successful that was. If you have some numbers or some results from the fundraising campaign and what happened there in the end.

Brenda Boros, Europe on Track Project: We relaunched it so we raised a lot of money. The exact numbers, I think you can check them on the website, I think they are still available if you click on the link. You should be able to find it. If I remember properly, we raised like a hundred euros before Agora. And then because we had to relaunch it because during Agora there was this issue that someone pointed out, it was also useful because we relaunched it and after that we raised to be fair with you around one thousand. I believe this was the amount. I didn't include it here because our budget is all in all and this a very specific part of our budget but I hope I managed to answer your question. That was after the relaunch. The first one was refunded to everybody.

Aleksander Zięba, Chair: Thank you Brenda. I see it already answers Ann Kristin's question. There were no more questions so then we can move on to the next item of the agenda which is Y Vote project results. I will ask Florina to the stage.

Presentation of Y Vote Project results

*Presentation by **Florina-Marieta Neagu, Y Vote**.*

Aleksander Zięba, Chair: Thank you for the presentation. Are there any questions? There is one question from Brenda.

Brenda Boros, Europe on Track Project: My question will be about crowdfunding because I know Y Vote was alongside Europe on Track so I know you were doing your crowdfunding. So I'm curious about how that went in terms of numbers and etcetera.

Florina-Marieta Neagu, Y Vote: It was mentioned in one of the last slides. The reason why we left 400 euros in the budget, hopefully the next project will be able to use them is because this is the money that we got from the crowdfunding campaign. So we had 300 euros for the project budget. We did our project under this 300 euros and now we have around 385 and a few more money because the Y Vote Team also donated because we wanted our local activities to happen. Unfortunately the CD did not apply for any grant. I think we were the only youth-led organisation that didn't have a grant for the European Elections because we didn't want to apply for it. When I say we, is the organisation, not Y Vote. So this is the amount of money that we raised for the crowdfunding campaign. It was around 385€ plus what the team donated which I think was around 40 euros or 50.

Aleksander Zięba, Chair: I see clarification from Brenda.

Brenda Boros, Europe on Track Project: Yes, very briefly. I want to highlight that the CD did apply for grants and I remember that they did, they just didn't get it. But they were trying. Lena and Augustin said they were trying. But thank you anyway for the crowdfunding.

Aleksander Zięba, Chair: Okay, last clarification to this topic by Florina.

Florina-Marieta Neagu, Y Vote: No, the previous CD did not apply for any grant. We applied for a grant in March 2023 that got approved, but then we did not apply. I can tell you because we tried to, but unfortunately they chose to apply for other projects and other activities. Which I think is, yes, their decision. But we managed so it was a successful story in the end.

Aleksander Zięba, Chair: Okay thank you. I think the clarification was clear enough. There were no more questions to this presentation. Thank you and we can move on to the next topic in the agenda.

Presentation of the Summer Universities evaluations and ranking

*Presentation by **Eliise Haljas, Comité Directeur**.*

Aleksander Zięba, Chair: Thank you all for your reactions to the ranking. Now is the time to ask questions if you have any. I see one question from Ann Kristin.

Ann Kristin Gildhoff, Liaison Officer: I have one question for you Eliise, maybe you know about it. In the slide on sustainability, I see that there's a discrepancy between what people experience during the SU. Saying okay we wish for the stuff to be more sustainable on the place there's a lot of improvement. But at the same time on the slide before, more than two thirds of them came by plane. Do you know whether this has been addressed in advance by promoting sustainable travel to the SUs or by discussions during SUs? Or in the form, asking how sustainable do they think it was? I don't know if you have information about it.

Eliise Haljas, Comité Directeur: I don't know exactly what was promoted when organising the form, it was not addressed. But this is definitely something to remember and keep in mind. To promote to the participants before they buy their tickets, to encourage them to use more sustainable options.

Aleksander Zięba, Chair: Thank you Eliise for your answer. Thank you Ann Kristin for your question. I see there are no more questions so we can move on to the next item of the agenda, which is the presentation of the Help Ukraine Task Force Report. We will ask Leon to present.

Presentation of the Help Ukraine Task Force Report

*Presentation by **Leon Kogel**.*

Martyna Zapalska, Chair: Thank you Leon for the presentation. Do we have any questions about what was just presented? About the Help Ukraine Task Force. We have one question from Florina. You should be able to unmute yourself.

Florina-Marieta Neagu, Y Vote: I was wondering, would you be interested in collaborating with the Human Rights Day Project? So Locals can have local fundraising activities.

Leon Kogel: Yes, indeed. We would be interested. Please reach out to us and we will be in charge to see what we can do there. We are excited about it, really.

Martyna Zapalska, Chair: Okay, thank you for the question. Thank you Leon for the presentation again. And with that we move on to the next item of the agenda, and that

is the statement from Enri, so I'll just put it on the screen in a second. Then you can start.

Statement for action in Valencia

Enriqueta Cerdá Martínez, Network Commission:

From the organisers of the soon-to-come Network Meeting in Valencia, together with AEGEE-Valencia and the support of AEGEE-Alicante, AEGEE-Castellón, AEGEE-Bilbao, AEGEE-Valladolid, AEGEE-León, AEGEE-Oviedo, AEGEE-Zaragoza, AEGEE-Tarragona, AEGEE-Burgos, AEGEE-Bergamo, AEGEE-Izmir, AEGEE-Brescia, AEGEE-Catania, AEGEE-Napoli, AEGEE-Salerno, AEGEE-București, AEGEE-Budapest, AEGEE-İstanbul, AEGEE Contact in Veszprém, AEGEE-Muğla, AEGEE-Firenze, AEGEE-London, AEGEE-Amsterdam, AEGEE-Bamberg, AEGEE-Dresden, AEGEE-Poznań, AEGEE-Novi Sad, AEGEE Udine, AEGEE Treviso, AEGEE Osnabrück, AEGEE Heidelberg and AEGEE Mannheim.

We want to share to all aegeans listening at the Agora the situation that the province of Valencia is currently living in due to the floods that happened last Tuesday 29th of October.

There are more than two hundred deceased, thousands of people have disappeared and the material losses are immeasurable. Valencian people need food, water, cleaning material, clothes, and lots of money to rebuild what this catastrophe has taken from them. As a youth organisation, we want to help not only on a local level but also at a European level. We want to take the chance of being part of such a big network and take this topic to the Agora.

To give a bit more context about what happened, a year's worth of rain fell in just hours in what we call a DANA, a Spanish acronym for high-altitude isolated depression. It is a destructive weather system in which cold and warm air meet and produce powerful rain clouds, a pattern believed to be growing more frequent due to climate change. The AEMET, the Spanish Meteorology Agency, alerted of the dangerousness and strength of the storm coming, not only in Valencia, but also in other southern-eastern regions of Spain.

Nonetheless, the alert to the people was not sent until late in the evening, when they were already trapped in their houses, driving back home after work, with the water running more than 2 metres tall, and lots of people already dead or missing. The deadly flood caught half of the population by surprise in the streets, who were not informed at all, which is one of the reasons for the high mortality rate.

We are aware, from far away it may seem difficult to know how to help, but we found that donating may be an option for you. This is why we encourage you to donate from your Locals or individually, even from AEGEE-Europe as a unified organisation, to help the cause.

There are some official foundations and organisations that you could donate the money to:
- Horta Sud, a non-profit foundation dedicated to the towns of this area which is aimed directly at those affected;
- Food Bank of Valencia;
- Red Cross.
From here, we encourage you to put the amount you think within the capacities of your premises, either by dividing the money in all the foundations or focusing everything on one. Every cent counts! We'll keep you updated if we find any other means to help from far away. Thank you very much for all your support and solidarity!

Ratification of CD62 decision about subsistence costs and reimbursements exceptions.

*Presentation by **Eren Geçkin, Comité Directeur**.*

Aleksander Zięba, Chair: Thank you for the presentation. As those are items that require to be ratified, we will be ratifying first the subsistence costs exceptions. And I would like to ask the Agora, are there any objections to ratifying the subsistence costs exceptions by acclamation?

No objections.

Aleksander Zięba, Chair: I see no objections so Agora please, ratify.

Agora ratifies the decision about subsistence costs exceptions by acclamation.

Aleksander Zięba, Chair: Now we will move on to the decisions about reimbursements exceptions from CD62. Are there any objections to ratify this item by acclamation?

No objections.

Aleksander Zięba, Chair: I see no objections again so Agora please ratify.

Agora ratifies the decision about reimbursement exceptions by acclamation.

Aleksander Zięba, Chair: And with that we are almost done with the plenary. We will now ask the Juridical Commission to present the voting results if they are ready.

Presentation of the voting results

*Presentation by **Zofia Wójcicka, Juridical Commission**.*
[Details of all voting results can be found on aegee.org/vote or here.]

Proposals:
*Enabling the hiring of a professional Secretary General is **accepted** by the Agora.*
*Adding the communication criterion to the Antennae Criteria of Contact Antennae is **accepted** by the Agora.*
*Specifying the membership list procedure deadline is **accepted** by the Agora.*
*Making the Policy Office an Organ of AEGEE-Europe is **rejected** by the Agora.*

Elections:

Member of the Audit Commission:
*Job Velthuis and Rick Donkers are **elected** members of the Audit Commission.*

Member of the Network Commission:
*Amro Alahdab, Bilal Ceyhan and Flóra Dobrovics are **elected** members of the Network Commission.*

Member of the Data Privacy Commission:
*Michiel Bartens is **elected** member of the Data Privacy Commission.*

Member of the Comité Directeur:
*Jan Jankowski is **elected** member of the Comité Directeur.*

No questions.

Aleksander Zięba, Chair: I see no questions. This means that we have just finished the morning plenary, and the agenda for this plenary. We will be seeing each other at 11:00 CET. In the Parallel Slot V. Please remember that we have three prytania and one workshop. With this the morning plenary is done, enjoy your break and see you later.

Plenary ends at 10:14 CET.

PRYTANIUM V-A: NETWORK STATUS UPDATE

Chair: *Geert Touw*
Secretary: *Niklas Preusche*
Juridical Commission: *–*

Antennae: AEGEE-Aachen, AEGEE-Amsterdam, AEGEE-Ankara, AEGEE-Antalya, AEGEE-Bamberg, AEGEE-Brussel-Bruxelles, AEGEE-Bucureşti, AEGEE-Budapest, AEGEE-Catania, AEGEE-Delft, AEGEE-Dresden, AEGEE-Enschede, AEGEE-Eskişehir, AEGEE-Firenze, AEGEE-Groningen, AEGEE-Heidelberg, AEGEE-İstanbul, AEGEE-İzmir, AEGEE-Joensuu (CA), AEGEE-Kraków, AEGEE-Leiden, AEGEE-León, AEGEE-London, AEGEE-Mannheim, AEGEE-Muğla, AEGEE-München, AEGEE-Nijmegen, AEGEE-Poznań, AEGEE-Praha, AEGEE-Salerno, AEGEE-Stuttgart, AEGEE-Tartu, AEGEE-Thessaloníki, AEGEE-Torino, AEGEE-Utrecht, AEGEE-Warszawa
Contacts: Veszprém
European Bodies: Comité Directeur, Data Privacy Commission, Digital Culture Working Group, Information Technology Committee, Network Commission

Prytanium starts at 11:01 CET.

*Introduction to the session by **Geert Touw, Chair**.*

Antennae Downgrades

*Presentation by **Eliise Haljas, Comité Directeur**.*

AEGEE-Alicante:
Eliise Haljas, Comité Directeur: The first Local is AEGEE-Alicante, who has not paid the membership fee.
Enriqueta Cerdá Martínez, Network Commission: Okay, so I am the NetCommie for AEGEE-Alicante and they just didn't pay the membership fee on time. They are trying to work harder in the new board, the last board had problems with solving some issues and also many people left at some point. But now they have a new board, they are motivated and they want to improve the situation.
Geert Touw, Chair: Are there any questions regarding the explanation of Enriqueta regarding AEGEE-Alicante? I will now open the question line? Three, two, one, no questions. Are there any objections to downgrading AEGEE-Alicante?
Enriqueta Cerdá Martínez, Network Commission: I object.
Geert Touw, Chair: Eliise, do you accept this objection?
Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Alicante will be taken off the list for downgrading.

AEGEE-Barcelona:

Eliise Haljas, Comité Directeur: Then we have AEGEE-Barcelona, who have not submitted their board and have not paid the membership fee.

Enriqueta Cerdá Martínez, Network Commission: For Barcelona, there are only a few in the board and they are trying to manage. They just couldn't fulfil the Antennae Criteria on time, but they will and that's why they should not be downgraded.

Geert Touw, Chair: Any questions regarding this explanation? I will now open the question line. Three, two, one, I don't see any questions. Are there any objections to downgrading AEGEE-Barcelona?

Enriqueta Cerdá Martínez, Network Commission: I object.

Geert Touw, Chair: Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Barcelona will be taken off the list for downgrading.

AEGEE-Las Palmas:

Eliise Haljas, Comité Directeur: Next we have AEGEE-Las Palmas. They have not submitted their members list, they have not paid the membership fee, they haven't organized a European event in the past two years and have not submitted the Development Plan or a Fulfilment Report.

Alejandra Izquierdo, Network Commission: They want to be deleted as they couldn't find any board members.

Geert Touw, Chair: So they want to be deleted?

Alejandra Izquierdo, Network Commission: Yes.

Geert Touw, Chair: Are there any questions regarding this explanation? I see a clarification from Eliise.

Eliise Haljas, Comité Directeur: Just to clarify, we are not going to delete them. We are just going to downgrade them. If they want to be deleted they can have a Local Agora and vote on it themselves. I am sorry, if there are no objections, then they will be downgraded.

Geert Touw, Chair: I see a question.First, direct from Rik Smale. You can now unmute yourself.

Rik Smale, Information Technology Committee: I just wanna respond to Eliise by saying that it is possible at the Network Status Update to delete an Antennae. We have done it in the past, at least I have suggested it in the past, I think Agora Kraków 2018 is one of the incidents. Maybe JC can clarify.

Geert Touw, Chair: Unfortunately, there is no JC in the session. But we can ask JC this question and then we will be able to answer in plenary. There is also a question from Marija. You will now be able to unmute yourself.

Marija Valentina Žuvić, Data Privacy Commission: I have a question because I think I didn't hear. What is the reason that they want to be deleted? Is it also affected by the current situation regarding the tourists and something like that or just because they have no intention to work on the Local?
Alejandra Izquierdo, Network Commission: They cannot find any people that want to be on the board of the association and they don't wanna work more.
Geert Touw, Chair: Does this answer your questions, Marija?
Marija Valentina Žuvić, Data Privacy Commission: Yes

Geert Touw, Chair: Is there anyone who wants to object to the downgrade of AEGEE-Las Palmas?

No objections. AEGEE-Las Palmas will stay on the list for downgrading.

<u>AEGEE-Madrid:</u>
Eliise Haljas, Comité Directeur: Next we have AEGEE-Madrid. They are not fulfilling seven of the criteria: communication, they have not submitted the members list, paid the membership fee, they have not organised a European event, they are not fulfilling the Agora attendance criterion, and they haven't submitted the Development Plan or the Fulfilment Report.
Enriqueta Cerdá Martínez, Network Commission: With Madrid, they do not reply. There is no board. Basically, there is no one left taking care of the Antenna. Nevertheless, three days ago I talked with one old member. He told me that he wanted to help the Antenna to not be downgraded. But basically they are not fulfilling anything. I really don't know. They are not fulfilling anything. That's the situation.
Geert Touw, Chair: Are there any questions regarding the explanation of the situation of AEGEE-Madrid? I will now open the question line? Three, two, one, there are no questions. Are there any objections regarding the downgrade of AEGEE-Madrid?
Enriqueta Cerdá Martínez, Network Commission: I object.
Geert Touw, Chair: Eliise, do you accept this objection?
Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Madrid will be taken off the list for downgrading.

<u>AEGEE-Paris:</u>

Eliise Haljas, Comité Directeur: Next we have AEGEE-Paris. They are not fulfilling any of the criteria. I don't know if I have to read them out all again, they are always the same.
Enriqueta Cerdá Martínez, Network Commission: They want to be downgraded basically. They have no energy left.

No questions. No objections. AEGEE-Paris will stay on the list for downgrading.

AEGEE-Plzeň:
Eliise Haljas, Comité Directeur: Next up we have AEGEE-Plzeň. They are not fulfilling four criteria. Having organised a European event in the last two years, Agora attendance, and submitting the Development Plan and the Fulfilment Report.
Geert Touw, Chair: Okay, can the NetCommie of AEGEE-Plzeň give an explanation regarding the situation.
Andrea Lombardi, Network Commission: Actually, the situation is that they cannot fulfil several criteria. There was no communication for several months. Basically, they are trying to survive but not at the level of an Antenna. So, there are just three people and they accept the downgrade.

No questions. No objections. AEGEE-Plzeň will stay on the list for downgrading.

AEGEE-Roma:
Eliise Haljas, Comité Directeur: Next is AEGEE-Roma. They are also not fulfilling any of the eight criteria.
Alejandra Izquierdo, Network Commission: There has been no communication with them. So, they haven't fulfilled any of the criteria.

No questions. No objections. AEGEE-Roma will stay on the list for downgrading.

AEGEE-Rotterdam:
Eliise Haljas, Comité Directeur: Next we have AEGEE-Rotterdam. They are not fulfilling four of the criteria: submitting a members list, paying the membership fee, and submitting a Development Plan or Fulfillment Report.
Andrea Lombardi, Network Commission: Actually, the situation of Rotterdam is that the board wants to quit. They don't have strength or time. There are just two people actually, studying and working. There are some possibilities to recover the Local because there are old members that want to apply and try to re-activate the Local. But not at the level of an Antenna. So they accept the Contact Antennae, which they think is the correct level of matching the responsibilities and capacities for the moment. So, no objections.

No questions. No objections. AEGEE-Rotterdam will stay on the list for downgrading.

AEGEE-Sankt-Peterburg:

Eliise Haljas, Comité Directeur: Then we have AEGEE-Sankt-Peterburg, who are not fulfilling three of the criteria: submitting the board on MyAEGEE, sending a members list and paying the membership fee.

Geert Touw, Chair: Can the Netcommie of AEGEE-Sankt-Peterburg give an explanation of their situation?

Amro Alahdab, Network Commission: Regarding Sankt-Peterburg it's a bit of an interesting and confusing situation. I talked to the previous board and they stated that it is out of their hands because of the political issues in the region and they stated that they can't continue. They insisted that they want to but they can't because of the problems that they are facing. In addition to the inability to participate in the thematic projects and any exchange projects because of the prices of tickets. So, I think we should give them a bit of time for them to get back to us.

No questions. No objections. AEGEE-Sankt-Peterburg will stay on the list for downgrading.

AEGEE-Tilburg:

Eliise Haljas, Comité Directeur: Next we have AEGEE-Tilburg, who is not fulfilling four criteria: board election, Agora attendance and submitting Development Plan and Fulfillment Report.

Geert Touw, Chair: Can the NetCommie of AEGEE-Tilburg come to the stage and give an explanation?

Petra Gombár, Network Commission: So, Tilburg currently does not have a board but it's been a month since they don't have a board and their problem currently is trying to find a new one. And, otherwise, I think they're doing pretty well. They've even organised a Summer University, which topped on the charts of the Summer University ranking. And also, if you allow me, I would like to read a statement from one of their members because she could not be here today:

> Melissa: Members since 2018, board in 2019, advisory board right now. Since I joined AEGEE-Tilburg, I've experienced how much AEGEE brings to students, giving me lasting friendships, personal growth, and countless memories. For the past few years in AEGEE-Tilburg, we were doing quite well, having over 100 members. Since the COVID pandemic, student life in Tilburg has changed, which caused us many associations to recruit less in the beginning students. The last three years, we have tried our hardest with the people we could find. But currently we are struggling. We noticed that mainly our older members continue to be active and show up. Sadly, this year, this resulted in us not finding a new

board member. However, we would like to have some hope. We still managed to organize a Summer University which we are quite proud of. In three weeks, we will host our local Agora, which is our last hope to motivate and activate members to get involved, take on responsibilities and contribute actively so our association can live on. We want to have the best shot at preventing the association's downfall. So we sincerely hope that you will grant us this opportunity by keeping us as an AEGEE-Antennae. I hope this has given everyone some insights into our situation and how we got to be here. Thank you so much.

Geert Touw, Chair: Thank you, Petra. Is that all you wanted to say?

Petra Gombár, Network Commission: Yes, thank you.

Geert Touw, Chair: Are there any questions regarding the downgrade of AEGEE-Tilburg? Three, two, one. I see no questions. Are there any objections regarding the downgrade of AEGEE-Tilburg?

Petra Gombár, Network Commission: I object.

Geert Touw, Chair: Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Tilburg will be taken off the list for downgrading.

AEGEE-Verona:

Eliise Haljas, Comité Directeur: We have AEGEE-Verona, who is not fulfilling seven of the criteria: communication, board election, members list, membership fee, organised a European event, submitting a Development Plan and a Fulfillment Report.

Alejandra Izquierdo, Network Commission: Since I've been Network Commissioner of AEGEE-Verona, I haven't been able to speak with anyone from the Local. So, there has been no communication.

No questions. No objections. AEGEE-Verona will stay on the list for downgrading.

Contact Antennae Deletion

*Presentation by **Eliise Haljas, Comité Directeur**.*

AEGEE-Angers:

Eliise Haljas, Comité Directeur: First of all, AEGEE-Angers, who have not submitted their members list or paid the membership fee.

Enriqueta Cerdá Martínez, Network Commission: They do not reply and there is no one left taking care of the Antenna. I know because I tried to revive it when I had the Erasmus there. And I was in contact with two girls that were there taking care of the board, but they left. So there is just no one else on the board.

No questions. No objections. AEGEE-Angers will stay on the list for deletion.

AEGEE-Chişinău:

Eliise Haljas, Comité Directeur: Thank you. Next, we have AEGEE-Chişinău, who also has not submitted the members list or paid the membership fee.

Geert Touw, Chair: We ask the NetCommie of AEGEE-Chişinău to come forward and give an explanation of their situation. You are now co-host so you can now unmute yourself.

Amro Alahdab, Network Commission: Basically, this Local couldn't deliver or couldn't find a new board, simple words.

Geert Touw, Chair: Thank you. Are there any questions regarding the deletion of AEGEE-Chişinău? Three, two, one. Well, I see no questions. Are there any objections regarding the deletion of AEGEE-Chişinău? Oh, I see you've raised your hands.

Amro Alahdab, Network Commission: So basically, I object because I think we should give them a chance. It's the only Local in the country and we don't want to lose them.

Geert Touw, Chair: Okay, thank you. And please, next time, can you use the chat for your objection. And Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Chişinău will be taken off the list for deletion.

AEGEE-Dublin:

Eliise Haljas, Comité Directeur: Next, we have AEGEE-Dublin, who also have not submitted the members list nor paid the membership fee.

Andrea Lombardi, Network Commission: The situation in Dublin is hard. We have just two students. They are completely out of the network of the students and they will leave Dublin because they are here only for a period. So, there's the risk that nobody can remain there. This is why the Local is struggling.

Geert Touw, Chair: Thank you. Are there any questions regarding the deletion of AEGEE-Dublin? Three, two, one. I see no questions. Are there any objections regarding the deletion of AEGEE-Dublin?

Andrea Lombardi, Network Commission: I object. My explanation is that basically, I think, that with the help of the HR Committee and with some strategy we can still find some students because we still have some time, the local member in Dublin can still host people and be physically present there in the next three or four months. So there's still hope, I think.

Geert Touw, Chair: Thank you. Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Dublin will be taken off the list for deletion.

AEGEE-Genova:

Eliise Haljas, Comité Directeur: Next we have AEGEE-Genova, who have also not submitted the members list or paid the membership fee.

Alejandra Izquierdo, Network Commission: Basically in Genova, there are only two members who are historical members. They don't want to work anymore in a year when they are over 30 years old and they cannot find anyone so they just want to be deleted.

No questions. No objections. AEGEE-Genova will stay on the list for deletion.

AEGEE-Hatay:

Eliise Haljas, Comité Directeur: Next on the list is AEGEE-Hatay, who have not submitted the members list, paid the membership fee, and also they have not been upgraded within four Agorae since they became a Contact Antenna.

Geert Touw, Chair: Can the Netcommie of AEGEE-Hatay come forward to give an explanation regarding this situation?

Petra Gombár, Network Commission: So as you know, since the earthquake, Hatay has been really destroyed. All of their members left Hatay, but just last week I got the news that there are actually some people in Hatay who would still like to continue with AEGEE. The person who's their president now contacted me and we've been in contact since. So, it's pretty new, but I'm also positive that there could be change in the future.

Geert Touw, Chair: Okay, thank you for this explanation. Are there any questions regarding the deletion of AEGEE-Hatay? Three, two, one. Well, I see no questions. Are there any objections regarding the deletion of AEGEE-Hatay?

Petra Gombár, Network Commission: I object.

Geert Touw, Chair: Thank you. Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Hatay will be taken off the list for deletion.

AEGEE-Isparta:

Eliise Haljas, Comité Directeur: Next is AEGEE-Isparta. They have not sent the members list nor paid the membership fee.

Geert Touw, Chair: Can I then request the NetCommie of AEGEE-Isparta to come forward to give an explanation?

Petra Gombár, Network Commission: They have not had a board since 2023. So over a year. And, I talked with their last president and he told me that there is nobody left in AEGEE-Isparta and they would like to request deletion.

No questions. No objections. AEGEE-Isparta will stay on the list for deletion.

AEGEE-Lyon:

Eliise Haljas, Comité Directeur: Next is AEGEE-Lyon. They have not submitted a members list, paid the membership fee nor have they been upgraded within four Agorae since they became a Contact Antenna.

Enriqueta Cerdá Martínez, Network Commission: There are few people left and they are demotivated, but I have a plan to meet with them and help them with everything they need and motivate them again. Yeah, they shouldn't be deleted.

Geert Touw, Chair: Are there any questions regarding the deletion of AEGEE-Lyon? Three, two, one. No questions. Are there any objections regarding the deletion of AEGEE-Lyon?

Enriqueta Cerdá Martínez, Network Commission: I object.

Geert Touw, Chair: Okay. Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Lyon will be taken off the list for deletion.

AEGEE-Maastricht:

Eliise Haljas, Comité Directeur: Next is AEGEE-Maastricht. The only criterion that they're not fulfilling currently is that they haven't been upgraded within four Agorae.

Maria Magdalena Szczerbowska, Network Commission: Hello, everyone. So there is one wonderful person from AEGEE-Maastricht, which is Rik. And Rik, question if you would like to present the Local and the situation if you’re still there? But I'm afraid Rik’s a bit away. So they do have a couple of people that they're working with. Oh, yes. Rik, if you could take this, teach.

Rik Smale, Information Technology Committee: Hi, yeah, sorry. I was trying to figure it out. I wasn't expecting now to already say something. We do have some active members on the European Level. We also have some members that have attended Summer Universities. Unfortunately, we’re having issues with getting a good footing on a Local level within Maastricht itself. We’re still working on it and it's been proven more difficult than we hoped for. We're working on it. We've paid our membership fees a little bit late this time, we're paying off our debts, we've submitted a members list and the only thing we basically haven't done is being upgraded. But we're working on it, and I hope we get the confidence of the Agora and from the Network to continue working on it.

Geert Touw, Chair: Thank you. Are there any questions regarding the deletion of AEGEE-Maastricht? Three, two, one. I see no questions. Are there then any objections regarding the deletion of AEGEE-Maastricht? I see two objections from Maria and Rik. Eliise, do you accept these objections?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Maastricht will be taken off the list for deletion.

AEGEE-Milano:

Eliise Haljas, Comité Directeur: Next, we have AEGEE-Milano and they have not paid the membership fee.

Maria Magdalena Szczerbowska, Network Commission: Dear Agora, I want to explain the local situation of AEGEE-Milano. Basically, there is one person trained to take care of the Local but you know it's kind of a lot of work to define something and prepare something that started to exist like a year ago. And that person is also working full time and actually right now outside of university. But, there is a bit of hope because the Local is pretty close to Bergamo and Brescia. And, those Locals also have some members, being in Milano and studying in Milano, for example, which means they can get new members for the Local. And it's also the fact that perhaps the membership fee has not been paid because there are a lot of personal things in that person's life. So yeah, that's pretty much it. Thank you.

Geert Touw, Chair: Thank you, are there any questions regarding the deletion of AEGEE-Milano? Three, two, one. I see no questions. Are there any objections regarding the deletion of AEGEE-Milano. I see an objection for Maria. Eliise, do you accept this objection?

Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Milano will be taken off the list for deletion.

AEGEE-Stockholm:

Eliise Haljas, Comité Directeur: Next is AEGEE-Stockholm. They have not submitted the members list, they have not paid the membership fee and they have also not been upgraded within four Agorae since they became a Contact Antenna.

Geert Touw, Chair: Can then the NetCommie AEGEE-Stockholm come to the stage and explain their situation?

Amro Alahdab, Network Commission: Basically, Stockholm's previous board were just foreign students studying in Stockholm. And, they didn't really care about moving the board to the current people in their universities, so they didn't basically get very copyrighted with them. But, now I tried with my SubCommie to kind of reach out to them. So, they are in different countries. We reached out to them and we are kind of building a new board. So, Stockholm is soon going to be back. You can consider it as an explanation and the direction at the same time.

Geert Touw, Chair: Thank you, are there any further questions regarding the deletion of AEGEE-Stockholm? Three, two, one. There are no questions. Are there any objections

regarding the deletion of AEGEE-Stockholm. I see one objection. Eliise, do you accept this objection?
Eliise Haljas, Comité Directeur: Yes, I accept it.

AEGEE-Stockholm will be taken off the list for deletion.

AEGEE-Tbilisi:
Eliise Haljas, Comité Directeur: Next is AEGEE-Tbilisi. They have not submitted a members list nor paid the membership fee.
Geert Touw, Chair: Can then the Netcommie of AEGEE-Tbilisi come forward and give an explanation regarding their situation?
Amro Alahdab, Network Commission: I would ask if there are some delegates from Tbilisi that could explain to us that situation.
Geert Touw, Chair: As far as I know, there are no delegates of AEGEE-Tbilisi either in this session or at the Agora.
Amro Alahdab, Network Commission: Basically, Tbilisi was for one of the NetCommies that resigned, so I received it a bit late. I couldn't really get very well into communication with them. Yep.
Geert Touw, Chair: Thank you. Is that all you wanted to say? I think so. Then are there any questions regarding the deletion of AEGEE-Tbilisi? Three, two, one. No questions. Are there any objections regarding the deletion? And, I already see an objection from Amro. Eliise, do you accept this objection?
Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Tbilisi will be taken off the list for deletion.

AEGEE-Yerevan:
Eliise Haljas, Comité Directeur: And, I believe this is the last one. AEGEE-Yerevan has not submitted the members list, paid the membership fee and they have also not been upgraded within four Agorae since becoming a Contact Antenna.
Flóra Dobrovics, Network Commission: I'm in contact with AEGEE-Yerevan not too long ago. They were in the Network Area of Lizzie, who resigned from NetCom early. There is currently one person in the board who is still motivated. So after the Agora, we'll have a meeting and we'll see if we could revive the Local. Thank you.
Geert Touw, Chair: Thank you. Are there any questions regarding the deletion of AEGEE-Yerevan. Three, two, one. I see no questions. Are there any objections regarding the deletion of AEGEE-Yerevan?
Flóra Dobrovics, Network Commission: I object.
Geert Touw, Chair: Eliise, do you accept this objection?
Eliise Haljas, Comité Directeur: Yes, I accept.

AEGEE-Yerevan will be taken off the list for deletion.

*Explanation of the roll call by **Geert Touw, Chair**.*

No questions.

Roll call results

Bodies (Antennae and Contact Antennae) present: 42

Prytanium ends at 12.00 CET

PRYTANIUM V-B: I. POLICY PAPER ON INCREASING YOUTH PARTICIPATION IN THE DEMOCRATIC PROCESS AND THE IMPACT OF YOUTH-LED CAMPAIGNS, II. ORGANISATIONAL MOTION: SUSPENDING EVENTS, PROJECTS, ACTIVITIES, AND CASE STUDY TRIPS IN RUSSIA AND BELARUS

Chair: *Martyna Zapalska*
Secretary: *David Mediavilla Aller*
Juridical Commission: *Zofia Wójcicka*

Antennae: AEGEE-Amsterdam, AEGEE-Ankara, AEGEE-Barcelona, AEGEE-Bilbao, AEGEE-Brussel-Bruxelles, AEGEE-Budapest, AEGEE-Delft, AEGEE-Dresden, AEGEE-Eindhoven, AEGEE-Enschede, AEGEE-Erfurt, AEGEE-Eskişehir, AEGEE-Groningen, AEGEE-Heidelberg, AEGEE-İzmir, AEGEE-Leiden, AEGEE-Moskva, AEGEE-Muğla, AEGEE-München, AEGEE-Nijmegen, AEGEE-Novi Sad, AEGEE-Oviedo, AEGEE-Passau, AEGEE-Treviso, AEGEE-Utrecht, AEGEE-Valencia
Contacts: -
European Bodies: Liaison Officers, Y Vote

Prytanium starts at 11:00 CET.

*Introduction to the session by **Martyna Zapalska, Chair.***

I. Policy Paper on increasing youth participation in the democratic process and the impact of youth-led campaigns

*Presentation of the motivation and the content of the policy paper by **Florina-Marieta Neagu, Y Vote.***

No questions.

II. Organisational Motion: Suspending events, projects, activities, and case study trips in Russia and Belarus

*Presentation of the motivation by **Jan Jankowski, Comité Directeur.***

No questions.

*Presentation of the text of the motion by **Jan Jankowski, Comité Directeur.***

Martyna Zapalska, Chair: Thank you, Jan. Do we have any questions about the text of the motion? We have one question from Ann Kristin.

Ann Kristin Gildhoff, Liaison Officer: My question is if there is maybe a misspelling in the fourth point of the list of proposed suspensions? Because it says all case study trips which involve the participation of AEGEEans outside Russia or Belarus. Should it be from Russia? Because as you say, everything is fine as long as it is not hosted in Belarus or Russia. I'm not sure if you get the question. Because it says outside Russia and Belarus, but after what you said those case study trips are fine, we just want people not to travel there.

Jan Jankowski, Comité Directeur: You are right, it should be inside Russia and Belarus. Thank you for noticing.

Martyna Zapalska, Chair: Is that then an amendment? Ann Kristin says yes.

*Amendment by **Ann Kristin Gildhoff, Liaison Officer** (written in **bold**):*

> "Text of the motion
> (...) The list of proposed suspensions includes:
> (...) All case study trips which involve the participation of AEGEEans ~~**outside**~~ **inside** Russia and Belarus. (...)"

Martyna Zapalska, Chair: Zofia, is it admissible?
Zofia Wójcicka, Juridical Commission: Yes, it is.
Martyna Zapalska, Chair: Thank you. Jan, do you as the proposer of the organisational motion accept the amendment?
Jan Jankowski, Comité Directeur: Yes, I accept the amendment.
Martyna Zapalska, Chair: Okay so we will present it in the prytania results with the amendment. Please send the final version to us so we can present it accordingly. Do we have any other questions? No further questions. Then, we will move on to the roll call.

*Explanation of the roll call voting by **Martyna Zapalska, Chair**.*

No questions.

Roll call results

Bodies present: 28
Bodies voted: 26

I. *Policy Paper on increasing youth participation in the democratic process and the impact of youth-led campaigns*

25 votes in favour, 0 votes against, 1 abstention.
The prytanium gives a positive recommendation to the Agora.

II. *Organisational Motion: Suspending events, projects, activities, and case study trips in Russia and Belarus*

9 votes in favour, 3 votes against, 14 abstention.
The prytanium gives a positive recommendation to the Agora.

Prytanium ends at 11:32 CET.

PRYTANIUM V-C: I. FINANCIAL REPORT 2023 - 2024, II. UPDATED BUDGET 2024 - 2025, III. INTERMEDIATE FINANCIAL REPORT 2024 - 2025

Chair: *Aleksander Zięba*
Secretary: *David Mediavilla Aller*

European Bodies: Audit Commission, Comité Directeur

Prytanium starts at 11:30 CET.

Introduction to the session by ***Aleksander Zięba, Chair.***

I. Financial Report 2023 - 2024

Presentation by ***Ariane Blok, Former Comité Directeur.***

No questions.

II. Updated Budget 2024 - 2025

Presentation by ***Eren Geçkin, Comité Directeur.***

Aleksander Zięba, Chair: Do we have any questions about the Proposed Budget 2024 - 2025? We already have 5 questions. The first person to ask a question will be Jirri from AEGEE-Delft. You should be able to speak up now.

Jirri van den Bos, AEGEE-Delft: First of all, compliments on the proposed budget, I think it's a very comprehensive document. My question would be if certain things... [connection is lost for a second].
Eren Geçkin, Comité Directeur: Sorry, I think I lost the voice.

Aleksander Zięba, Chair: Yes. Jirri, your internet was down for a bit. If you could please restate your question.
Jirri van den Bos, AEGEE-Delft: I will try again. If certain things within this Proposed Budget do not work out as previously expected and might fall lower, what would your focus be during your financial year?
Eren Geçkin, Comité Directeur: As a first one, we will try to increase our savings and provisions for grants in case anything happens. And also, for the project's income, because now our budget is mostly focussing on the project income, and all the calculations were made according to unexpected situations. For example, we have staff costs in meetings which is an amount that we can cover from our existing resources. At the beginning of the year and at the drafting part we try to calculate unexpected situations. Most of them will be savings and grants provisions.
Aleksander Zięba, Chair: Okay, thank you for the answer. I see Jirri nodding, so we can go to the second question from Yuri, from AEGEE-Leiden. You should be able to speak up now.

Yuri van Ingen, AEGEE-Leiden: Thank you for your nice presentation and all your hard work. Please, correct me if I say something weird but in my experience it's a practise to have a 10% or at least a 5% unforeseen cost in the budget. So, I was a bit confused to see it be as low as it is now. Is there a reason for that?
Eren Geçkin, Comité Directeur: Our unforeseen costs was, if I'm not mistaken, 6%. But not 10%. There is no clear intention behind this, but we apply the same percentage amount that was used last year. We just didn't increase the amount of unforeseen expenses. We used the same percentage.
Aleksander Zięba, Chair: Thank you for the answer. It was clear and answered. Marjolein had three questions but dropped one. We will still ask her to speak up and state her questions. I can see two Marjolein in the room, so I will unmute one and throw out the second one.

Marjolein van Ingen, AEGEE-Enschede: I also have a question about the unforeseen budget. You raised the unforeseen budget this year from the unforeseen expenses, but you do not mention any increase in risk, so why would you increase the unforeseen expenses and not give a European Body more.
Eren Geçkin, Comité Directeur: Unforeseen expenses are connected with the total expense. So we raise it in the same percentage I mentioned in the last question. If the total expense is higher, we should increase the unforeseen expenses, because they are connected financially.
Aleksander Zięba, Chair: I hope it answers your question. Okay, and you can proceed with your second question.

Marjolein van Ingen, AEGEE-Enschede: My second question is how realistic it is to still say that you will raise ten thousand euros in fundraising, especially now that we don't have a Fundraising Director? Also, since the previous years it has not been a lot, or even none.
Eren Geçkin, Comité Directeur: I know that it feels high. Before we started our term, I was speaker of Fundraising Committee. After I was elected, I tried to recruit people for FRC, and I can say that it's working well. To achieve this we also have a CIP intern, working with alumni and fundraising. In the beginning of the year I tried to create a structure with me, the Fundraising Committee, and the intern. Together, the three of us are working on fundraising opportunities, and also corporate fundraising opportunities. I also have had some contact with other organisations like JEE. I was the one that contacted them, because I feel we should increase the visibility. I admit is a high target, but we are doing everything we can to have this structure working.
Aleksander Zięba, Chair: Okay, thank you, Eren. Marjolein, you dropped the third question. We have no more questions so we can move on to the next part.

III. Intermediate Financial Report 2024 - 2025

Eren Geçkin, Comité Directeur: I think it was my fault. I forgot to stop in the middle.
Aleksander Zięba, Chair: So, you presented both items in one presentation.
Eren Geçkin, Comité Directeur: It was the expanded time in the first three months, so the realisation amount, and the proposed budget together. I can explain it.
Aleksander Zięba, Chair: As long as it is clear that you'll be voting for three items: the financial report, for the proposed budget and for interim financial report. As long as it is clear for everyone, what are we voting for and what was presented then it is fine. And yes Eren, you can have a quick comment.
Eren Geçkin, Comité Directeur: If I have mistaken anyone, I can also hear them and explain.
Aleksander Zięba, Chair: Yes, we will have those if you let me ask for questions. So, we will move on without the presentation because it was already integrated in the previous one. We will move on to the questions of the Interim Financial Report 2024 - 2025. If there are any questions, you can ask them now.

No questions.

Aleksander Zięba, Chair: I'd also ask if there are any questions to what we are going to vote upon. If there are any questions or requests for clarification. I believe everything is clear. So we can move on to the next item of the agenda that is the presentations from the Audit Commission.

Audit Report

*Presentation by **Rick Donkers, Audit Commission.***

Audit Commission gave a positive recommendation to the Financial Report 2023 - 2024.

Audit Commission gave a positive recommendation to the Updated Budget 2024 - 2025.

Audit Commission gave a positive recommendation to the Interim Financial Report 2024 - 2025.

Aleksander Zięba, Chair: Thank you Rick, first we will have a clarification from Eren.
Eren Geçkin, Comité Directeur: Thank you Rick for your report and your hard work. I want to clarify several things that you said. First we revalued the merchandise as per your suggestion. We updated the cash book, after the report. And for the Europe on Track report, I'm actively leading the reporting process. There are some things and some mistakes that we need to work on, but I'm going to the office and there we will start working on the report.
Aleksander Zięba, Chair: Thank you both, then. Are there any questions to the presentation of the Audit Commission? I see no questions. Thank you Rick for the presentation. I hope that everything was clear and we can move on to the roll call.

*Explanation of the roll call voting by **Aleksander Zięba, Chair**.*

No questions.

Roll call results

Bodies present: 22
Bodies voted: 19

I. *Financial Report 2023 - 2024*

19 votes in favour, 0 votes against, 0 abstention.
The prytanium gives a positive recommendation to the Agora.

II. *Updated Budget 2024 - 2025*

19 votes in favour, 0 votes against, 0 abstention.
The prytanium gives a positive recommendation to the Agora.

III. *Intermediate Financial Report 2024 - 2025*

19 votes in favour, 0 votes against, 0 abstention.
The prytanium gives a positive recommendation to the Agora.

Prytanium ends at 12:02 CET.

CLOSING PLENARY, 3RD OF NOVEMBER 2024

Chair: *Martyna Zapalska, Aleksander Zięba*
Secretary: *David Mediavilla Aller*
Juridical Commission: *Zofia Wójcicka*

Plenary starts at 16:30 CET.

Introduction to the session by ***Aleksander Zięba, Chair****.*

Presentation of prytania results (V)

Prytanium V-A:
Presentation of Prytanium V-A by ***Geert Touw, Chair Team****.*

Geert Touw, Chair: There was a question for JC because they were not present at the session.
Zofia Wójcicka, Juridical Commission: Do you want me to answer now?
Aleksander Zięba, Chair: If you can answer now as it happened during the prytanium and we are waiting for it.
Zofia Wójcicka, Juridical Commission: Could you please repeat the question again? I didn't hear.
Geert Touw, Chair: The question was: someone wanted to know if an Antenna that is up to downgrade can request to be up for deletion?
Zofia Wójcicka, Juridical Commission: I'll answer the question so everyone will know what was it about even if they didn't attend the prytanium. There is a custom that if there is a Local that is officially in the downgrading list but unofficially they say that they want to be deleted, and there are valid reasons for that, in that case a member of the Agora can request it. Then, the Network Director can accept it. In this case, the Local can go to deletion. It's a long standing custom. The last case was Spring Agora Eschede 2023, and it was the case of AEGEE-Messina.
Aleksander Zięba, Chair: Thank you for the question and for the answer. Geert, if you can proceed with the rest of your presentation.

Continuation of the presentation by ***Geert Touw, Chair Team****.*

No questions.

Prytanium V-B:
*Presentation of Prytanium V-B by **Martyna Zapalska, Chair**.*

No questions.

Prytanium V-C:
*Presentation of Prytanium V-C by **Aleksander Zięba, Chair.***

Aleksander Zięba, Chair: Are there any questions to this? We have three questions. The first one is from Teddy.

Teddy van Amelsvoort, Human Resources Committee: I have a question for the Audit Commission. I don't know if they are here. I was wondering how confident they can be in their positive recommendation of the Interim Financial Report, because they mentioned in their letter that they could not check everything. So, how confident can they be about the quality of the finances?
Aleksander Zięba, Chair: Thank you for your question. I do not see anyone from the Audit Commission present in the plenary, so I do not believe this question can be answered now. There is a direct from Eren.
Eren Geçkin, Comité Directeur: Maybe I can answer for them. They say they couldn't check everything on the report, but everything they had a recommendation on, it's fixed from our side. They also saw that. That's why I can say we can be confident about the positive recommendation. And we have follow-up checks after the first one as well.
Aleksander Zięba, Chair: Thank you for this answer. If the question was not answered sufficiently, I suggest you contact the Audit Commission directly. You had a second question, Teddy, but I see that you were not present in any of the prytania so I don't think you should be able to ask anymore questions for now. If this is not correct, you can say that in the chat. In the meantime, we will move on to Florina.

Florina-Marieta Neagu, Y Vote: My question is to Eren. Because I saw the budget for this year, so the current budget. You have some projects that have been submitted, for example Y Vote. If Y Vote 2025 will be approved, there's no budget assigned to it. So, I was wondering will the donations from the previous projects be used for the next project or what is the allocated money there.
Eren Geçkin, Comité Directeur: I think I was also there when we were discussing this in the meeting. So, I also stated that those funds will be used for the project this year. But we can have a follow-up meeting.
Aleksander Zięba, Chair: Thank you for the answer. I see it answers the question.

Teddy van Amelsvoort, Human Resources Committee *(in the meeting chat)***:** I was not present at the prytanium due to another obligation, and therefore could not ask a question. But I think my question is valid for delegates voting on it, therefore I recommend reaching out to Audit for clarification before voting. The Financial Director cannot answer on behalf of the Audit.

Aleksander Zięba, Chair: Teddy, I see you comment now. According to the Working Format of the Agora, if your representatives were not able to join the prytanium you would have the opportunity to answer a question now. But, since you were the only envoy and you did not attend any of them, unfortunately we cannot allow other questions. So, with that we conclude with the prytania results presentation, and we will move on to the next item in the agenda, which is JC announcement of voting results.

JC announcement of voting results

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

[Details of all voting results can be found on aegee.org/vote or here.]

Other votings - Activity Reports:

*Activity Report of Bridges of Dialogue Working Group is **accepted** by the Agora.*
*Activity Report of Digital Culture Working Group is **accepted** by the Agora.*
*Activity Report of Eco-Responsible Society Working Group is **accepted** by the Agora.*

Other votings - Activity Plans:

*Activity Plan of Bridges of Dialogue Working Group is **accepted** by the Agora.*
*Activity Plan of Digital Culture Working Group is **accepted** by the Agora.*
*Activity Plan of Eco-Responsible Society Working Group is **accepted** by the Agora.*
*Activity Plan of CD62 is **accepted** by the Agora.*

Other votings - Strategic Matters:

*Final Action Agenda 2023 - 2024 Fulfilment is **accepted** by the Agora.*
*Interim Action Agenda 2024 - 2025 Fulfilment is **accepted** by the Agora.*
*Interim Strategic Plan 2023 - 2026 Fulfilment is **accepted** by the Agora.*

No questions.

JC announcement of voting

*Presentation by **Zofia Wójcicka, Juridical Commission**.*

Aleksander Zięba, Chair: I see one question from Teddy.

Teddy van Amelsvoort, Human Resources Committee: I think it's a question, or an objection. Even if you don't allow my question, I think delegates should know from Audit

whether or not they could recommend the finances, because now they are voting on it. Regardless if I was at the session or not. And, I want to hear from Audit.

Aleksander Zięba, Chair: Audit is not here, so I cannot allow them to speak up. I cannot make them magically appear here. So I think the best course of action is to contact Audit via email. I do not believe it is doable before the vote. So if there's any objection to it from the delegates, we might think about that. But for now, the voting has been announced. So, we will proceed with the voting. There's a direct from Eren.

Eren Geçkin, Comité Directeur: Audit checks everything they should check at the right time, so two weeks before Agora. So, I kind of didn't understand. And, I would also suggest having trust in the people that are working on this. Everything happened on time and they checked what they should have checked. And, I'm not speaking on behalf of Audit, I'm just saying this because they are not here.

Aleksander Zięba, Chair: Thank you for the direct, Eren. We will now suspend the plenary for voting. For the next fourteen minutes. Until 16:35 CET, as it was requested yesterday, we will proceed with the same idea today.

Plenary is suspended at 16:21 CET.
Plenary is back in session at 16:35 CET.

Aleksander Zięba, Chair: Okay, it is 16:35. It is time to go back to the plenary. We will now proceed with the Network Status Update. Eliise, please

Network Status Update

Presentation by **Eliise Haljas, Comité Directeur***.*

> *<u>Network Status as of before Autumn Agora Online 2024:</u>*
> *There are in total 101 Locals, of which 81 Antennae and 20 Contact Antennae, and 4 Contacts.*
>
> *<u>Antennae to be downgraded to Contact Antennae:</u>*
> *AEGEE-Las Palmas, AEGEE-Paris, AEGEE-Plzeň, AEGEE-Roma, AEGEE-Rotterdam, AEGEE-Sankt-Peterburg, AEGEE-Verona*
>
> *<u>Contact Antennae to be deleted:</u>*
> *AEGEE-Angers, AEGEE-Genova, AEGEE-Isparta*
>
> *<u>Network Status as of after Autumn Agora Online 2024:</u>*
> *There are in total 98 Locals, of which 74 Antennae and 24 Contact Antennae, and 4 Contacts.*

Aleksander Zięba, Chair: Thank you, Eliise. As you might know, the Network Status update needs to be ratified. So I'm asking now: are there any objections to ratifying the Network Status Update by acclamation?

No objections.

Aleksander Zięba, Chair: I see no objections. Then Agora please, ratify

Agora ratifies the Network Status Update by acclamation.

Signing of Twin Contract by AEGEE-Delft and AEGEE-Passau

*Presentation by **Piotr van Dijk, AEGEE-Delft**.*

Aleksander Zięba, Chair: Thank you, Piotr, for your presentation. Are there any questions about this presentation? There's one question from Yuri.

Yuri van Ingen, AEGEE-Leiden: I was wondering whether you also have a cute shipname like 'heidelmegen'?
Piotr van Dijk, AEGEE-Delft: No, sadly not. But, it is maybe a project to work on this year. I think we will think about it. We will definitely discuss it for sure at our Christmas dinner. Maybe after one or two drinks it will be a lot easier to come up with something.
Aleksander Zięba, Chair: Thank you for the answer. As the signing will take place in the background, I would still ask you to show some appreciation to AEGEE-Passau and AEGEE-Delft, for their becoming twins.

Signing of the Twin Antennae Contract between AEGEE-Delft and AEGEE-Passau.

Aleksander Zięba, Chair: We will move on to the next item in the agenda which is the Europe on Track 11 presentation.

Presentation of Europe on Track 11

*Presentation by **Letizia Lucchi, Europe on Track Project.***

No questions.

Presentation of Y Vote 2025

*Presentation by **Zsófia Napsugár Balla, AEGEE-Berlin**.*

No questions.

Presentation of AEGEE Day 2025

*Presentation by **Eliise Haljas, Comité Directeur**.*

No questions.

Ratification of AEGEE-Europe Projects

Aleksander Zięba, Chair: Those three items are projects of AEGEE-Europe, the signing of the contracts needs to be ratified. We will go one by one. The first one will be Europe on Track 11. Are there any objections to ratify by acclamation?

No objections.

Aleksander Zięba, Chair: Agora please, ratify.

Agora ratifies the project Europe On Track 11 by acclamation.

Aleksander Zięba, Chair: Thank you for the reactions. Europe on Track is ratified and will be signing the contract, congratulations to the project team and good luck with the implementation of the eleventh edition of Europe on Track. Let's move on to the next project which is Y Vote. Are there any objections to ratifying Y Vote by acclamation?

No objections.

Aleksander Zięba, Chair: Then Agora please, ratify.

Agora ratifies the project Y Vote 2025 by acclamation.

Aleksander Zięba, Chair: Thank you very much. Y Vote 2025 will be signing the contract as well, congratulations to the project team, again. And good luck with the implementation of the next edition of Y Vote. Now we will move on to AEGEE Day, it also needs to be ratified. Are there any objections to ratify by acclamation?

No objections.

Aleksander Zięba, Chair: Agora please, ratify using the reactions.

Agora ratifies the project AEGEE Day 2025 by acclamation.

Aleksander Zięba, Chair: Congratulations to the AEGEE Day project as well, and good luck with the implementation. And with this we are ready to move on to the next item of the Agenda.

Presentation of EPM İstanbul 2025

*Presentation by **Furkan Gümüş, AEGEE-İstanbul.***

No questions.

Presentation of Spring Agora Bilbao 2025

*Presentation by **Nicolás Pizarro, AEGEE-Bilbao**.*

Martyna Zapalska, Chair: Do we have any questions about what was just presented about Spring Agora Bilbao 2025? We have one question from Frederik.

Frederik Hansen, AEGEE-Aachen: I want to note it down in my calendar. Do we know when the dates will be published?
Nicolás Pizarro, AEGEE-Bilbao: Jan, do you want to answer? Or should I? The dates will be from the 22nd to the 27th of April. And I think you will receive an email tonight to confirm this for all the Network.
Frederik Hansen, AEGEE-Aachen: Sounds great. Thank you very much. I'm looking forward to it.
Martyna Zapalska, Chair: Thank you very much for the question and for the presentation. With that we will move on to the next item in the agenda which is the Strategic Planning Meeting in Delft.

Presentation of SPM Delft 2025

*Presentation by **Jirri van den Bos, AEGEE-Delft**.*

No questions.

Announcement of Autumn Agora 2025

Jan Jankowski, Comité Directeur: We created an extended call for the hosting Local of Autumn Agora 2025. We got one application on the 14th of October. At that point, we understood that it's only two weeks before the Agora, but we want to review the

application in a well-mannered way. We want to communicate with the Local who proposed the application in a good way, and when we were in the process of reviewing, we understood that we will not be able to make a decision before the Autumn Agora 2024. So, unfortunately, we are very sorry, but we are not able to announce to you yet the hosting Local of Autumn Agora 2025. That decision will most probably happen in November, so we'll be informing you after the Agora. We're extremely sorry and we took our lesson to never have a deadline so close to the Agora, knowing that the Agora involves a lot of preparation, presentation and topics coming up. So we are very sorry for that, but I will keep you updated in November, and yes, once again, we are very sorry, the whole CD, but we're not able yet to announce the hosting Local.

Martyna Zapalska, Chair: Thank you, Jan. Do we have any questions to what was just announced? We have one question from Ann Kristin.

Ann Kristin Gildhoff, Liaison Officer: I just have one question: you said you are gonna announce the decision in November. However, in case this application gets rejected if there's no other application, how are you planning to proceed? When will we know if there will be a physical Agora?
Jan Jankowski, Comité Directeur: We are in touch with JC about how to proceed. Most probably, if we don't make the decision to choose that hosting Local in November, then we are going to announce an open call for hosting Local. Just as it was happening the previous year, if the hosting Local was not found one year prior to the event, then there was an extended call looking for one. You will be informed of all the processes, transparently, in November.
Martyna Zapalska, Chair: Ann Kristin says thank you in the chat, so I think that clarifies the question. That concludes the announcement of Autumn Agora 2025. And we move on to the next item of the Agenda and that is the presentation of the voting results.

Presentation of the voting results

*Presentation by **Zofia Wójcicka, Juridical Commission**.*
[Details of all voting results can be found on aegee.org/vote or here.]

Organisational Motions:
Suspending events, projects, activities, and case study trips in Russia and Belarus is **accepted** by the Agora.

Other votings - Policy Papers:
Policy paper on increasing youth participation in the democratic process and the impact of youth-led campaigns is **accepted** by the Agora.

Other votings - Financial Matters:

Final Financial Report 2023-2024 is **accepted** by the Agora.

Intermediate Financial Report 2024-2025 is **accepted** by the Agora.

Updated Budget 2024-2025 is **accepted** by the Agora.

No questions.

Closing speech by the President of AEGEE-Europe

Leon Vreling, Comité Directeur:

Dear AEGEEans,

It was only a bit more than 72 hours ago that I was also presenting to you on the metaphoric stage, and welcoming you on behalf of Comité Directeur 62 to this online Autumn Agora. During these 72 hours, many things happened. You have given your input, participated in discussions, and let your at times critical, but always constructive voice be heard. I would like to hereby thank all of you, delegates, envoys, and the observer from Veszprém, for your active contributions to the future of our organisation. Your input is especially appreciated to the many progress meetings that were held during this Agora, about the future of our identity, our communications, and our HR strategy.

There have also been many workshops during these 72 hours. I hope that the people that had the opportunity to attend these sessions learned some new skills; how to become a digital activist or an active bystander, how to spot fake news, and how to use technologies more fairly to close the digital gender divide. With these workshops, I hope you feel more prepared to join the digital workforce, and advocate for more sustainable and inclusive economic practices.

I hope you have become inspired by the stories from the past; success stories from AEGEEans that came before you, what the past can tell us in an ever changing digital world, and stories of previous birthday celebrations that have been organised. This throwback to the past gives great insights in preparation for our big celebration in a few months, the moment that we as an organisation are celebrating 40 years since our founding in 1985.

All these sessions would not have been possible without the various parts of our Network organising them. A big thank you to Europe on Track 10, the Safe Person Committee, Digital Culture Working Group, and Les Anciens, Gunnar and Pavel for their contributions to the thematic content of this Agora.

Of course, the Agora is only a very short period in a year. Therefore, I feel this is also a good moment to thank all bodies that support our organisation throughout the year in general, and not only the ones I already mentioned before so, a thank you to:

The Audit Commission, Data Privacy Commission, Mediation Commission, and Network Commission;

The Communications Committee, Events Quality Assurance Committee, Fundraising Committee, Human Resources Committee, Information Technology Committee, Safe Person Committee, Strategy Committee, Sustainability

Committee, and Training Committee for your continuous support to not only us as CD, but to the entire Network in all the tasks that you are performing.
The Bridges of Dialogue Working Group, Digital Culture Working Group, and Eco-Responsible Society Working Group, for your continued dedication to our Focus Areas, and your efforts in creating sessions and materials to educate not only our members, but also young Europeans outside of our organisation on these important topics.
The Policy Office and the Liaison Officers, for amplifying the voice of young people to externals, and starting collaborations and maintaining these connections with key partners.
The Excel Interest Group, Meme Interest Group, and Social Equity Interest Group, for your dedication to your individual topics, which you are always more than happy to share with all the members of our organisation.
The Summer University Coordination Team, and AEGEE Day, Europe on Track 10 & 11 and Y Vote project teams, for all their hard work and the many activities they are or will be organising all around Europe, to bring us closer together as a Network and strive for common goals.
The Knowledge Management System Editors, for their continued work on ensuring all data is correctly stored and accessible to our members, and for ensuring everyone knows where to find all relevant information for this Agora.
Our Secretariat members, Katerina and Diana, who support us full time in the office with our projects, fundraising and alumni relations.
And lastly, also thank you to CD61 for your dedication the past year, all the knowledge you have given to us, and your sweet surprises being delivered to our front door.
I am talking to you now, but these words are not only coming from me, but from all of us as Comité Directeur 62. Eren, Eliise, Daria, Jan, thank you for your hard work, dedication, evening Taylor Swift working sessions in the office and general positive energy you have contributed the past three months. I am looking forward to what the next 9 months will bring us, but above all excited for Eren to come to Brussels on Wednesday, and our team bonding trip we have planned to Amsterdam next week. We should remember that despite all the hard work and Operating Grant deadlines, we should also take some moments to calm down, come together, and enjoy everything that this special year has to offer us.
For the keen listeners, and I know most of you are tired after these intense 72 hours, you might have noticed that I have still left out two bodies, who receive a special moment of thank you.
A very big thank you to Zosia from the Juridical Commission, for being the lone representative on behalf of the JC during this Agora, and I really needed to be present in three different Zoom meetings at the same time. I really appreciate that you have put up with my many questions over the past months, about my proposed 18 pages of statutes and CIA changes, and many unknowns surrounding lawyers and notaries that might or might not be present during sessions. During these busy periods, you always managed to find a time to check up on how I was personally doing, which I really appreciate.

Then, last but certainly not least, the final body left is the Chair Team. Martyna, Alek, and Job Shadowers, Geert and David, thank you for all the work that you have put in before this Agora, either in the coordination meetings we had, the preparation sessions organised for delegates or the reminders about topics that we forgot to request as CD. This Agora would not have been possible without your eye to detail and hard work. Even without the IT of the Agora present in your team, I think you can be happy with all the technical things you pulled off this weekend. I wish you all the best with working on the minutes of this Agora, while I will be busy working on all your technical features you requested from me during my office hours.

Then with this, I think I have said the word thank you already too many times in the past 5 minutes, so I will use it only one final time.

Thank you all for this wonderful Agora, and see you somewhere in Europe, hopefully already at the EPM in İstanbul or the Spring Agora in Bilbao, or latest right before the summer at the SPM in Delft.

Thank you.

Closing speech by the Juridical Commission

Zofia Wójcicka, Juridical Commission:

Okay, for the last time, good evening again. It won't be, that's beautifully said, because I don't have it written down, but I will try to deliver it as best I can.

So, first I would like to thank my team, JC team, because you don't see them here, but they were working backstage, especially during preparation for the Agora. So Sara, Jovan, Wouter, thank you so much, guys.

Okay, I really want to thank KMS Editors, that the KMS exists, because it really helped me with presentations, what kind of voting we have. It made my life much easier, really, so thank you guys.

And I would like to thank you, every member of this Agora, that you were understanding and patient when it comes to our lovely system. I know sometimes it was hard, sometimes it was a bit better. I promise that for the next Agora, it will be better. And also, when I'm talking about the system, I would really like to thank George, he is the website administrator of our JC system, he sacrificed his free time for fixing our problems with the system sometimes during the night. So, really thank you for that.

And the last two Bodies that I would like to thank, it's of course, Chair Team and CD. Guys, I'm glad that you were the ones with me on my first Agora as a President of JC, where there were a lot of new things for me but the atmosphere during preparation for the Agora and during Agora itself was amazing and thank you for that, I learned a lot with you. And that's all, just thanks again.

Closing speech by the Chairperson of the Agora

Martyna Zapalska, Chair:

Dear Agora,

Every beginning comes with an end and so after 4 days full of sessions, we have come to the last minutes of Autumn Agora Online 2024.

Whether online or live, Agora always brings forward discussions, ideas and possibilities for change. I hope that you managed to feel the spirit of the Agora, if not by participating in the plenaries and parallel slots, then by seeing familiar faces pop up on your screen from time to time. Thank you for speaking up, empowering each other and creating an inclusive environment inside and outside of our organisation, as well as renaming yourselves for a 100th time each time that we asked you to.

Believe it or not, but an online Agora can also have helpers, thank you to the people that lend us additional laptops so that we can present for you during plenaries, thank you to all of the people who allowed us to host the Agora with their Zoom accounts and thank you to all of the help from KMS Editors on the platform.

I would also like to thank the Comité Directeur for working with us in the last few months. Thank you, Jan, for all of your efforts to coordinate the whole process.

Then, thank you to the Juridical Commission for all of your legal assistance and expertise.

As always, last but not least, to my dear Chair Team:

- David and Geert, thank you for all of your hard work as Job Shadowers, your proactiveness and keeping up with all of the tasks. I am really happy I had the opportunity to meet you and I hope we will be able to work together more in the future.
- Alek, the Vice-Chairperson of the Agora, from the bottom of my heart, thank you. Thank you for every single call, thank you for every single message and every single word that we exchanged while working on this Agora. It's not our first time working together, and it will clearly not be the last, but I hope you know how much I value you not only as an "AEGEE co-worker" but as a friend as well. Congratulations on becoming Agora-elected and as always, I'm looking forward to our future together.

Usually, this speech would conclude the Chairperson's term, however, I am not leaving the position just yet so I will also use this moment to say thank you for trusting me with the next Agorae and congratulations to all people elected at this Agora.

See you soon - in İstanbul, in Bilbao, in Delft or simply somewhere in Europe.

Thank you.

Closing of the Agora

Martyna Zapalska, Chairperson of the Agora, *officially closes the Autumn Agora Online 2024 at 18:41 CET.*
